Low-Bush Blueberry

Commonly called
Huckleberry

Actual Photograph

A Rare Delicacy

Who doesn't like Blueberry pie—delicious, juicy, and rich? Here's an unusual opportunity to obtain some prized Blueberry plants for your own garden. They do well on any fairly rich well-drained soil, preferring some acid and plenty of nitrogen.

Bushes are loaded with fine fruit the second year after planting, and bear indefinitely, year in, year out.

DON'T MISS OUR BIG GIFT OFFER.

Prices: 2-year bushes, 2 for \$1.00; 4 for \$1.75; 8 for \$3.00; 12 for \$5.00; 18 for \$7.00; 25 for \$9.00.

Big Gift Planting of Blueberry Plants *Free with Early Cash Orders*

To every customer who sends us an order before April 1st, 1936, accompanied by cash in full at regular catalog rates, and who in addition sends us the names and addresses of six fruit growers, or those really interested in purchasing nursery stock, we will send absolutely free the following number of Blueberry plants:

- 2 Blueberry plants, (priced at \$1.00), free with cash orders between \$1.00 and \$3.00.
- 4 Blueberry plants (priced at \$1.75), free with cash orders between \$3.00 and \$5.00.
- 8 Blueberry plants (priced at \$3.00), free with cash orders between \$5.00 and \$10.00.
- 12 Blueberry plants (priced at \$5.00), free with cash orders between \$10.00 and \$15.00.
- 18 Blueberry plants (priced at \$7.00), free with cash orders between \$15.00 and \$25.00.
- 25 Blueberry plants (priced at \$9.00), free with cash orders amounting to \$25.00 or more.

Be sure to send the six names and addresses with your order. The gift positively will not be sent unless customer complies with this condition. This offer open until April 1st, 1936, only. Our supply of Blueberry plants is too limited to make this offer effective after April 1st. On all cash orders received after April 1st, when accompanied by six names referred to, we will include the Blueberry plants if still available; but if not, we will include additional nursery stock of our own selection as to variety and value, absolutely free of charge.

No special bargain collections are included in this free plant offer, nor cash orders where a special reduced price has been quoted.

CERTIFICATE OF NURSERY INSPECTION

Michigan State Department of Agriculture, Orchard and Nursery Inspection, No. 5429.

This is to certify that the Nursery Stock of The Whitten-Ackerman Nurseries, Bridgman, Mich., has been examined and found to be apparently free from dangerous insects and dangerously contagious tree and plant disease. Fee paid \$28.50.

Lansing, Michigan. August 29, 1935. James F. Tomson, Commissioner. Bureau of Agricultural Industry, A. C. Carton, Director. E. C. Mandenberg, in charge of Orchard and Nursery Inspections.

We Grow because we give you Big Values

100,000 Satisfied Customers—In Every State in the Union Plant Our Hardy Stock—the Reasons are Simple

100,000
Satisfied
CUSTOMERS
Can not
be Wrong

So many customers cannot be wrong—they buy from us year after year, for they know our stock can be depended upon. Here are some of the reasons:

We sell only the best hardy, Northern grown stock at lowest possible prices.

We promise a fair and square deal to everyone—and make good our promise.

We ship stock subject to examination before payment.

WHY Can We Sell Fine Stock ? at Such Low Prices

Because

We sell direct from our catalog only— you have no agents' commission to pay.

We do not spend thousands of dollars on colored pictures in our catalog. We pass that saving on to you.

We purchase no large advertising space—we depend largely upon our friends and customers to advertise our stock; the bulk of our new business comes from unsolicited patrons recommended by our satisfied customers. This shows confidence in the Whitten-Ackerman Nurseries, on which we base our hope of future business.

The Whitten-Ackerman families have been in the nursery business for over fifty years. Our motto has always been, to give our customers big values; in other words, highest quality stock at the lowest possible price.

We have had a good growing season this year, therefore have been able to produce all small fruit plants much cheaper than we did last year. Following our usual policy, we are passing this saving on to our customers through lower price.

In looking over our catalog, you will find many real money-saving bargains. We wish to make clear that all stock in these bargains is the same High Quality stock offered at regular catalog rates. By placing your order with us, you will be sure of receiving plants, trees etc., that are first class, and up to grade in every respect—you will find no spindly stock or culls offered in this catalog. For your protection, buy direct from our nursery and be assured of a nice lot of stock, and a square deal in every way.

Note our extra discount for early orders as offered below. The money you save by ordering early, plus the satisfaction of having your needs reserved, should not be overlooked.

R. C. Whitten.

R. W. Ackerman.

We Aim to Tell You the Truth—We Are Farmers, Too, and Don't Try to Sell You Any Varieties We Ourselves Would Not Plant

No Cash Payment Before Shipment

You Examine Stock
Before You Pay.
This offer applies only
on orders amounting to
\$3.00 or more, for ship-
ment on or before April
25th, 1936.

We were the first nursery in this section of the country to adopt this unique selling plan, whereby it is possible for customers to make out your order at full prices listed in catalog, and instruct us to ship by C. O. D. Express or Parcel Post, subject to your examination by Express only, as the postal authorities do not permit examination of parcel post shipments.

Look over the shipment and see for yourself whether the stock is in good condition. If shipment is satisfactory, pay your express agent the amount due and the plants are yours—still covered by our guarantee. What could be more fair? We simply must furnish good nursery stock or we couldn't possibly afford to make this offer.

We would advise all small shipments sent by mail, and will send your order by Parcel Post C. O. D. for purchase price, plus postage, if you prefer. All such shipments are fully covered by our guarantee.

NOTICE: The above offer does not apply on orders amounting to less than \$3.00; on Special Bargain Collections; Special Quoted Prices; nor on any orders specifying shipment later than April 25th, 1936. Cash in full must accompany all orders under \$3.00, or those calling for shipments later than April 25th; but on such orders customers will be entitled to our cash discounts from regular catalog rates, as explained at the right. WE GUARANTEE SAFE ARRIVAL OF ALL SHIPMENTS MADE ON OR BEFORE MAY 25TH, 1936.

Order Early and Make a Big Saving

20% DISCOUNT on All Cash Orders received during January, 1936.

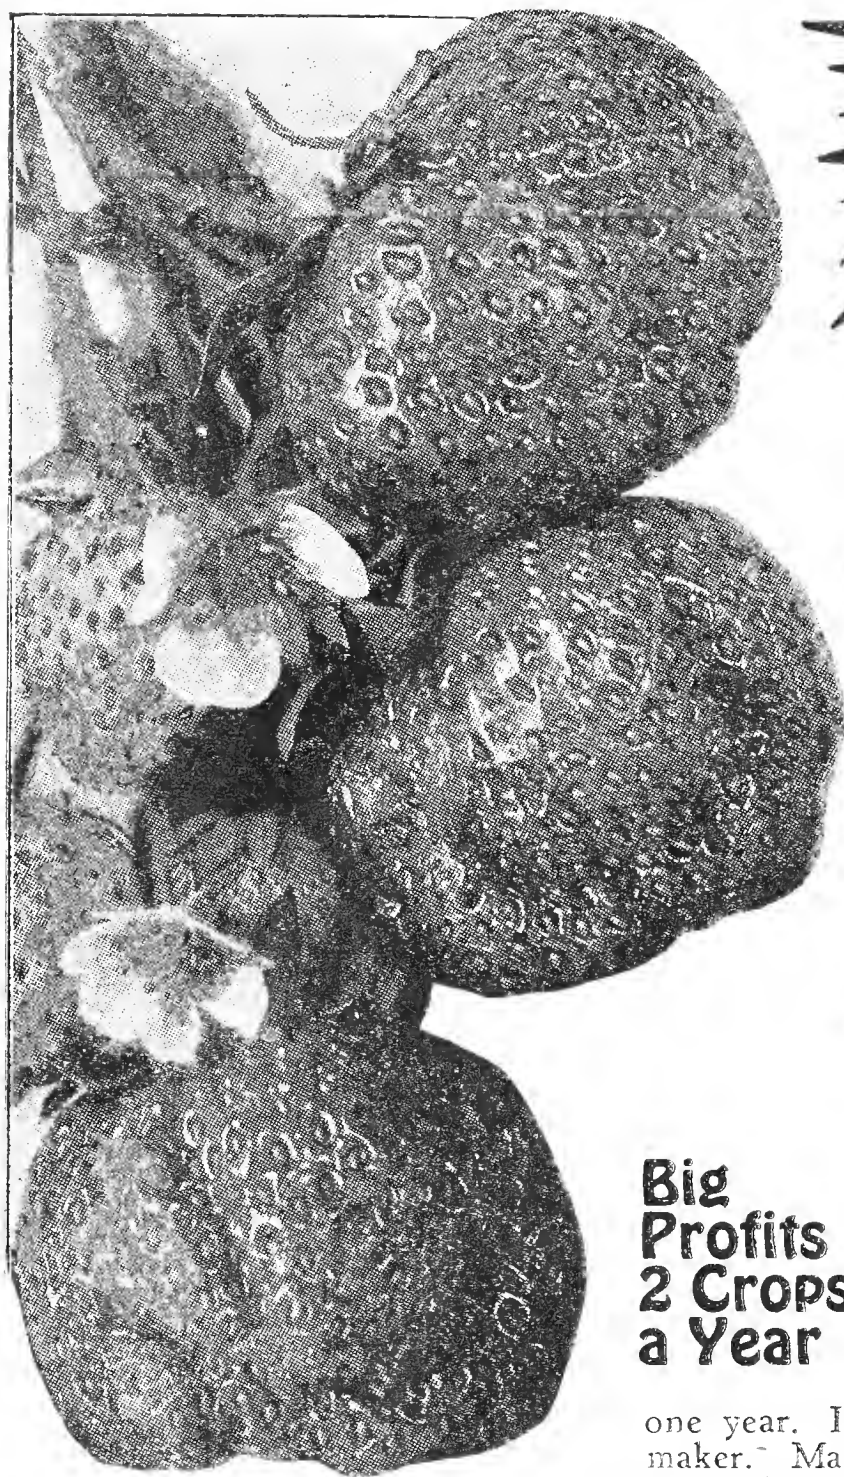

15% DISCOUNT on All Cash Orders received during February, 1936.

10% DISCOUNT on All Cash Orders received during the balance of 1936.

To those who wish to send all cash with order, we offer these special cash discounts from our regular printed prices (except on bargain offers and special quotations), applying on orders received for shipment any time during 1936. Order must be accompanied by cash in full to secure the benefit of these discounts. This is your opportunity to effect a material cash saving, especially on larger orders. Remember, we guarantee safe arrival of shipments made on or before May 25th, 1936. You take no chance whatever.

You may deduct the amount of the discount from your order, or include more stock for the amount.

SEE PAGES 26, 27, 35 AND 52 FOR SPECIAL BARGAIN OFFERS.

GEM

EVERBEARING STRAWBERRY

Our Faith in GEM

It is our belief that there never has been and probably never will be another Everbearing Strawberry that even approaches Gem in the qualities that make for perfection. In our opinion Gem is soon destined to become the most widely grown Everbearing Strawberry in America.

New!

Cash in the First Year

With WHITTEN-ACKERMAN GEM secured direct from the originator, Mr. Frank Keplinger. Discovered by him on his farm in North Central Michigan. Here's the berry you've been looking for! It's the biggest sensation in years.

Big Profits 2 Crops a Year

Plant this spring—pick all summer—you'll get back the price paid for the plants—and MOST IMPORTANT—A BIG PROFIT BE-SIDES. You'll harvest another fine crop the following June—two crops in one year. It's a wonderful plant maker. Makes a good row on any soil.

Actual Photograph Taken October
10th of Gem Berries Grown
On Our Own Farms

Finest Quality and Flavor

Berries are extra large, no small ones to bother with. Very firm, bright red all the way through. Ripen evenly, no green tips, and the flavor is the best you've ever tasted. Since the introduction of Mastodon, Gem is the only variety which surpasses it in all respects.

On account of the good growing season, we have now reduced our price so the grower can afford to plant for a commercial proposition. A Big Chance to Cash in the First Year.

Look!

ONE GEM PLANT on Sept. 16

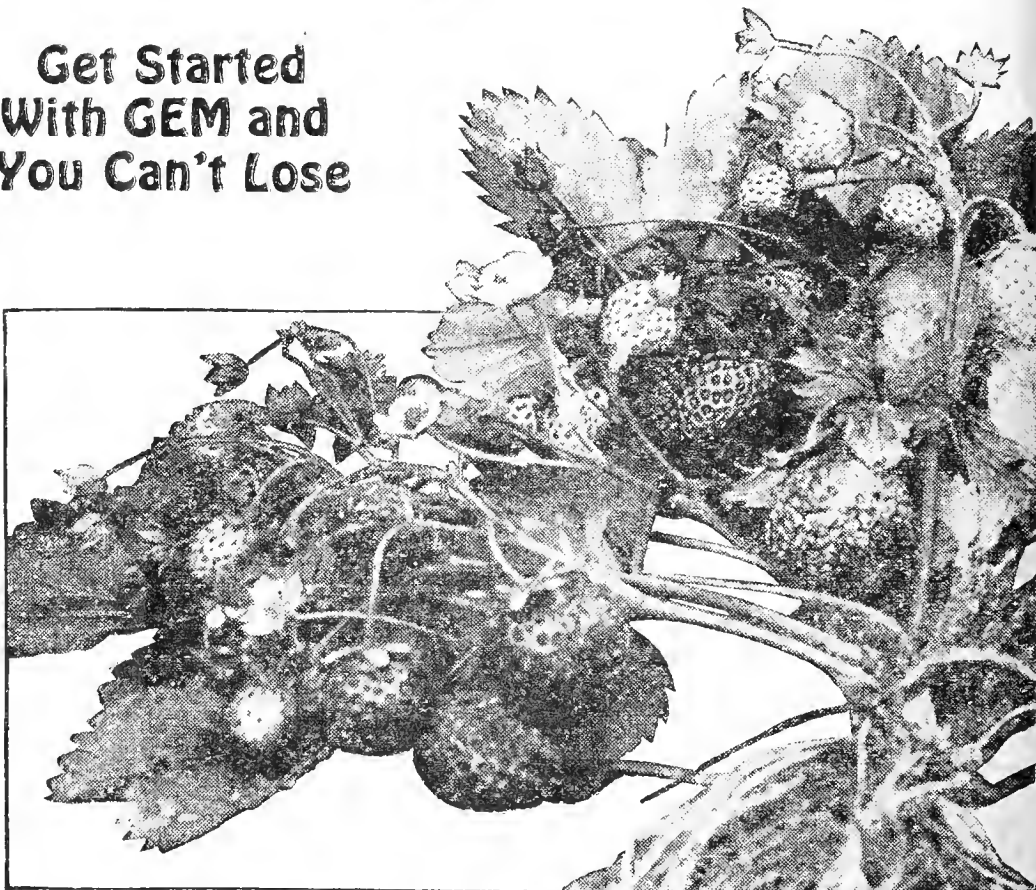

Loads of berries in all stages of ripening. Note the exceptionally vigorous growth. Very healthy, always free from disease. Drought resistant. GEM will produce more quarts of large, very fine berries than any other kind.

Everbearing Strawberries

Mastodon The Original Strain

Ripe Strawberries Ninety Days After Planting

—All Summer
All Fall

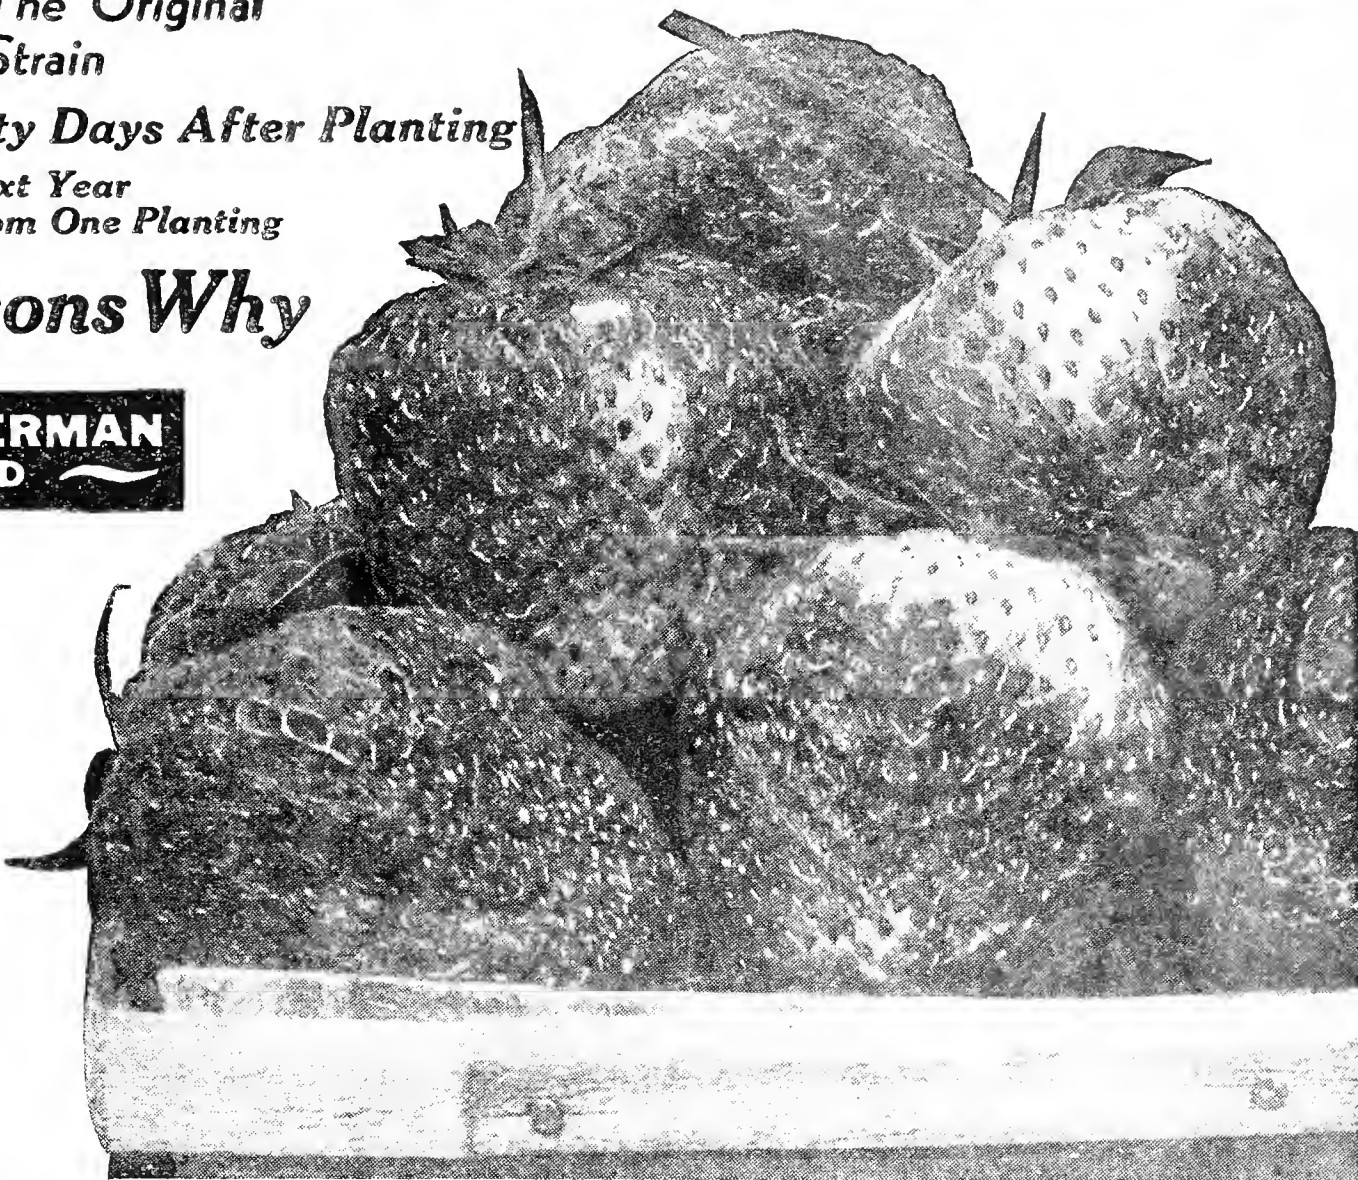

All Next Year
All From One Planting

Ten Good Reasons Why

WHITTEN - ACKERMAN
WAY - HEAD

MASTODON Plants Are Better

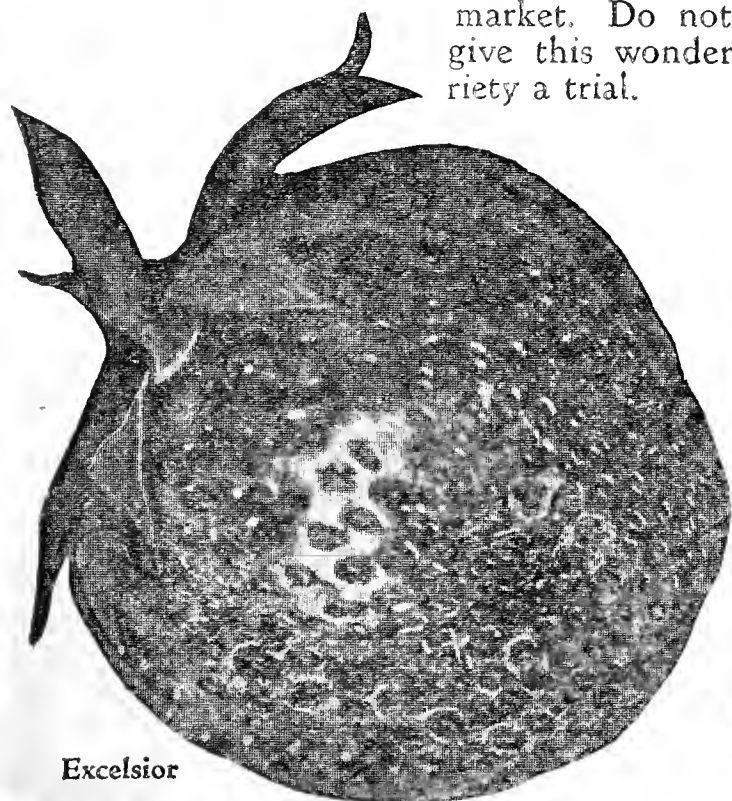

1. There is only one true Mastodon—the Introducer's original strain—we have it.
2. One of the largest everbearers grown.
3. Bears three crops from one planting.
4. Produces full crop in late autumn, when other kinds are out of season.
5. Grown easily with no special soil or culture.
6. Berries of large, uniform size from beginning to end of season.
7. Fruits continuously until freezing weather.
8. Withstands dry weather.
9. Bears full crop next spring after planting.
10. First ripe berries ninety days after planting.

EVERY MASTODON PLANT SOLD BY US bears our guarantee of genuineness and satisfaction. Do not be misled into paying fancy prices for this variety, but let us reserve yours now at one of the lowest prices available for true-to-name stock.

Excelsior

This new variety has been tried in Minnesota for a number of years, and proved entirely hardy. Has attractive, large, thrifty plants, which are loaded with large, perfectly shaped, bright red berries. Has come through most unfavorable weather conditions with a very satisfactory yield of fine fruit that brought excellent prices on the market. Do not fail to give this wonderful variety a trial.

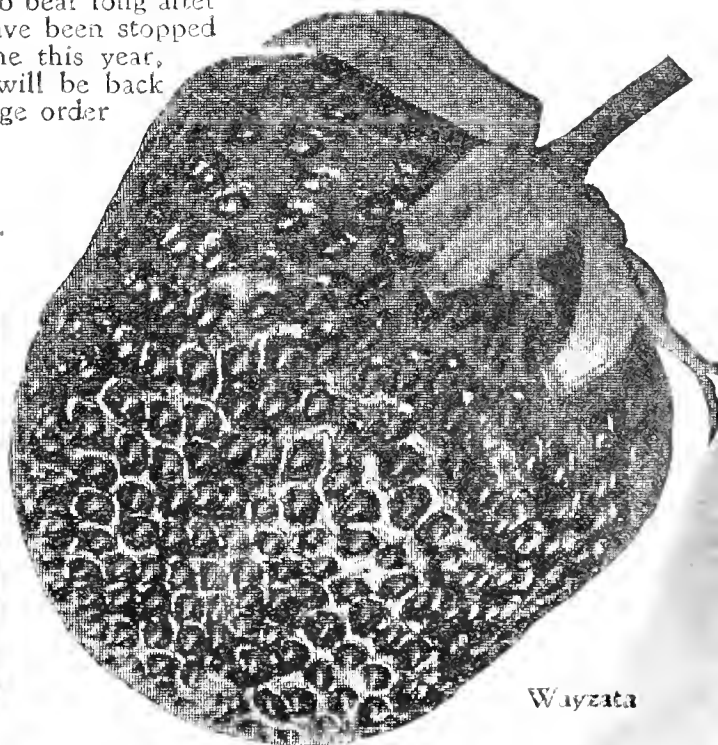

Excelsior

WAYZATA

A New Everbearer that is different. We might call it a real "Hill Berry" for the reason that it does not produce more than three to four runners to a plant. A decided advantage to the grower, as he does not have to remove first blossoms or runners. Each rooted crown set out this spring starts multiplying new crowns at once, until it has up to 20 or 25 crowns to a plant. It has ripe berries fully a month ahead of other everbearers. These plants are not affected by wet weather which usually ruins everbearers by hindering pollination.

Berries are extremely large, very dark red, delicious sugary flavor. Heavy producers, continuing to bear long after other everbearers have been stopped by frosts. Try some this year, and we know you will be back next year with a large order for Wayzata.

Proven New

Two Leading New Varieties **TRIED and TESTED—even Better than Premier**

Developed by U. S. Department of Agriculture. Both Dorsett and Fairfax far surpass in quality any varieties known to growers in this country. Flavor of the finest, coupled with the vigorous, healthy and productive growing habits, and the large, beautiful berries will undoubtedly make them the leading early Strawberries, even displacing Premier in many places. We have fruited both of these varieties, and find, without any exceptions, they are the best ever introduced. Will produce 500 crates to the acre under normal conditions.

**Large,
Bright Red**

Dorsett

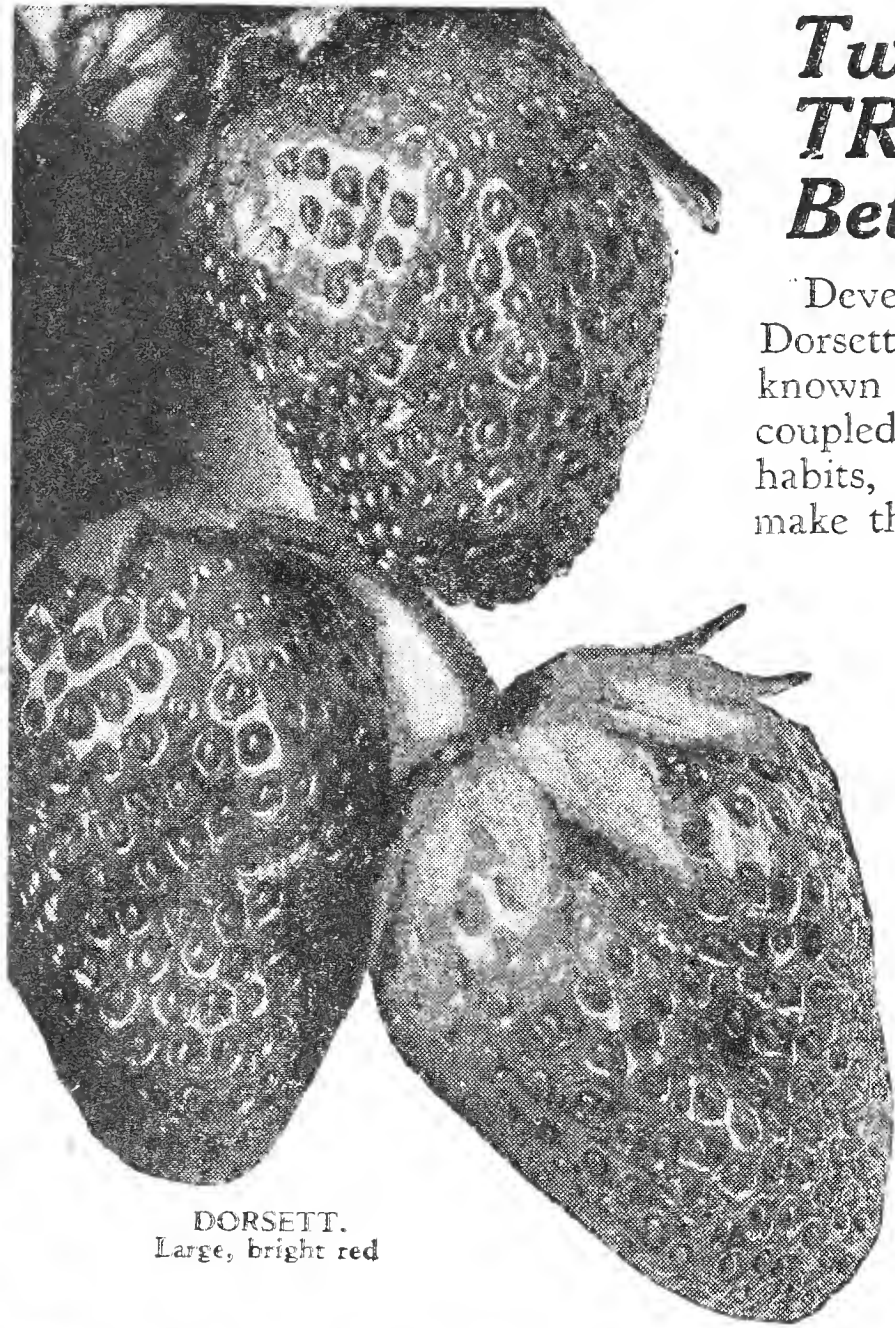

Berries are very firm—firmer than Premier, and are a beautiful light red in color. They hold this color well, and for this reason, together with their attractive shape and extra fine quality, will undoubtedly become the leading commercial variety. Commercial growers who have tested all kinds say that if they were limited to one variety, Dorsett would be their choice.

Plant Dorsett and Fairfax Now!

*You'll Find Them Real
Money-Makers*

EARLY AS PREMIER

Heavy producers. Vigorous, healthy plants, frost resistant. Extra good plant makers. Our planting stock was secured direct from the introducers, and you can be certain of obtaining guaranteed true-to-name plants from us.

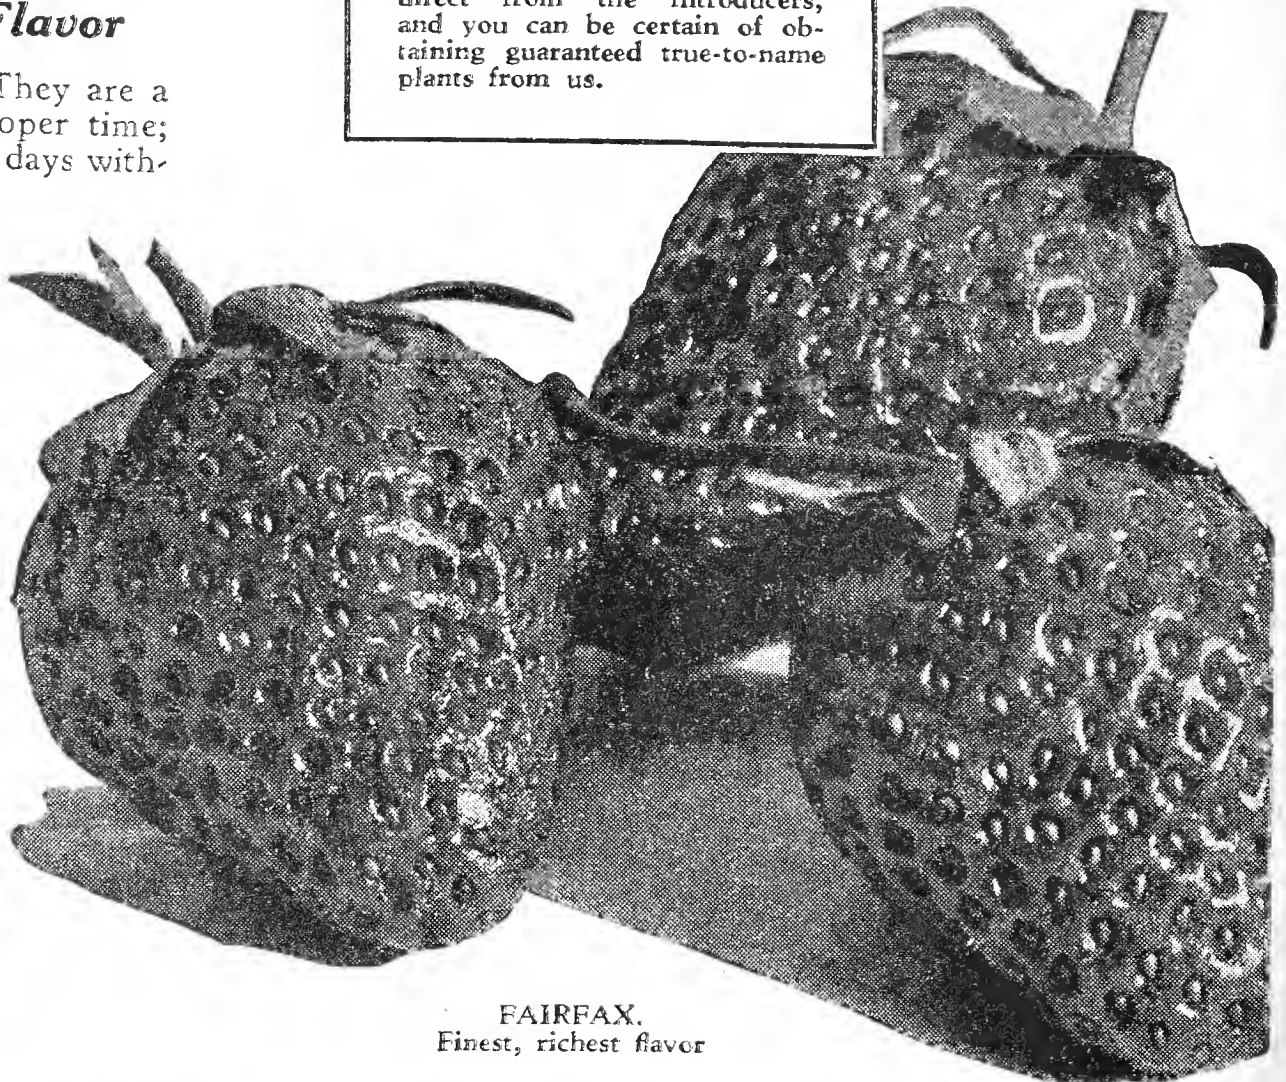

DORSETT.
Large, bright red

Fairfax

**Finest
Flavor**

Berries are exceptionally firm. They are a bright red when picked at the proper time; can be left on the vines for several days without picking and still be of good quality, solid and firm. If this is done, berries will be somewhat darker in color, which may be a disadvantage on the market, making Fairfax more of a home market and garden variety. However, some markets prefer a darker berry, especially when of such fine quality as Fairfax.

FAIRFAX.
Finest, richest flavor

Varieties~

McGowan's Seedling

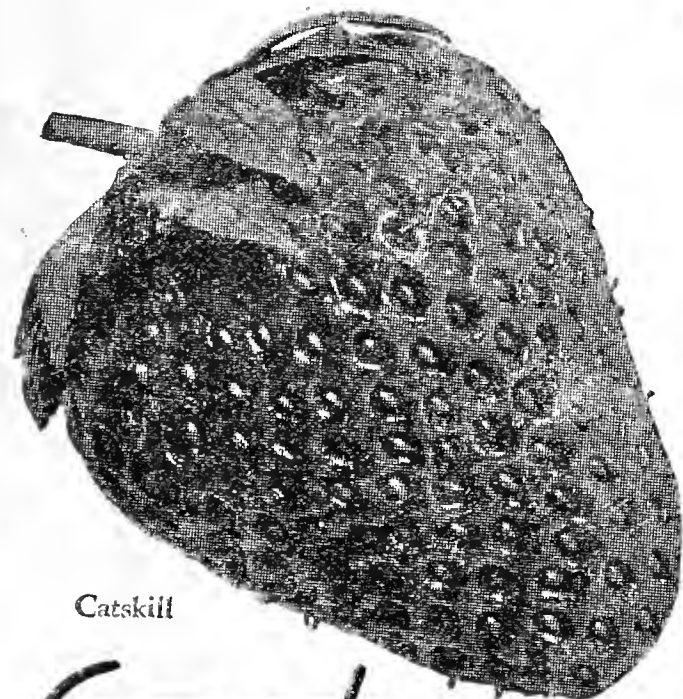

Best New Late.

In many sections of the United States a real late berry brings more money than an early variety. A fine berry to plant with Dorsett or Fairfax; begins to ripen after Dorsett are gone. Originated in Maine. We have thoroughly tested and fruited this new variety, and find it to be the best and largest late Strawberry. Firm, bright red fruit, fine, sweet flavor. Heavy cropper, good plant maker. Be sure to try this new variety.

Improved Moneymaker

The Best Midseason Variety.

Introduced by us in 1932 and proving a great success. Fruit stems are stiff and upright, holding fruit well off the ground, allowing the berries to ripen more evenly than other kinds. So firm it does not have to be picked as fast as other varieties, and still carries up to distant markets. Berries are bright red and of excellent flavor.

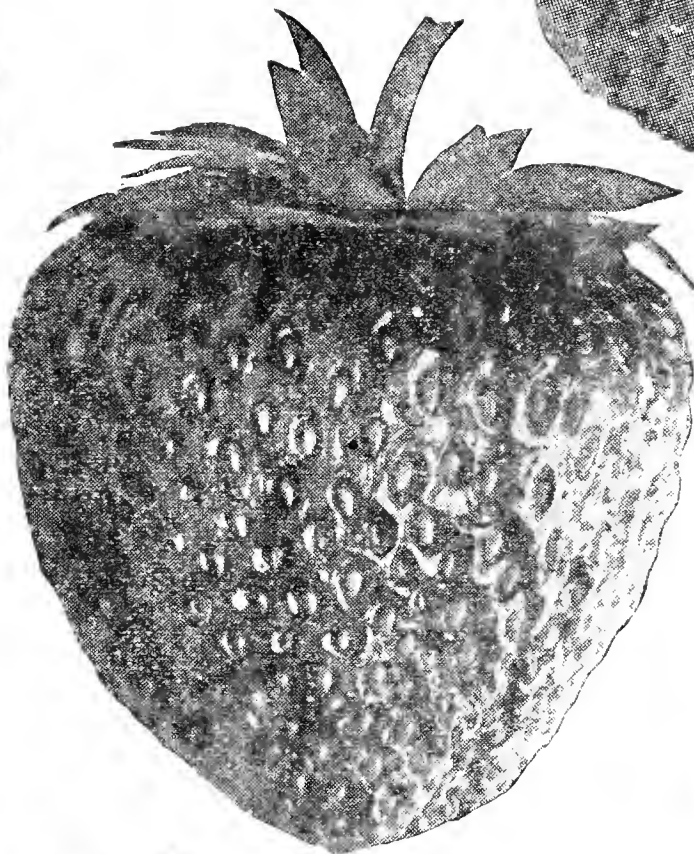

Catskill

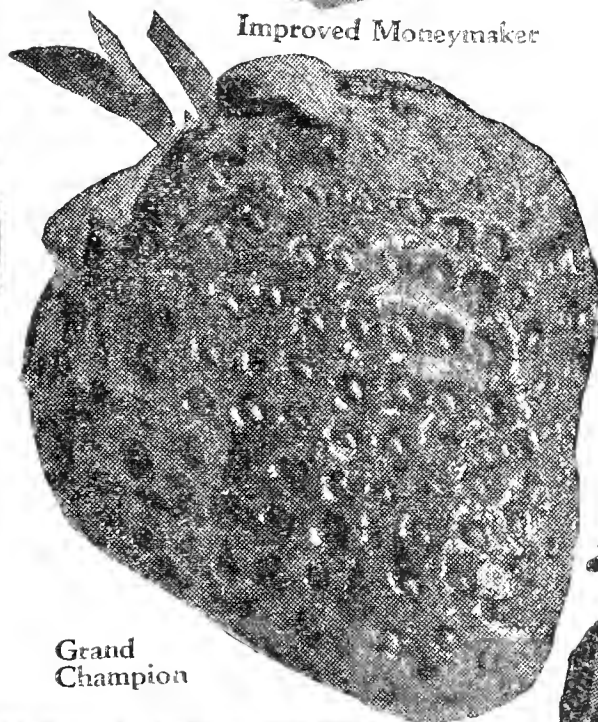

Grand Champion

Has An Exceptionally Long Fruiting Season.

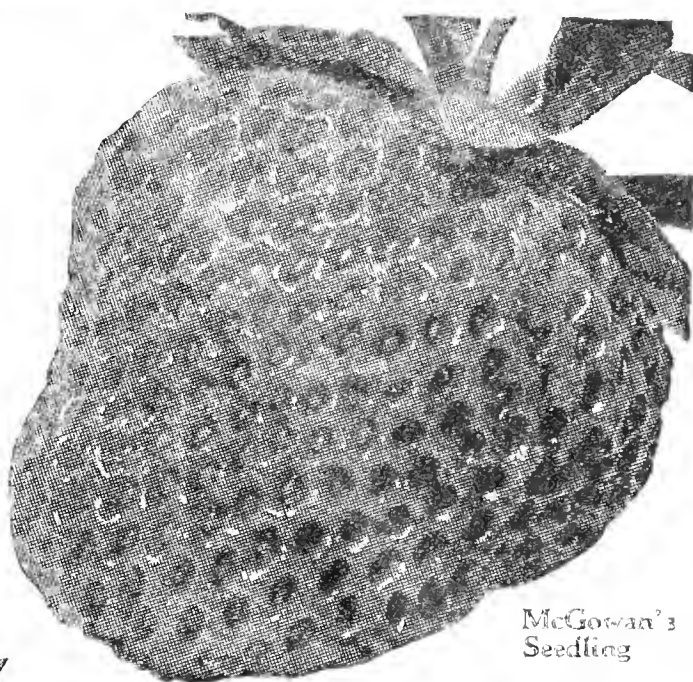

Very frost resistant, no crop failure on account of frosts. Heavy producer. Commences to ripen with Premier and produces fancy berries with the Pearl. Berries are very large in size, bright red, and have a fancy appearance. Plants are large, extra heavy, healthy foliage. Do not fail to try a few of these, you will be well repaid.

Improved Moneymaker

Grand Champion

McGowan's Seedling

Catskill

This new variety has been known to outyield the famous Dorsett and Fairfax. Makes a fine, vigorous plant growth. Fruit stems are thick and grow upright. Leaves are exceptionally large. Mid-season ripening. Good quality berries average about the size of Fairfax, and hold their size well to the end of the picking season. An origination of the New York Experiment Station.

Jumbo

A real Elephant in Size.

Very large, deliciously sweet, fine flavor. Bright red. Firm, ships well. Good plant maker. So drought resistant it came through the driest summers without losing a plant. Heavy foliage—not subject to leaf spot. Plant the Jumbo now, and you'll want more when you see the fine, extra large fruit. Ripens mid-season.

Old Favorites

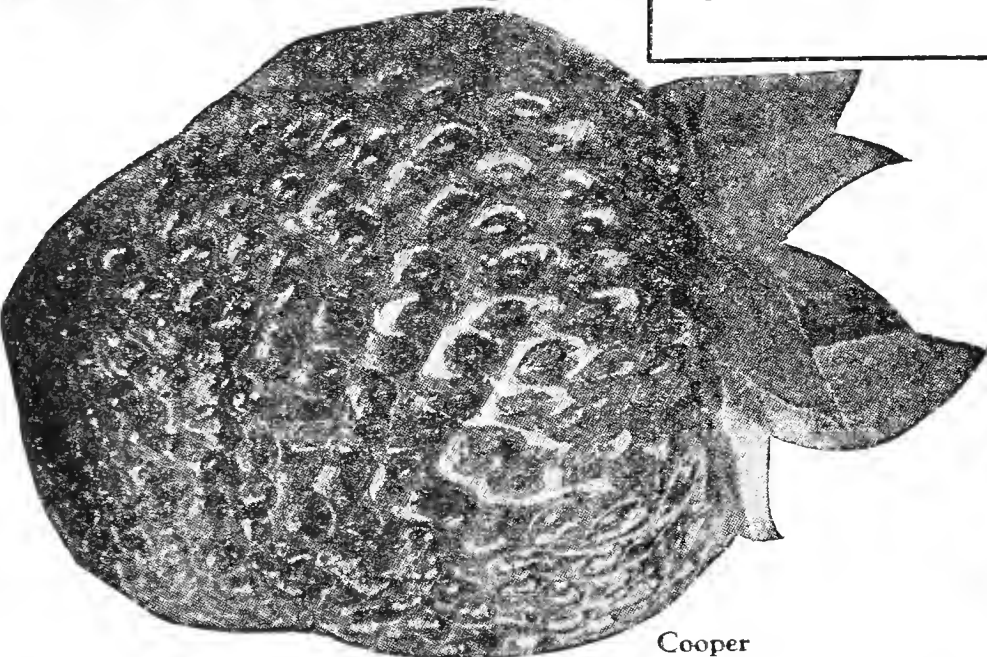

Aroma

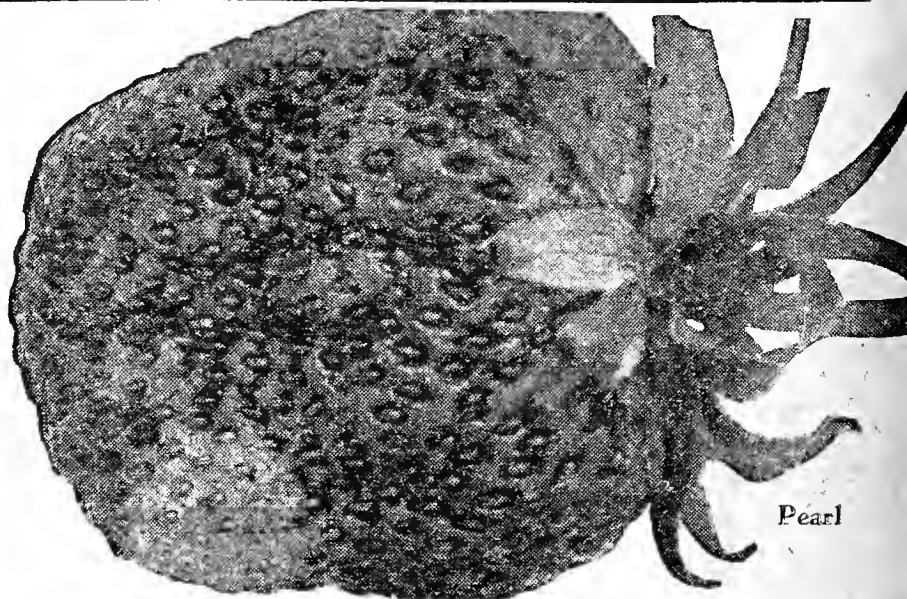

Senator
Dunlap

Blakemore

Cooper

Pearl

AROMA A good late variety and long considered the standard late market Strawberry. It is still grown extensively in all sections of the country, but is especially popular in the Southern States, where many fruit growers' associations plant Aroma exclusively. The berries are large, nearly round, and of firm texture, deep red in color and good flavor, making it ideal for shipping. Although good yields are sometimes produced on light ground, Aroma is at its best on the heavier soils.

COOPER Beyond question this variety yields the biggest Strawberries ever produced. The flavor of its fruit is delicious; often being compared to that of the wild Strawberry. Cooper produces its crop early in the season, and is especially adapted to fancy, local market trade, where its large size and attractive appearance result in quick sales at big prices.

SENATOR DUNLAP

This is one of the oldest varieties commonly planted today and never for a single season since its first appearance years ago, has it lost even the smallest part of its well earned popularity that has made it famous the world over. At the present time there are more Senator Dunlap being planted than ever before, proving conclusively that it is one of the surest, most dependable all-purpose Strawberries.

BEAVER A new Strawberry recently originated in Wisconsin, a cross between Dr. Burrill and Premier. Berries are of a deep glossy red all the way through. Hardy and frost resistant. Fruit is very firm and of such texture that it does not require picking more than twice a week. Good shipper. Ripens several days ahead of Premier.

BLAKEMORE Extra early, ripening same time as Beaver, and four or five days before Premier. Introduced by U. S. Department of Agriculture. A cross between Premier and Missionary. Strong, vigorous grower and extra good plant maker. Berries are bright red, and resemble Premier, although they are somewhat larger and of better color. Very firm and a good shipper. Excellent canner. Will undoubtedly take the place of Missionary and Klondike in the South, and will do well in the North anywhere Premier has been grown.

PEARL The latest Strawberry. Has large berries, which are dark red to the heart, of firm quality, and with a tough outer skin that gives them unusual firmness and keeping qualities. Berries possess a most delicate flavor. Pearl is a heavy and sure cropper. When it is in its prime, other varieties are off the market, and as it has the field to itself, the prices paid for Pearl are quite naturally the highest.

Preferred by Many **WHITTEN - ACKERMAN** AY HEAD

BEAUTY One of the best late Strawberries. Originated several years ago in Michigan. One of the strongest plant growers we know of, growing as tall as 15 inches, with extra large leaves. Fruit stalks grow upright, holding berries off the ground. Berries are large in size, dark red all the way through, very firm and remarkable keepers, making this berry one of the best for commercial planting, as it easily carries to distant markets. Does not require mulching, as it blooms late enough to escape all frosts.

GIBSON A midseason berry that should be included in every order. An unusually safe variety for commercial planting, inasmuch as it always produces a big crop of large, marketable berries, seeming to thrive in all sorts of soils and climates. This is a feature hard to find in Strawberries, and one that makes a variety especially valuable. The berries are large, holding their size to the end of the season, and are all that could be asked for in color, flavor, firmness and productiveness. Good for canning.

DR. BURRILL

A dependable, all-purpose Strawberry, which stands among the very best in midseason varieties. Dr. Burrill closely resembles Dunlap in appearance. One of the cleanest, healthiest plants grown, never showing rust nor leaf spot, and so hardy and adaptable that it produces a good fruit crop anywhere, even in unfavorable locations. Unusually valuable for commercial purposes or for home use.

CHESAPEAKE

Another Good Late Variety. The large berries of Chesapeake hold their size well to the end of the season. Flavor is unsurpassed. A leading market variety which sells at highest prices because of its lateness, size, quality, firmness and fine appearance. Strong, healthy foliage. Practically frost-proof because of its late blooming. To obtain best results, grow on rich soil or land that is well manured, and give good care.

PREMIER Still the Leading Early Berry

A standard of excellence with all growers, and the earliest worthwhile Strawberry of the older varieties. A great money-maker, for it yields its fruit crop at a time when Strawberries are in great demand and sell at fancy prices. Premier is as nearly frost-proof as any Strawberry can be. It is unusually healthy, being free from leaf spot and other diseases. Its deep, heavy roots enable it to withstand dry weather and mature a full crop of big berries when many varieties are a complete failure. Large, bright red, firm berries, of fine texture and flavor.

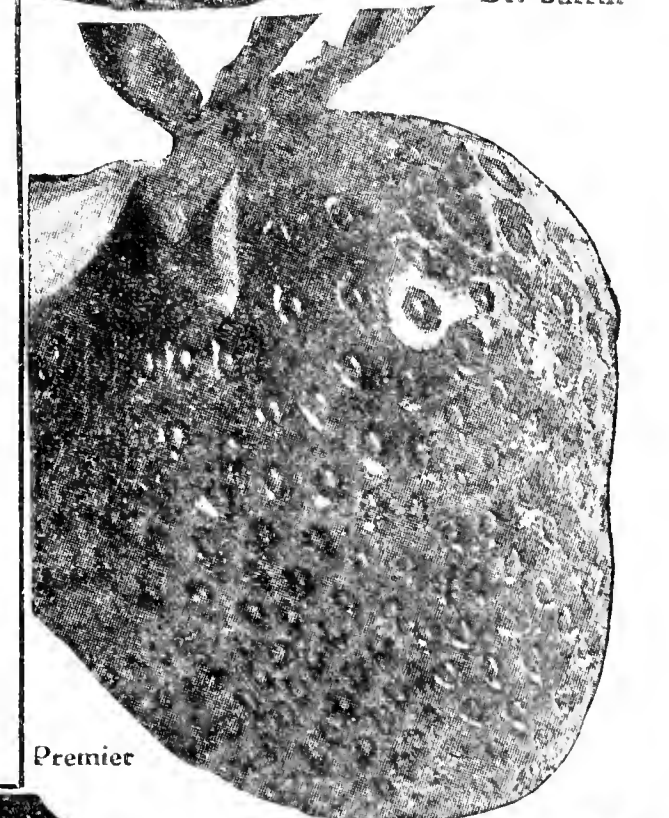

PREMIER plants are from the original, heavy fruiting strain, bearing our true-to-name guarantee.

Mary Washington

Pedigreed ASPARAGUS

The new variety developed and introduced by the United States Department of Agriculture, and claimed to be an improvement over Martha Washington, in that Mary Washington is larger, and even more rust-resistant. Growers everywhere are discarding other varieties for the famous Mary Washington, because it is earlier, the stalks larger, more tender, more productive and best of all, it is claimed to be immune to rust.

Nothing that comes out of the home garden is so much appreciated as the tender tips and fresh stalks of Asparagus. A small bed of them kept weed-free, or a border along the garden edge, will supply the average table for six weeks or more in late spring.

In planting, make the soil rich; dig trench; set 12 to 18 inches apart, roots spread out, crown two inches below surface; and tamp in returned soil firmly.

RHUBARB

Myatt's Linnaeus

It is an early, tender variety, without being in the least tough or stringy, with a mild, sub-acid flavor. We consider this one of the most profitable market garden crops. We offer good strong roots, at unheard of low prices.

Victoria

This new variety has giant-size stalks, twice the size of ordinary Rhubarb; very tender. Fine flavor. A trifle later than Myatt's Linnaeus.

Bargain No. 7

50c Net, Not Prepaid

HORSERADISH

This popular condiment is very easily produced in the home garden, and anyone who has compared the freshly dug article with that sold over the counters can appreciate the value of the good, home-grown products so easily prepared. A half dozen roots are sufficient for a moderate supply, while a dozen will generously cover the requirements for the average family. As it spreads quite rapidly, the source of supply is easily maintained.

CURRENTS The 3 BEST

Currents are among the easiest of all fruits to grow, bearing good crops even when neglected, but responding liberally to cultivation and generous treatment.

Wilder Bunch and berries very large; moderate acidity. An immense yielder, always dependable.

Cherry Thin skin, sub-acid, very large. Is prolific and a good variety for home use or market.

Perfection Generally considered the best current. Large bright red berries with rich mild flavor, with plenty of pulp and few seeds. Good bearer.

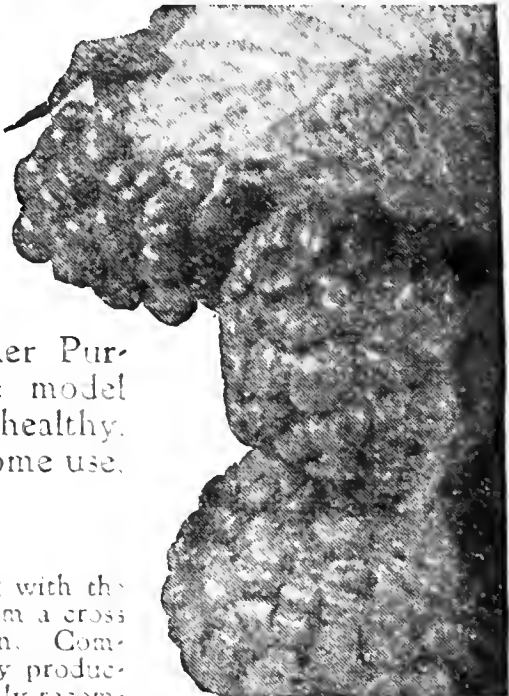

PURPLE CAP RASPBERRY

Royal Purple

Berries are of purple color, large in size, firm and of excellent flavor; do not crumble when picked. In quality Royal Purple is more nearly like the Red Raspberry than any other Purplecap. The plants are model growers, vigorous and healthy. A wonderful berry for home use.

Potomac

A good new variety originating with the U. S. Dept. of Agriculture from a cross of Plum Farmer and Newman. Comparable to Latham in size, very productive, excellent quality, and highly recommended for jelly and jams. Vigorous grower, exceptionally resistant to disease.

well-branched, and vigorous, healthy and very resistant to mosaic and other diseases. Berries are unusually large, bright red, extra fancy flavor. Do not crumble and hold their large size over a long fruiting period. Extra heavy bearer. Ripens a few days earlier than Latham.

PLANT NEWBURGH NOW! A small investment for large profit.

First Choice of Commercial Growers

Latham.

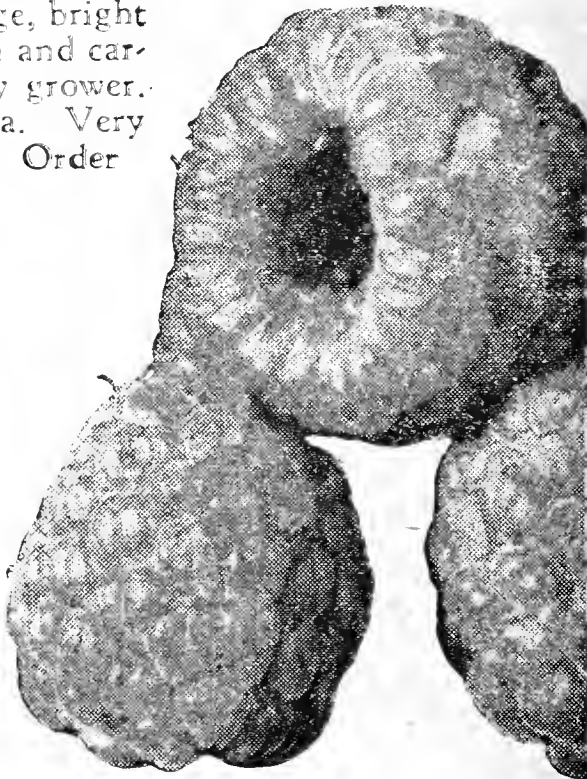

A popular favorite in all large fruit growing sections. Extra large, rich red berries, some measuring an inch in diameter. Bears a tremendous crop of best quality fruit. Finest berry for canning. Brings highest prices on any market. Has proven a profitable berry in all sections. Perfectly hardy. Originated in Minnesota at the State Fruit Breeding Farm. We have no hesitation in giving Latham our unqualified recommendation as the best all around Red Raspberry.

Latham plants are State Inspected, disease-free, of finest quality, heavy and well rooted. **BUY THE BEST AND INSURE SUCCESS.**

Canadian Origin
Very Hardy

Notable new Red Raspberry. Give it a trial—you won't go wrong. Fruit is large, bright red, good quality; firm and carries well. Very thrifty grower. Originated in Canada. Very hardy. Stock limited. Order early.

MEDIUM GRADE, 1-year: St. Regis, Viking. (Specify variety wanted). \$1.00 per 100, in lots of 100 or more.

It may interest you to know that the 2000 Latham red raspberries I received from you went through the 1934 dry summer in very good shape. I was surprised that any of them lived through too hot a summer, but have a very satisfactory stand of plants.

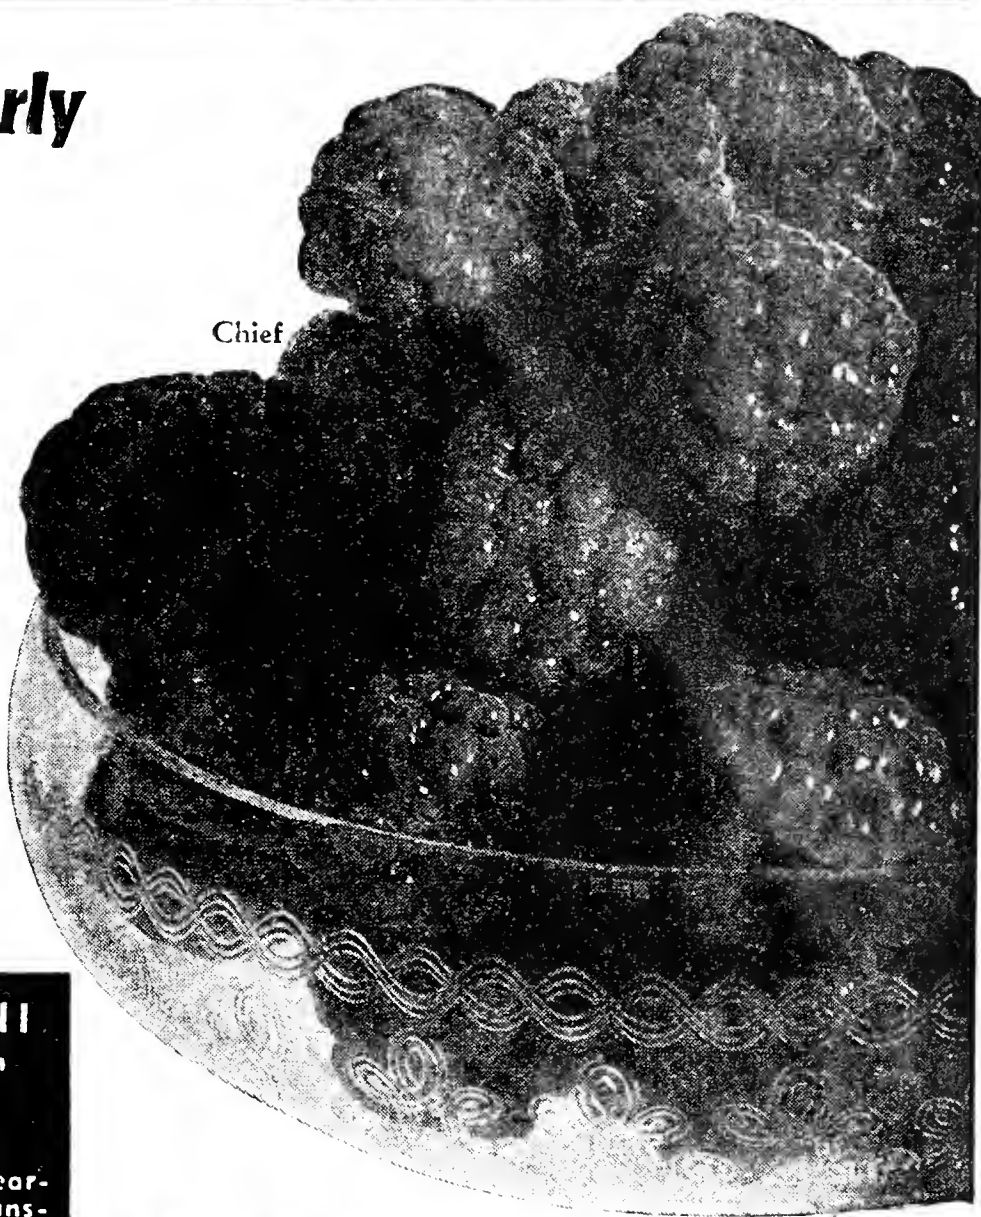

Yours,

Fayette, Ohio, April 20, 1935.

M. D. BADGER.

CHIEF Best Extra Early

Has taken the place of all other early kinds. Bears immense crops of finest berries. Offspring of the famous Latham. All that the name implies—outstanding—ahead of others—a leader. Has proven hardy, disease resistant, a heavy cropper, of excellent quality and a good shipper. Berries large, rich bright red. Ripens ten days earlier than Latham, bridging the gap between Strawberries and ordinary Raspberries. A proven profit-bringer.

St. REGIS

*Best
Everbearing*

Comes on the market so early it brings the very highest prices. Ripens even earlier than Chief. Produces a full crop during regular Raspberry season, and continues to fruit heavily throughout the summer and fall. Brings in a double profit, and is a real money-maker in spring or fall. Berries have a delicious flavor. Excellent shipper. Give St. Regis a trial this year, and you'll plant more the next.

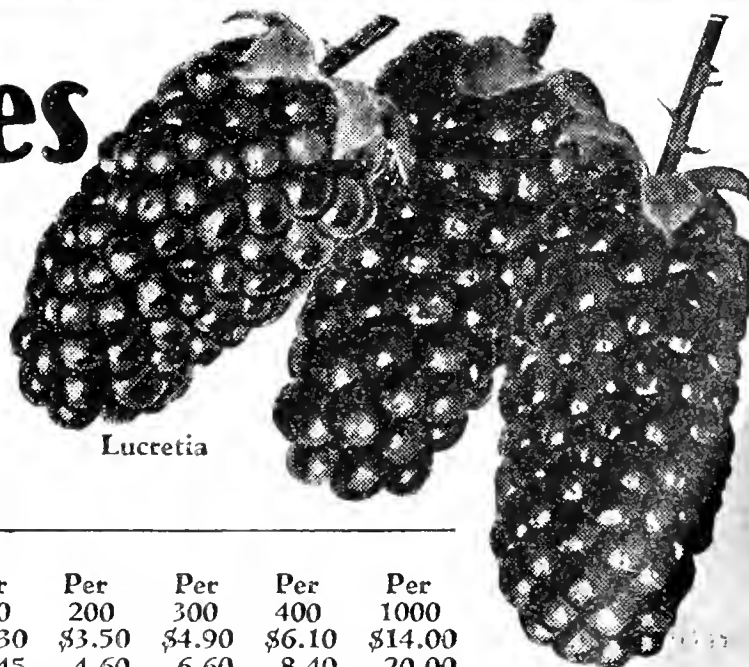

A Real Money Maker—Big Yields—Large, Sweet, Juicy

Lucretia Dewberries

THE FIRST TO RIPEN. TEN DAYS EARLIER THAN BLACKBERRIES. A REAL MONEY-MAKER.

Brings a big price on any market and makes real profit for the grower. For quick money, plant two-year stock.

Of the Blackberry type, but produced on a trailing vine instead of an upright bush. Very hardy and disease-resistant. Berries are extra large, lustrous black, sweet and juicy. UNEXCELLED FOR CANNING.

BIG GIFT PLANTING. SEE PAGE 2

Disease Free Heavy Rooted **BLACK**

Cumberland

Grown for plants only on ideal soil, and given the best of care and plenty of fertilizer, making them vigorous and full of pep. Awarded a clean bill of health by Michigan State Inspectors. Packed to reach you in first class condition.

Michigan has the most rigid plant inspection of any state in the Union. Buy from us and be assured of disease-free stock.

CUMBERLAND

The Largest of all Blackcaps and the Very Best Mid-season Kind. We advise planting Cumberland as a main crop variety. No blackcap has ever been grown as extensively as Cumberland, nor attained its great popularity in all Raspberry producing sections of the country. A heavy yielder, berries large, rich black in color, fruit firm and of delicious flavor. Bush is absolutely hardy, vigorous growing, producing plenty of fruiting wood; especially free from anthracnose, the common disease of all Raspberries. The greatest money-making blackcap of all time.

QUILLEN

The Latest Blackcap. Comes into bearing after all other varieties are practically through. Fruit very large and of fully as good quality and texture as Cumberland. Practically immune to mosaic, anthracnose and other serious diseases. This variety shows great merit in all sections of the country, and we urge you to give it a trial.

PLUM FARMER

One of the best early blackcaps. Fine grower, free from disease, very productive. The berry is large, and of excellent quality. Plum Farmer ripens very early, producing the most delicious fruit in one week. Practically the entire crop can be harvested in three large pickings, enabling the grower to reach an early market, and harvest the crop with a minimum amount of labor.

NEW LOGAN

Most Dependable Early Black Raspberry. This variety, through sheer merit, has replaced very nearly all of the standard kinds. The berry ripens one week earlier than Cumberland, giving the grower a chance to make some real money before Cumberland comes into bearing. It is an extra heavy yielder, with berries as large or larger than Cumberland.

Selected Varieties

THE BEST OF MANY

GRAPE

Concord.

Agawam

A large, dark red Grape. Bunches large, compact. Berries large; pulp soft and sweet; vine vigorous. Ripens early.

Caco

A new red Grape originating in Delaware. Its quality is excellent, ripening in September. The fruit is very large, and handsome. A rich wine-red color. Flavor of the finest; very rich and sweet.

Salem

A strong, vigorous vine; berries large, dark copper color; thin skin, free from hard pulp; sweet, and of pleasing taste. Ripens first of September.

CONCORD

Most popular Grape. A large, purplish black Grape. Bunch is large, shouldered and compact. Berries are large; flesh is juicy, sweet and tender; excellent flavor. Vine a strong grower; very healthy, hardy and productive. The most reliable and profitable market variety.

Delaware

Berries are compactly set, light red, sugary and delicious. A favorite dessert Grape, and among the very best red varieties.

Detroit, Mich., May 6, 1935
The Delaware vines arrived on schedule time in splendid condition. They were the finest plants we received; we had Delaware coming from 4 different nurseries, and none of them compared with yours. Thank you for this fine stock.
LEO E. GAMACHE.

Bargain No. 14
12 Grape Vines 1-year
One vine of every variety listed on these two pages. All season — All color — All flavor.

Brighton

New red Grape. Earlier than Delaware. Handsome dark red color. Flesh is rich, sweet and of excellent quality. Large bunches and berries. Vine vigorous and hardy, very productive.

A VINEYARD is a LIFETIME Investment

GOOD Plants
Have Strong Healthy Roots
Grown from Heavy Selected Cuttings

Every Whitten-Ackerman Grape Vine is guaranteed to be true-to-name, free from disease and propagated from productive strains. The cuttings for our plants are all taken from heavy producing vines, each vine being selected for productiveness and size of fruit.

When buying from us you are absolutely assured of getting the best, vines that will produce heavy, uniform yields year after year, a result that cannot be secured from cuttings made in a haphazard way, regardless of quality, a practice all too common in recent years.

Our Grape Vines cost no more than others. You don't pay for the added quality. You can't afford

to experiment with vines of unknown origin. We can't afford to sell them.

We don't know of a single farm crop that can be relied on with the same assurance as the Grape harvest. Many a grower has been able to keep the wheels turning through a lean year, only because of his Grape crop. It's a good insurance for anyone.

VINES

CHOSEN FOR
Flavor Size and Yield

FREDONIA

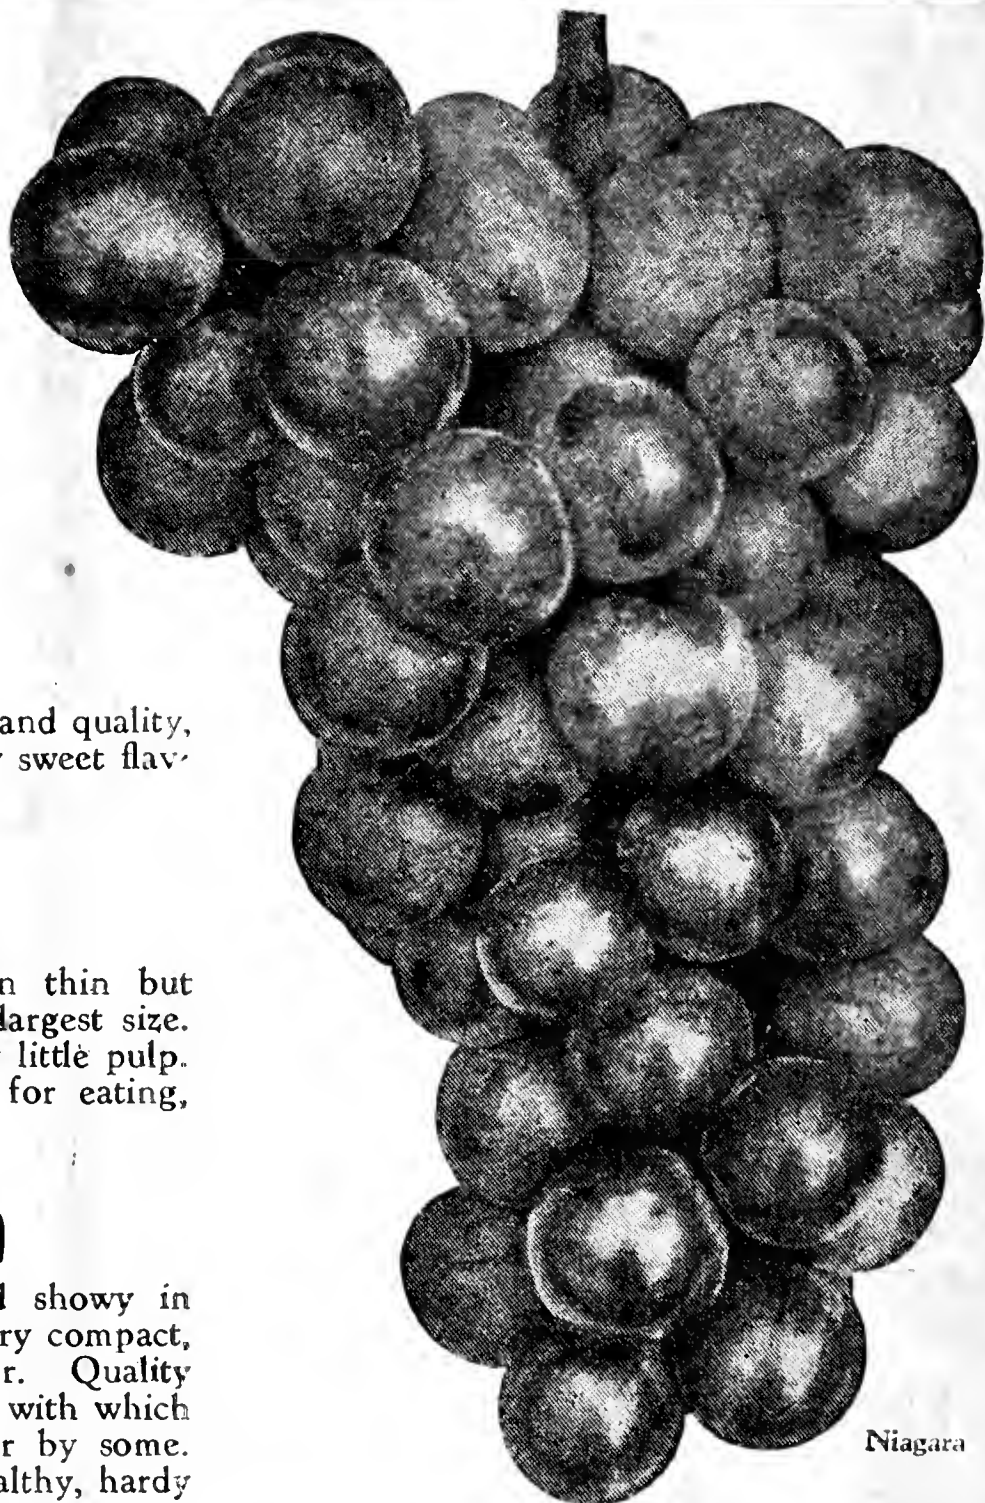

Black. A new, very early Grape, originated and thoroughly tested by the New York Experiment Station. The berry and bunch are large with excellent flavor. A real money-maker, coming on the market at a time when good table Grapes are at a premium. Ripens fully 15 days before Concord and is an excellent shipper, as it does not crack. Is a juicy, delicious black Grape. Its quality compares with that of Concord. Vine vigorous and productive. Will be planted extensively as a commercial proposition as soon as plants are available. One of the best new varieties.

Moore's Early

An early black variety, similar to Concord in looks and quality, but ripening about one week earlier. Has a peculiarly sweet flavor of its own. Vines are hardy and good bearers.

NIAGARA

A magnificent white Grape. Berries large, skin thin but tough; quality very good; beautiful bunches of the largest size. Ripens about with Concord. Quality of the best, very little pulp. Hardy and very productive. Of exceptional value for eating, grape juice or market and unsurpassed for wine.

Niagara

Pocklington

White. Very large and showy in both bunch and berry. Very compact, of beautiful golden color. Quality about as good as Concord, with which it ripens; liked even better by some. Vine vigorous and very healthy, hardy and productive.

Worden

An early black variety; very hardy, healthy and productive. In vigor and health Worden is surpassed by no other variety. It is practically immune to fungous diseases and a sure, heavy cropper.

Catawba

The best red Grape of them all. Grown extensively as a commercial proposition. Brings highest prices on any market. Berries large, round; when fully ripe of a dark copper color, with sweet, rich flavor. Undoubtedly the best wine and table Grape.

Blackberries

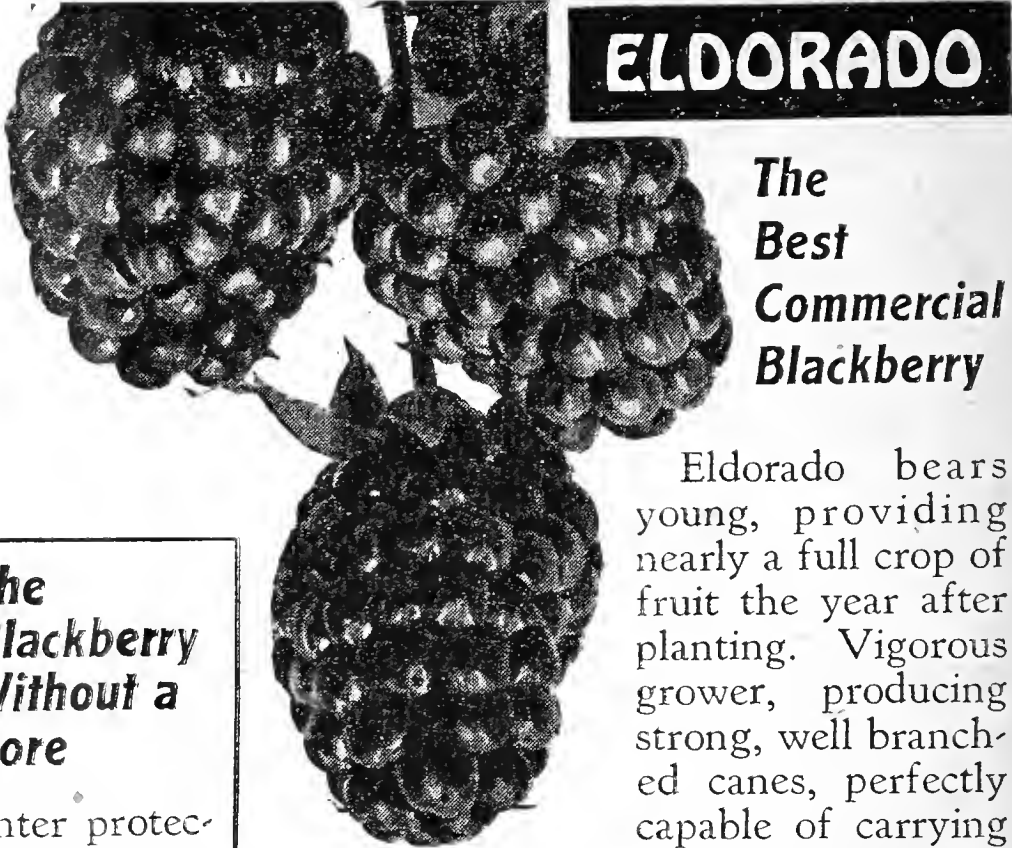

Increase your profits. One acre of Blackberries will average 2000 to 2300 quarts per acre, and prices on this fruit are always high. The best money-making berry for the past three years.

ALFRED

The Blackberry Without a Core

It is perfectly hardy, and can be grown anywhere without winter protection. Alfred ripens early beginning a week in advance of other varieties, and continues over a long season. The berries are of immense size, some measuring 3 inches around and 2 in length. Color is a glossy, jet black; the flavor sweet and delicious.

ELDORADO

The Best Commercial Blackberry

Eldorado bears young, providing nearly a full crop of fruit the year after planting. Vigorous grower, producing strong, well branched canes, perfectly capable of carrying the big crop of fruit produced. Always free from disease, immune to orange rust. Large berries, fine flavor, color and quality. Very hardy, never winter-kills. A wonderful shipper. Fruits over a long season and insures a big profit to the grower.

There are more Eldorado under cultivation than all other Blackberries combined. Highly recommended for both home and commercial plantings.

Bargain No. 16

25 ALFRED, 2-year Transplants Net, Not Prepaid.

\$1.00

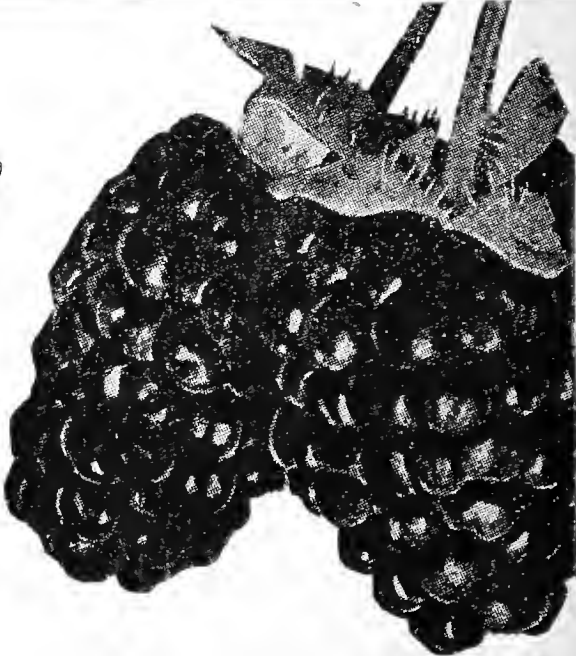

Gain a Year

We offer transplanted stock in Eldorado and Alfred, extra heavy bushes that will fruit this summer. Especially desirable when a few choice bushes are wanted in the garden. Supply limited. A good buy at the prices quoted.

The New

YOUNGBERRY

A cross between the Loganberry and Dewberry, which two varieties it resembles in manner and growth. Fruit is very large, dark wine color, with few seeds; highly flavored, sweet and delicious. It is easy to handle, very attractive, keeps well and ships well; an excellent canner and valuable for table use, jellies and pies.

We Believe in a Square Deal ~ and Practice What We Believe

Our Prices Save You 20% to 40%

Centralia, Ills., May 20, 1935

We wish to tell you how pleased we were with our trees and shrubs; out of approximately 200, I believe they are all alive. We were surprised to receive the large sizes, even larger than stated in your catalog.

Sincerely,
MRS. H. C. LEWIS.

IRVING, KANS., Mar. 8, 1935

Plants and roots arrived in excellent condition, and I must say that in the 25 years that I have been buying plants, I never have seen as good as these; nicely bunched, nicely packed, and a good honest count. You sure practice the Square Deal.

Very respt.,
GEO. H. TURNER.

Fitchburg, Mass, Apr. 20, 1935

Your shipment of Privet Hedge arrived safely and in fine condition; they were set at once, and are looking very well. People are remarking upon the fine stock and asking where I got it. I am so pleased with the hedge and am very glad to recommend your service to others.

Sincerely,
MRS. G. W. BRAKENRIDGE.

Mansfield, Ohio, Oct. 14, 1935.

We wish to advise that the 75 Peach trees which I ordered this last spring, have all lived, and have made excellent growth; some of them will be large enough to bear a small amount of fruit next season.

Yours,
M. C. HUNT.

Greensboro, N. Car., Sept. 2, 1935

The Mastodon and Gem I bought from you last spring were set out in March, and in 10 weeks I had an excellent crop of berries, and now they are fruiting again. They certainly come up to expectations and more.

Yours truly,
W. H. SEBURN.

Low in Price but — away ahead of others in quality

We have thousands of testimonials such as these, and can furnish, upon request, names of satisfied customers in or near your locality.

Actual photograph of millions of Strawberry plants growing on one of our farms. They will be fresh dug for your order

Garrett, Ind., April 8, 1935.

The fruit trees received in very good condition, and am more than pleased with them because they are such nice, big trees for such a small price.

Yours truly,
V. P. YANESZESKI.

Barger, Texas, Apr. 17, 1935.

The Roses came down to Texas in wonderful shape. I wish to say that they were the finest plants I have ever seen, and such wonderful roots.

Yours,
GEO. CANFIELD, JR.

Marietta, Ohio, Jan. 24, 1935.

The 50 Kieffer Pear trees I ordered of you last spring were extra fine, never lost a tree; well packed and fine in every respect.

Sincerely,
G. HARNESS.

Milwaukee, Wis., Apr. 11, 1935.

I received the trees and shrubs, and wish to thank you. I have bought stock from you for several years, and have also dealt with other nurseries, but your stock is by far the best and cheapest. I never lost a plant that I received from you; they are very vigorous and have a wonderful root system.

Sincerely yours,
G. H. ROSS.

Mt. Herman, La., May 20, 1935.

The plants which I ordered from you arrived in perfect condition, and I thank you for the excellent quality of your stock, attractive prices, careful packing and prompt shipment.

Yours very truly,
VICTOR L. OTT.

Sandwich, Ill., Apr. 5, 1935.

Received the blackberry plants ordered from you, and I think they are wonderful plants; in fact, they are the nicest plants I have ever had, and you were very generous with them.

Yours truly,
R. BURCHIM.

WHITTEN - ACKERMAN Nurseries Stock Satisfies

OUR GUARANTEE The Whitten-Ackerman Nurseries

We guarantee all of our nursery stock to be just as represented in our catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive, and in perfect growing condition.

Furthermore, we will, at our option, either replace free of charge, or refund purchase price, on any stock that arrives in bad condition; PROVIDING CLAIM IS MADE WITHIN FIVE DAYS FROM ARRIVAL OF SHIPMENT, ACCOMPANIED BY A SIGNED STATEMENT FROM THE EXPRESS AGENT OR POSTMASTER AT DESTINATION, SHOWING EXTENT OF LOSS OR DAMAGE.

If any stock proves untrue to name it will, at our option, either be replaced free of charge, or purchase price will be refunded, but in no case will we be responsible for a sum greater than the original purchase price paid. Beyond this our liability ceases. It is understood and agreed between the customer and ourselves that the purchaser's order, and our acknowledgment of its receipt, shall constitute a mutual acceptance of the above terms and conditions.

WHITTEN-ACKERMAN "WAY-AHEAD"

High Quality Fruit Trees

The selection of fruit trees for planting is a matter deserving great care and consideration.

Be sure to determine the caliper, grade and height before ordering from any nursery.

Unless one is experienced in orchard planting, the matter of price is often the greatest factor considered in determining the source of supply. Before buying, learn definitely just what sort of trees are being offered. Don't be influenced by height alone. While this is a desirable feature, a vigorous root system, well developed branches and a well calipered trunk are equally essential.

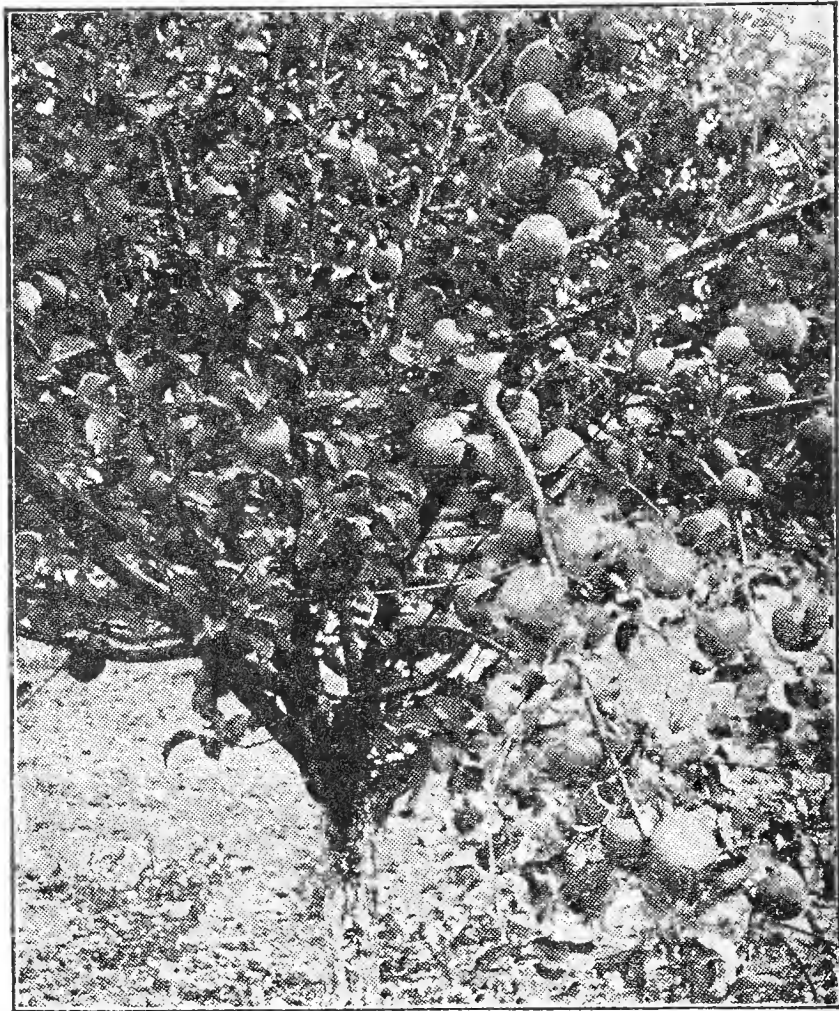

TRUTHFUL Grading

We offer 4 to 4½ and 4½ to 5½ ft. heights. Some nurseries offer a 4 to 6 ft. grade, or "specially selected," using small calipered 4 to 5 ft. trees, which are about the same as our smallest and cheapest trees. Don't be fooled into paying a big price for a small tree.

All of our stock is plainly graded and we furnish trees of larger caliper and greater height than those offered elsewhere at or near our prices. When we tell you that only our smallest grade can be sent by mail, the greater size and added value of our stock can be better appreciated. The height of our bigger grades is too large to meet parcel post requirements, necessitating express delivery only.

Quality is Appreciated

Our reputation for supplying quality stock at economical prices is established, and our policy of a square deal for every purchaser has been proven to the satisfaction of thousands of Whitten-Ackerman customers. Your next order entrusted to us will prove it to you as well.

If You want Heavy Bearing Trees plant Whitten-Ackerman Selected Stock

Whitten-Ackerman fruit trees are budded from bearing trees and grown where the snow flies, to make them more hardy and superior in quality.

At the left we show you a bundle of our apple trees. Note the heavy root system, straight and smooth trunk and well branched top. Plant trees such as these and at the end of five years you will have a bearing orchard of fine trees like the one illustrated above. This is a five-year-old Whitten-Ackerman Cortland Apple tree, planted on ordinary good soil. Note the bumper crop.

In the past, there has been an oversupply of fruit trees. Now, because of curtailed plantings throughout the United States and the drought of 2 years ago, there is a great shortage of these trees. Supplies will be exhausted long before the end of the season. ORDER EARLY!

Selected Super-Size Fruit Trees

THE BEST OBTAINABLE. YOU CAN'T BUY BETTER TREES ELSEWHERE AT ANY PRICE. Other nurseries charge anywhere from \$1.00 to \$2.00 each for trees no older, larger or better. Whitten-Ackerman Super-Size Fruit Trees are the pick of the crop. They caliper no less than 1 1/16 inch, and many considerably over an inch. They run 5 feet and up in height, depending entirely on the kind and variety, as some kinds are much larger growers than others.

Two years old, the same as our smaller grades, but these trees were the strongest growers in the nursery rows, with the most pep and vitality. They'll forge right ahead and continue the same sturdy growth when planted in your own garden or orchard.

PLANT SUPER-SIZE TREES NOW AND SAVE AT LEAST A YEAR OR TWO.

Sweet Cherries

Black Tartarian Very large, purplish black, heart-shaped; flesh mild and sweet, and quality considered, one of the best for market and dessert. Tree is vigorous, upright grower and immense bearer. Ripens in July. We recommend this as one of the best Sweets for home use.

Gov. Wood One of the best. Very large, light yellow, marbled with red; juicy, tender, rich and delicious. Tree healthy and a great bearer. Fruit hangs well on tree. Ripens last of June.

Napoleon (Royal Ann). Of fine appearance and very largest size. Color yellow and amber, with bright red blush; flesh firm, juicy and delicious. Profitable for market, finding a ready sale both for canning and dessert. Bears enormous crops, ripening in July.

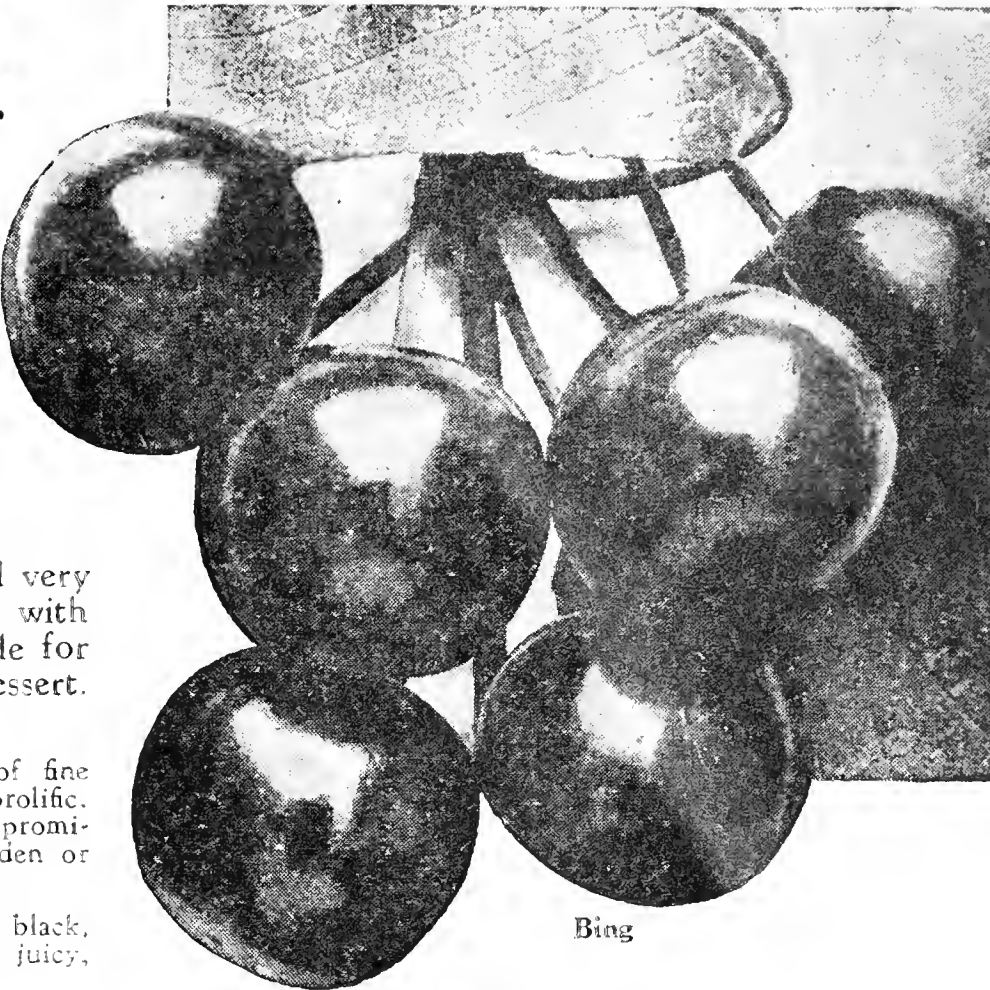

Windsor Fruit large, dull red; flesh remarkably firm, of fine quality, and a good bearer. Tree hardy and prolific. Ripens middle of July. Highly recommended by some of the most prominent fruit growers of the country. A valuable addition to any garden or orchard.

Schmidt's Biggarreau Immense size, deep black, flesh dark, tender, very juicy, fine flavor; productive. Ripens in July.

Prices of Sweet Cherries

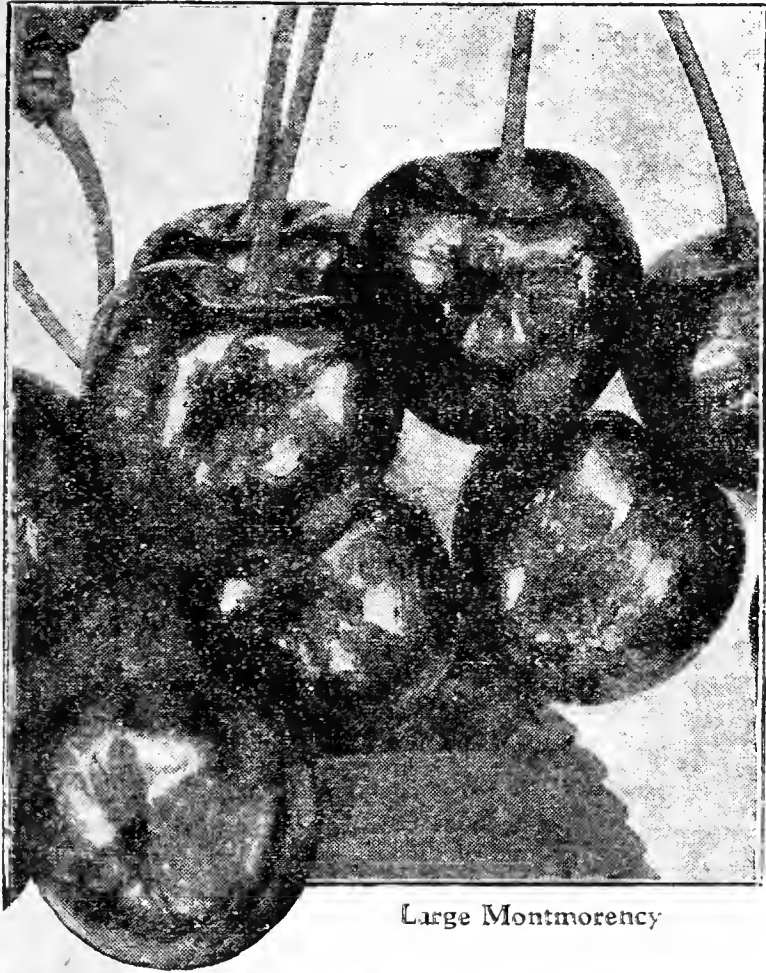

All varieties listed:

	Each	10	100
2-yr., 9/16 in., 4- to 5-ft. trees.....	\$0.85	\$8.00	\$62.50
2-yr., SPECIAL SUPER-SIZE95	9.00	75.00

Bing

Bing One of the best known and most popular dark sweet Cherries. Fruit large, dark colored, nearly black. Considered one of the most profitable. Tree hardy and vigorous. Seems to succeed in the East better than most Sweets. Ripens late June. Should be included in every planting.

Large Montmorency

Large Montmorency Larger and finer than Early Richmond, and ripens about 10 days later. One of the finest flavored Sour Cherries. Bears enormous crops regularly. Best all-around Cherry grown. Tree bears two to three years from planting. Ripens late June and first of July.

Prices of Sour Cherries

All varieties listed (except Richmorency):

	Each	10	100
2-yr., 9/16 in., 4- to 5-ft. trees..	\$0.60	\$5.00	\$40.00
2-yr., SPECIAL SUPER-SIZE ..	.70	6.00	47.00

Five or more trees of a single variety and grade at the 10 rate; 50 or more at the 100 rate.

Sour Cherries

English Morello Fruit medium to large in size, dark red, rich, acid, juicy and good; very productive. Ripens in August. Best late variety.

Early Richmond Medium size, dark red; acid flavor. Very productive. Very hardy. Ripens in June.

May Duke A large, red, juicy and very rich Cherry; its acidity being pleasantly tempered to the advantage of sensitive teeth. Ripens between early part and middle of June, and is one of the best of the earlier Sour Cherries.

Wragg Fruit medium, dark purple, of excellent quality, ripening in August. The best late variety, commanding the highest prices.

Richmorency—New! Large!

Extra Early

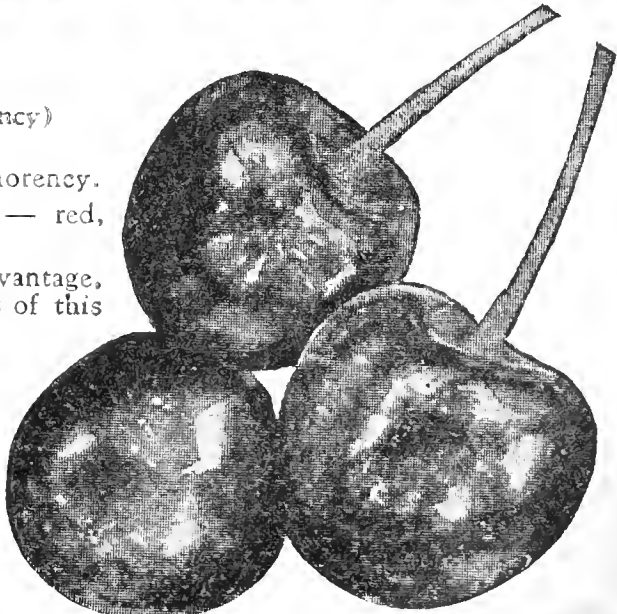

(Early Ripening Montmorency)

Ten days earlier than Montmorency. Largest Sour Cherry grown — red, very juicy, fine flavor.

These facts are of decided advantage, as the size, quality, and earliness of this Cherry bring a much larger profit.

Should replace all other Sour Cherries. Similar to Charlevoix, but better.

Prices: 2-yr., 9/16 in. and up, 4- to 5-ft. trees, 80c each; 3 for \$2.25; 10 for \$7.00.

WITTEN ACKERMAN WAY AHEAD

There's a Difference. Northern Grown.
Buds Especially Selected From Heavy Bearing Trees.
Insures a Bumper Crop.

We wish to call special attention to the new varieties listed on this page, which have been tried and tested, and are outstanding either for home use or a commercial proposition. You cannot afford to overlook these new kinds—they are sure money makers.

**5 New Varieties
Peach Trees**

BARGAIN NO. 18

(One of each variety listed on this page, including Rio-Oso Gem, which is 75c net).
7 16 inch, 3 1/2 to 4 1/2 ft. Trees

All For **\$2.10** Net,
Not Prepaid.

GOLDEN JUBILEE Extra Early Yellow Freestone. Introduced by New Jersey Experiment Station. Wouldn't you like to grow a yellow, freestone Peach, with all the good points of Elberta, plus much improved flavor, but ripening a month earlier than Elberta? Here's the Peach you've been looking for! Extra early, fine flavor, self-fertile, grows well wherever Peach can be raised. Very hardy, regular bearer and a good grower. Has no superior among Early Yellow Freestones.

Fertile HALE

(La Duke). This new introduction, as the name implies, is a Hale which is self-fertile, thereby doesn't require cross pollination. Fruit growers everywhere have been asking for a Hale Peach that would produce profitable crops. The Fertile-Hale will produce full crops of beautiful large Hales, entirely free from all so-called "buttons" so prevalent in crops of J. H. Hale. Trees are far more vigorous and hardier in bud than J. H. Hale. Color yellow, with deep carmine blush. Good shipper. Splendid market variety. You will make no mistake by including this variety in your orchard planting.

RIO-OSO GEM

This variety is protected under U. S. Patent No. 84. Ripens about ten days after J. H. Hale, during that period when there are few good Peaches on the market. This new Peach has the extreme large size of J. H. Hale, is more highly colored, of finer grained texture, firmer, and of better general quality. Yellow freestone Peach. 1-year, 7/16 in., 3 1/2 to 4 1/2 ft., 75c each; 10 for \$6.50.

HALE-HAVEN

Introduced by Michigan State Experiment Station. A cross between South Haven and J. H. Hale. Freestone. Strong grower, very hardy, heavy bearer; excellent fine flavor. Ripens ten days earlier than Elberta. The best New Yellow Freestone we have seen in years.

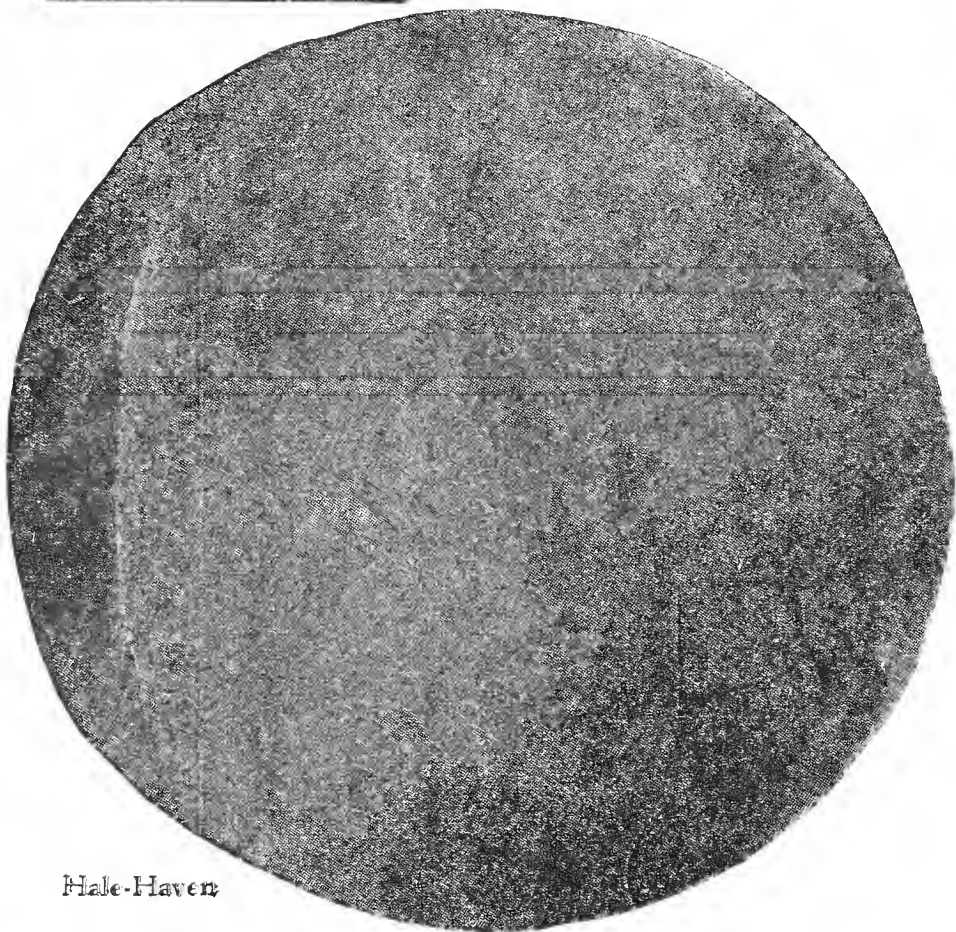

ORIOLE

This variety originated at the New Jersey Experiment Station, and was tested for several years by the South Haven, Michigan, Experiment Station. It is an early maturing variety. Tree vigorous and hardy, survives low temperatures better than many other hardy sorts. The flesh is yellow, fine grained, is juicy, and of excellent quality. Freestone. Ripens about one week before Rochester.

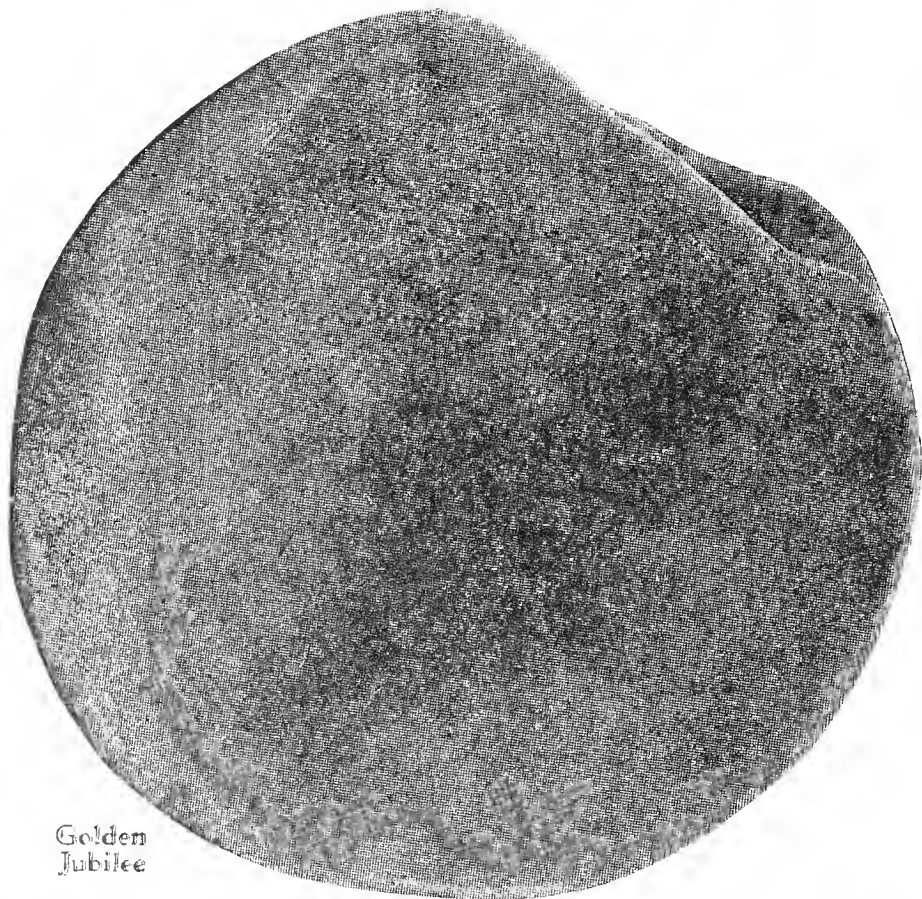

1936 PRICES — PEACH TREES

SPECIAL DISCOUNTS from prices below allowed for all cash with orders received any time during 1936. See page 3. Five or more trees of one grade and variety only at the 10 rate; 50 or more of a single grade and variety at 100 rate.

WHITTEN ACKERMAN PEACHES

Standard
COMMERCIAL
VARIETIES

Absolutely true-to-name, vigorous, well grown, perfectly healthy, with well ripened wood and splendid roots. Guaranteed to reach you in good growing condition.

SOUTH HAVEN Extra large, extra fancy, extra early yellow. Combines all the good features of Elberta—large size, excellent quality, delicious flavor, beautiful appearance and immense productiveness, but it ripens 12 to 16 days earlier, enabling one to get it on the market at a time when good Peaches are scarce and when they bring the highest price. It is of the finest quality as an eating Peach and is also a great shipper. Rapid growing, young bearing. You can't go wrong in planting South Haven.

J. H. HALE Extra large. Claimed to be superior in all ways. It averages one-third to one-half larger than Elberta, ripens about five days earlier, and is superior in flavor; beautiful golden yellow, with carmine blush, smooth and fuzzless. Plant with South Haven to insure proper pollenization.

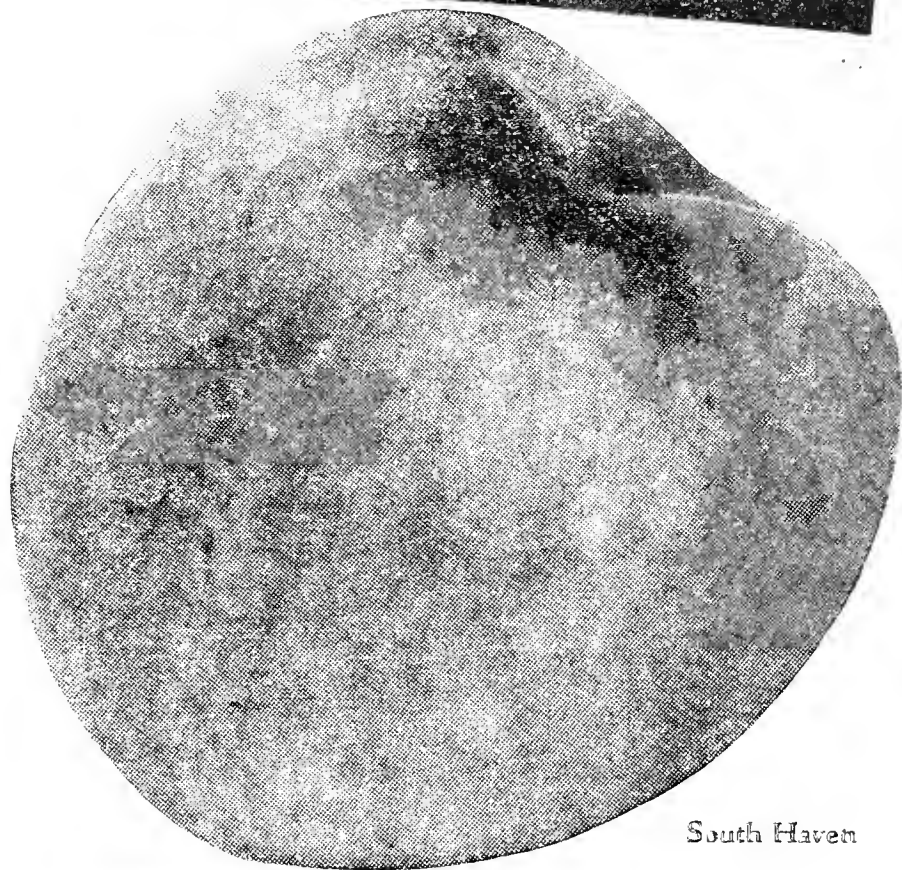

ROCHESTER Earliest and best yellow freestone for home and market. Fruit large, yellow, sweet, juicy and of delicious flavor. Keeps and ships well. Ripens about August 10th, when there is no other yellow freestone Peach on the market. Commands good price. Tree strong grower and hardy. An annual and prolific cropper.

ELBERTA Standard market Peach of the entire country. Very large; yellow with red blush; flesh is yellow, tender and juicy; very highly flavored, rank, vigorous grower. Does well in all Peach growing sections. Ripens middle of September. Freestone.

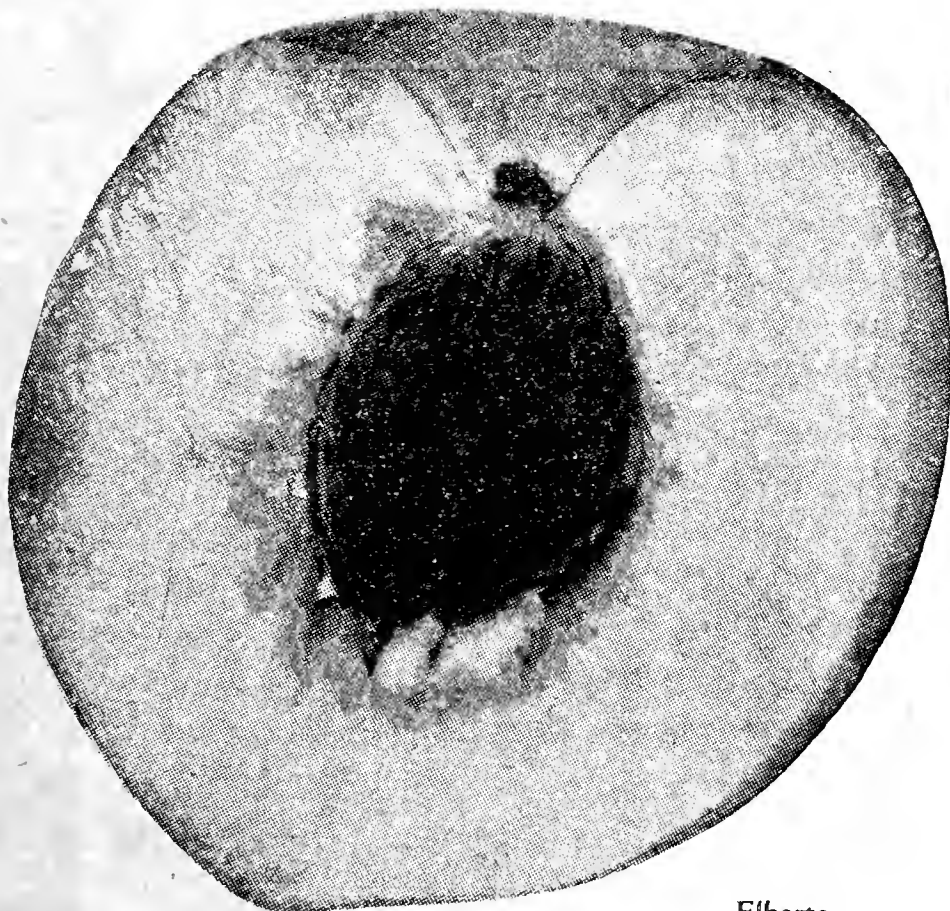

You will not find any spindly whips and poorly branched stock offered for sale in our nursery. We cannot afford to sell them and you cannot afford to plant them.

McIntosh

Stayman's Winesap

Rome Beauty.

Cortland

The Best Standard Apples

Baldwin Winter Apple. Large, roundish, dark red, of rich flavor. Excellent keeper well into winter, and a splendid shipper. Tree hardy, quick, strong grower. Heavy cropper.

Delicious Winter Apple. Has established its claim to first rank, both for commercial and home orchards. Fruit large, flesh fine grained, crisp, juicy and really delicious. Tree hardy, vigorous grower, producing enormous annual yields.

Grimes Golden Winter Apple. Medium to large size; skin golden yellow; delicious sparkling flavor. Tree very hardy and productive. Bears young.

Jonathan Grand, good winter Apple. Bright, solid red. Flesh white, sometimes tinted with red; firm, fine, crisp and tender. A splendid family sort and highly profitable for market. Tree long-lived, productive and an early bearer. Will keep well without especial care, and also stand much handling.

McIntosh One of the very best late fall Apples. Bright deep red color. Flesh white, tender, juicy, with a rich, delicious and very distinctive flavor. Tree hardy, vigorous and healthy.

Rome Beauty Large winter Apple of good quality; in season from December to March. Shape round, color yellowish, mottled and striped in different shades of red. Thick skinned, stands handling well and a good keeper. Bears young.

Northern Spy Old Standby. Early winter Apple. Large, roundish, purplish red. Flesh white, tender, mild, sub-acid.

Red Astrachan Ripens in July. Best midsummer cooking and eating Apple for home and market. Tree is hardy and regular bearer, grows vigorously, and bears fourth year. Fruit large, roundish, nearly covered with deep crimson. Juicy, rich, sub-acid flavor. Keeps well until September.

Stayman's Winesap A good early winter keeper. Fruit large, bright red color. Flesh tinged with yellow; firm, crisp, with pleasant, rich acid flavor appealing to everyone.

Wealthy Ripens late summer and early autumn. Perfectly hardy, vigorous and productive. Fruit large, red streaked with white. Quality good. A profitable market sort.

Winter Banana Early winter variety. Large, beautiful, brilliant waxy yellow with red cheek. A most attractive, high quality, juicy Apple, with exquisite flavor that delights everyone. Especially good for eating out of hand. Tree hardy; bears young; good crop every year.

Yellow Transparent Ripens in July. One of the best early varieties. Skin is clear white, changing to pale yellow when ripe. Flesh white, tender, sub-acid.

Baldwin.

Jonathan.

The Best Newer Apples

CORTLAND New. Derived from McIntosh, but fruit larger, more uniform in size, more highly colored, richer in flavor, firmer but fully as juicy. Clings to tree more tenaciously, and ripens 3 to 4 weeks later, extending the keeping period. Fine for cooking or dessert. A good shipper. Bears 2 or 3 years after planting.

DOUBLE RED DELICIOUS The new, superior Delicious that is creating a sensation. Fruit is red all over as early as August when other Delicious are still green. Extra fine flavor. Brings highest prices on the market. Supply is limited, so order early.

TURLEY Extra fine commercial Apple. Colors red on the tree much earlier than other (RED WINESAP) Winesaps, filling a long-felt need. Originated in Indiana, and now one of the leading Apples there. Large very red fruit. Excellent flavor and quality. Vigorous tree, bears young. Ripens just before Stayman's Winesap. You can't afford to overlook this superior Apple.

YELLOW DELICIOUS Best yellow Apple. Waxy golden color. Luscious flavor, finest in the world. Bears very early, in 2nd and 3rd year. Keeps until late spring without becoming mealy. Very hardy. You'll make more money with our Yellow Delicious.

PEARS

Best Commercial and Home Orchard Kinds

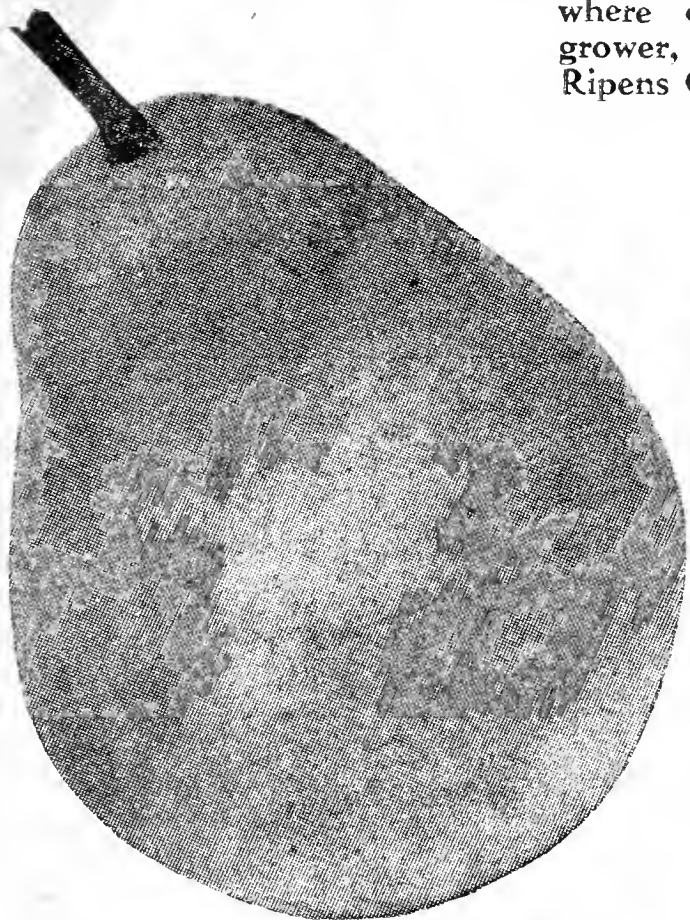

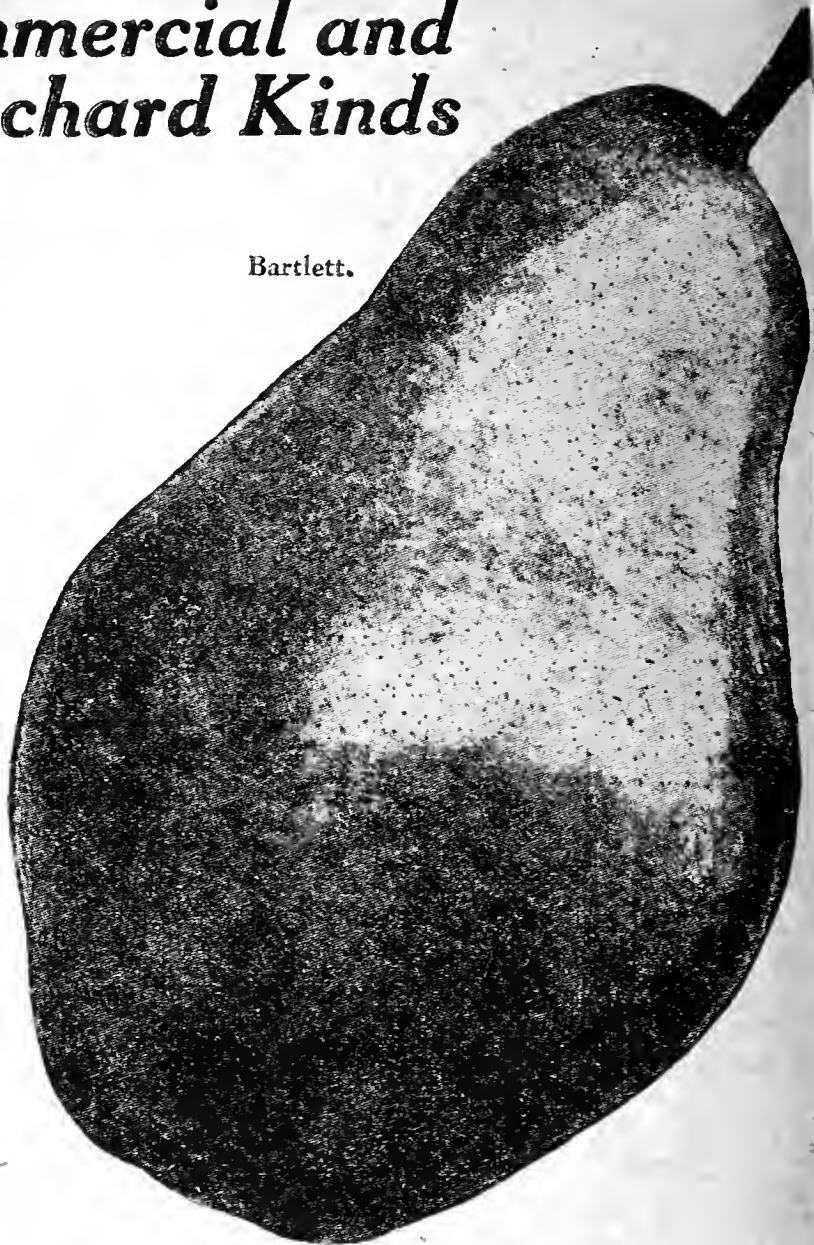

Bartlett Large; coloring when fully ripe, to waxy yellow with red blush; juicy, melting, highly flavored. Tree bears early and abundantly. Fruit ripens in September at a time when there is little or no competition on the market. Some nurserymen claim there have been more Bartlett planted than all other kinds of Pears combined, and you make no mistake in planting Bartlett yourself.

Beurre Bosc Should be in every garden. Fruit very large, of distinct gourd shape, roundish at blossom end, with long, thin, tapering neck. Beautiful golden russet color. Flesh fine grained, juicy and melting, very delicious and high flavored. Ripens late September or early October.

Clapp's Favorite A superb, large, long, yellow Pear, richly flushed with russet-red next the sun. The flesh is fine grained, juicy, melting and buttery. Earlier than Bartlett. A fine grower and extremely productive. Ripens in early August.

Lincoln A very fine large, yellow, blushed-red, late-summer pear which bears young and heavily and is delicious for eating and canning, fine keeper. Succeeds where others fail. Fast grower, extremely hardy. Ripens October.

Bartlett.

Lincoln

Seckel (Sugar Pear). Small size; yellowish-russet, with red cheek. Flesh white, buttery, very juicy and melting. One of the highest flavored Pears. The richest and finest variety known. Ripens in September and October.

Kieffer Best Pear for large commercial planting, because of its sure crop, heavy yield and exceptional shipping qualities. Ripens in October and November. Fruit large, and of good quality. Sometimes known as "Winter Bartlett."

PRICES OF PEAR TREES

	Each	10	100
ALL VARIETIES LISTED (Except Lincoln):			
2-year, 9/16 in., 4½ to 5½ ft. trees	\$0.65	\$6.00	\$55.00

PLUMS

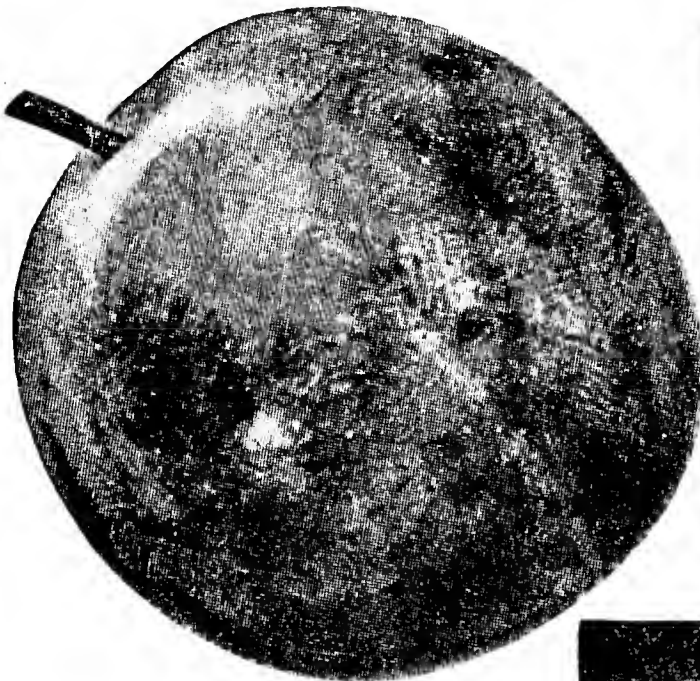

Plums are hardy and grow vigorously in nearly all sections, succeeding on any medium fertile soil. The market for Plums is never over-stocked, so that good, profitable returns are assured. Plant 16 to 18 feet apart.

Abundance Fruit is large, amber colored, mottled with violet-red. Flesh is rich yellow, juicy and deliciously sweet. Favorite for canning, and a good keeper. Ripens in August.

Burbank Fruit large and of excellent quality; cherry-red, with Lilac bloom. Tree hardy, and heavy yielder. Ripens in August.

Stanley Prune

Stanley Prune New! Introduced by the New York State Fruit Testing Association. Highly recommended by the New York Experimental Station. Will take the place of all other Prunes, as it comes into bearing 10 days earlier than Italian or German Prune, thereby brings a fancy price before other Prunes commence to ripen. Is better in tree and fruit than these well known sorts. Large, deep, bluish purple; flesh greenish yellow; fine grained, tender, firm, very sweet. Good quality; skin sufficiently tough so it will not crack. Very hardy.

German Prune Large, dark purple, sweet. One of the best for commercial planting. Excellent for drying and canning. Ripens in September.

Italian Prune Good sized purple plum. Very good for canning and ideal for drying. Flesh juicy and delicious. Ripens in September.

Grand Duke Extremely large, deep purple. Highest quality. Flesh, golden yellow. Rich and juicy. August-September.

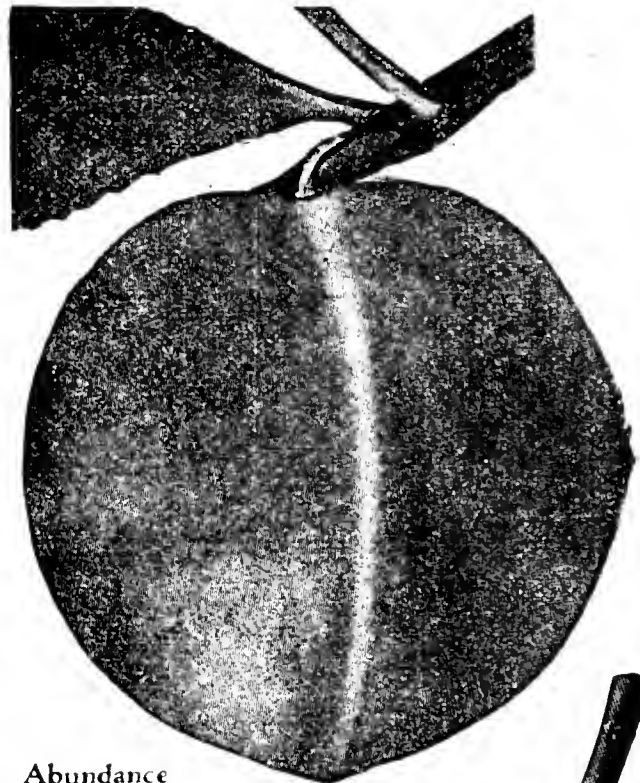

Monarch Very large, roundish, oval, purple plum. Flesh golden yellow, juicy and sweet. Hardy and good bearer.

Reine Claude (Green Gage). Large, yellow-green, juicy, melting, sugary and delicious. Because of its rich flavor one of the best for eating and canning. Ripens quite late. Very hardy and productive.

Yellow Egg The best yellow Plum. Fruit is very attractive, large, and rich yellow in color. Wonderful for canning. Bears a large crop, even when the trees are quite young.

Orange Sometimes called Apple Quince. Fruit large, round, with a short neck; color bright yellow; flesh firm and tough until cooked, when it becomes tender, juicy and excellent flavor. Highly regarded for jellies and preserves. Trees bear young. A good tree to plant on hillsides or where land is hard to work, as it requires very little care.

Orange
Quince

The NEWER

All Hybrid Teas

Will bloom continuously this summer and every year following. Everyone loves Roses. At our low prices you can plant all you want. Remember, our Roses are strong two-year, field-grown bushes, ready to bloom.

Roslyn New. Very attractive. Petals purest gold on inside, deeper in center, outside gold splashed with orange. Fine form. Good grower.

Schwabenland New pink Rose unlike any other in color or in the splendid formation of its buds. Flowers are over 5 inches in diameter, with a high, spiral center, and peculiarly curled petals. Luminous rose-pink in color, carried on long, stiff stems.

Talisman Most astounding Rose novelty produced in many years. Its brilliant orange-red buds open to large, fragrant, high-pointed bloom of glowing golden yellow stained with copper-red and orange-rose on inside of petals. As the petals unfold, they become bright apricot-gold, deep rose-pink or old rose, and unlike most Roses, the color becomes brighter as the flowers develop. Plants are vigorous, healthy and hardy growers.

Rev. F. Page-Roberts

Remarkably beautiful Rose, both in form and color. Long, coppery red buds, opening to marvelously colored flowers of golden yellow stained with copper and reddish buff on the outside of petals. Unusually large, double flowers; sweetly scented. Strong, healthy plants.

Mrs. Pierre S. Dupont Was the favorite rose in both 1933 and 1934 Chicago World's Fair Rose Garden. Has won more gold medals as an outdoor Rose than any other variety. Has a medium-sized long-pointed bud of a reddish gold, opening to a semi-double, cupped, very lasting fragrant flower of a deep golden yellow. The plant is strong and vigorous.

Schwaben-
land

Dame Edith Helen

Largest, most perfectly shaped and most perfumed pink Rose. Clear, glowing pink, from the time the bud opens until the petals fall. Blooms abundantly, with long, strong stems. Growth of bush is vigorous and thoroughly hardy. Wins praise and admiration everywhere.

Etoile de Hollande Large, velvety crimson flowers produced in great profusion throughout the summer. Deliciously perfumed. Vigorous, upright grower. Unquestionably a popular and excellent red Rose.

Roslyn

Sunkist For cutting and garden display, this Rose has no superior, as it blooms so freely. The lovely flowers are yellow tinged orange, perfectly shaped and come singly on long stems.

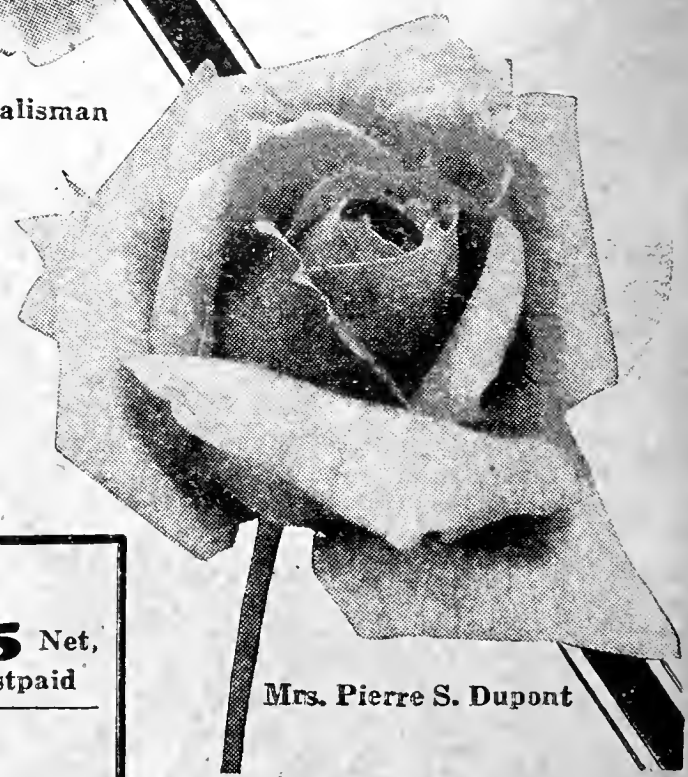

Ami Quinard A variety which is here to stay, beats all others; best near-black Rose in our estimation. Deep velvety crimson, fragrant and very lasting. A vigorous shrubby plant, with almost single flowers of deep blackish scarlet. Try them with Nigrette, and see the difference. We know a trial order of Ami Quinard is sure to please.

Margaret McGredy Brilliant brick-red or orange-scarlet. Large, pointed buds open to fine, full blooms that fade but little. Healthy foliage. Lovely new variety much in demand.

Mrs. E. P. Thom Best yellow Rose. Fine long buds open into perfectly shaped, open flowers of rich lemon-yellow which do not fade; sweetly scented. Very vigorous grower and continuously in bloom.

E. G. Hill New, best red Rose. Beautiful long buds of perfect form, and full, double, high-centered flowers of dazzling scarlet, shading to deeper velvety red as they develop. Exquisitely perfumed. Vigorous, free flowering habit.

Pres. Herbert Hoover

A gorgeous Rose of a really new color combination. Buds are coppery red, beautifully pointed, and borne on rigid stems. Large flowers are a vivid cerise-pink, scarlet-orange and gold, rioting in the most dazzling color effect imaginable. Exquisite fragrance. Unusually attractive in all stages of bloom. Very free flowering. Very popular new Rose.

Olympiad

Golden Dawn

Mrs. E. P. Thom

Olympiad A wonderful new Rose—unique in color. Lustrous, dark oriental scarlet, its depth and warmth accentuated by a bright golden base and intensified by a marvelous velvety sheen that makes its rich coloring particularly effective, especially under artificial light. Blooms are beautifully formed, of globular type with a high center, perfumed and long stemmed.

Golden Dawn

Delightful new Rose, with coloring suggestive of the name Golden Dawn. Bud rich straw-yellow, flushed old rose; flower double, well formed, fragrant, sunflower yellow passing to lemon-yellow with age. Very free flowering;

strong plant with large, glossy, healthy green foliage. We recommend this in every way.

Chas. P. Kilham Long-pointed buds, open to double, finely formed blooms of coral-red with orange base. Sweetly scented. Free-flowering. Vigorous grower.

Golden Moss Very new and rare, yellow Moss Rose. Fat pinkish buds open a rich golden buff with a pinkish tint and age to cream-white. Flowers are about 3 inches in diameter, fully double, and twice fragrant. Can be used as a pillar, or if trimmed will make a shapely 4-foot bush.

Margaret McGredy.

Red Radiance

Betty Uprichard

Favorite Roses

CALEDONIA. (Hybrid Tea). Exquisite long buds of ivory white, changing to purest white as the flowers open into large double blooms of soft velvety texture. The best white. Continuous free bloomer.

JONKHEER J. L. MOCK. (Hybrid Tea). Beautifully two-toned pink—clear pink on inside of petals, outside silvery rose. Very full. Free blooming. Long, stiff stems.

BETTY UPRICHARD. (Hybrid Tea). Deep toned carmine with coppery orange blend; interior mostly delicate salmon-pink. Very choice.

RED RADIANCE. (Hybrid Tea). Large, globular flowers of an even, clear red. Constantly in bloom. Very popular.

PINK RADIANCE. (Hybrid Tea). Extra hardy, vigorous and prolific. Beautiful blending of carmine-rose with shades of opal and copper.

GRUSS AN TEPLITZ. (Hybrid Tea). Bright scarlet, shading to velvety crimson; fragrant; free flowering.

MME. EDOUARD HERRIOT. (Pernetiana). Unique and unsurpassed coloring. Glorious commingling of terra cotta, bronze, geranium-red and dull copper; fine long pointed buds of coral-red and yellow.

Pink Radiance

All Varieties Listed on This Page

Strong, 2 year, field-grown bushes.

35c each 3 for \$1.00 6 for \$1.75

SOUV. de CLAUDIUS PERNET. (Pernetiana). Most satisfactory yellow Rose. Strong, sunflower-yellow, even deeper toned at center. Large flowers; buds long and pointed. Vigorous growing bush, with brilliant foliage.

PAUL NEYRON. (Hybrid Perpetual). Largest Rose in cultivation. Color bright cerise-red, very fragrant. June until late October. Flowers full and double.

LOS ANGELES. (Hybrid Tea). Beautifully shaped, fragrant flowers of pale salmon-pink, richly shaded with deep rose and gold.

KAISERIN AUGUSTA VICTORIA. (Hybrid Tea). Most popular white Rose. Large, double, very fragrant flowers borne on long, stiff stems.

MRS. AARON WARD. (Hybrid Tea). Very distinct, coppery orange in the bud, golden orange when partly developed, and pinkish fawn when fully opened; very fragrant.

ROSA HUGONIS. (Golden Rose of China). Unlike any other Rose. Has a shrublike manner of growth, and naturally forms symmetrical bushes about 6 feet high and the same in diameter. Flowers are single and delicate, ranging in color from deep gold to canary, and produced in long, arching sprays early in May.

F. J. GROOTENDORST. (Baby Rambler Rugosa Rose). Typical Rugosa foliage and habit; compact, bushy growth. Bloom is in clusters of oversized, double red flowers, produced from early summer until fall. Valuable for either specimen or group planting.

Climbing Roses ~

Paul's Scarlet

The flowers, a vivid scarlet, are of good size, semi-double, very freely produced in clusters, on much branched canes. Blooms very long, holding flowers after many June bloomers have dropped their petals. Strong, 2-year, field grown bushes, 35c each; 3 for 90c; 6 for \$1.50.

American Beauty

This climbing variety has delightful well-formed blooms of rosy carmine. Splendid foliage. Very fragrant. Strong, 2-year, field grown plants, 30c each; 3 for 80c; 6 for \$1.40.

Gardenia

Bright yellow buds opening into double flowers of a rich cream color. Strong, 2-year, field grown bushes, 25c each; 3 for 65c; 6 for \$1.15.

Mme. Gregoire Staechelin

(Spanish Beauty). Charming new climber. Long, pointed buds flashing carmine opening into flowers of delicate pink. Long stems for cutting. Foliage very resistant to disease. Strong 2-year field grown bushes, only 40c each; 3 for \$1.05; 6 for \$1.80.

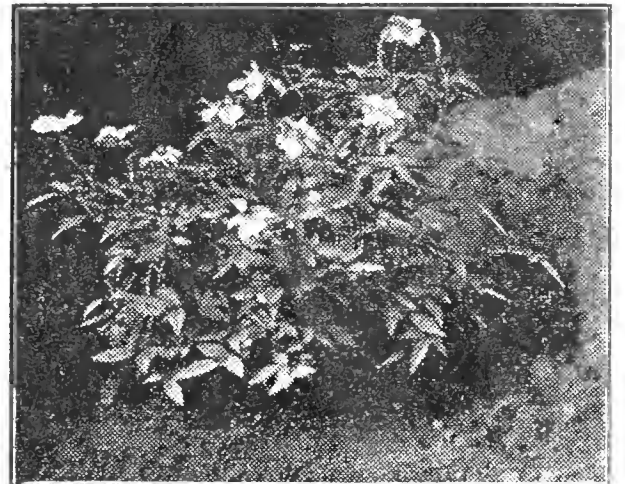

Scorcher

Grand new climber. Flowers, scorching, fiery red, large, semi-double. A great profusion of bloom in June with occasional recurrence during the summer. Very hardy and fast growing. Strong, 2-year, field grown bushes, only 45c each; 3 for \$1.20; 6 for \$2.10.

Rosa Rouletti

(Swiss Rock Garden Rose).

This altogether charming little rose was once popular in the Alpine gardens of Switzerland; but like other favored flowers, disappeared. It has recently regained cultivation, and comes now to us as a welcome addition to our rockery and edging plants. Grows 6 to 7 inches high; dense, small foliage; 3/4 inch double, rose-pink flowers continuous from early summer until frost. Strong 2-year, field-grown bushes, only 40c each; 3 for \$1.05; 6 for \$1.80.

Rosa Rouletti

Baby Rambler

A fine Rose for massing in beds. Seldom attains a height of more than 18 to 24 inches; spreads out about 18 inches. Flowers are crimson-red in color, good size florets. Strong, 2-year, field grown bushes, 30c each; 3 for 80c; 6 for \$1.40.

Cameo

(Polyantha). A new lovely Polyantha, always in bloom. Flowers are a shell-pink with a touch of salmon and gold. Blue ribbon winner in National Flower Show. Large sprays in continuous succession. A real acquisition. Strong, 2-year, field grown bushes, 35c each; 3 for \$1.00; 6 for \$1.75.

PATENTED

Climbing Roses

BLAZE

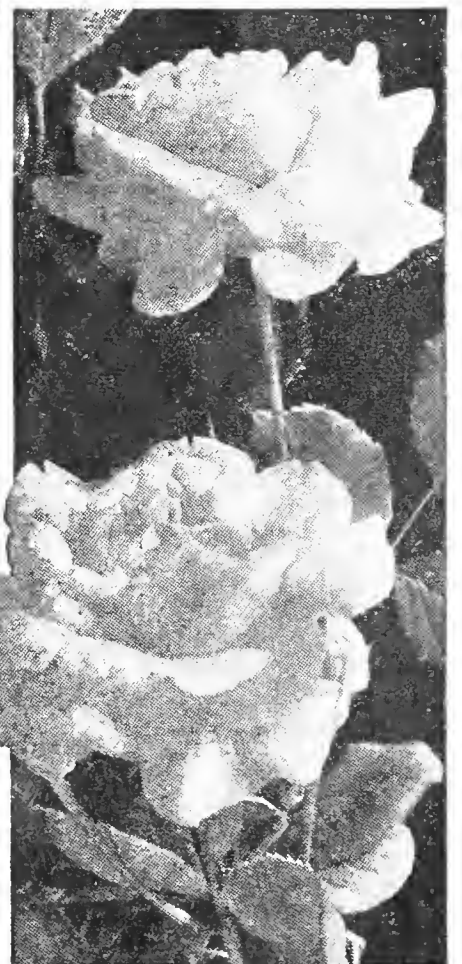

U. S. Patent No. 10

The New Hardy Everblooming Scarlet Climber. Protected under U. S. Plant Patent No. 10. Cross between Paul's Scarlet and Gruss an Teplitz. Blaze is seldom out of bloom. In the middle of August the bushes are covered with vivid scarlet flowers. Strong, 2-year, field grown bushes, \$1.25 each; 6 for \$6.25.

GOLDEN CLIMBER

U. S. Plant Patent No. 28

(Mrs. Arthur Curtiss James). Lovely golden yellow blooms on long stems; semi-double. Long lasting. Of the Hybrid Tea type. Fully grown Roses will average 4 to 5 inches in diameter. Very hardy. Beautiful foliage; vigorous grower. Strong, 2-year, field grown bushes, \$1.50 each; 6 for \$7.50.

Blaze

Golden Climber

Whitten-Ackerman

Perennials

Crimson King Carnation

New! Hardy! Everblooming! Loads of gorgeous rich red, double blooms, on long stems, from June till frost, wonderful, spicy scent. Perfectly hardy. Blooms first year. Similar to Dazzler. Strong plants, 30c each; 3 for 75c; 6 for \$1.35.

Bleeding Heart

(*Dicentra spectabilis*). Hardy old favorite with heart-shaped, rose-colored flowers in drooping spikes. Strong, field-grown plants, with 3 to 5 eyes, 2-year, No. 1, 40c each; 3 for \$1.00; 6 for \$1.85; \$3.50 per doz.

Delphinium

(English Hybrids). Very choice. More delightful color tones and patterns. Among them occur the much prized shades of pink and white, besides the full range of blues; but no particular colors are guaranteed.

BELLADONNA. Magnificent sort; large spikes of delicate turquoise-blue.

BELLAMOSA. A very dark blue. Contrasts strikingly with Belladonna. Strong, field-grown plants, 20c each; 3 for 50c; 6 for 90c.

Tritoma

(Red Hot Poker). Flaming scarlet flowers, the opened lower petals rimmed with orange. Mulch for winter protection. Strong, field-grown plants, 20c each; 3 for 50c; 6 for 90c.

Chinese Lantern Plant

Dense bushes, 2 feet high, with many bright, orange-scarlet, lantern-like fruits. Very popular for winter bouquets of brilliant color. Strong, field-grown plants, 15c each; 3 for 40c; 6 for 70c; \$1.25 per doz.

Oriental Poppies

BEAUTY OF LIVERMORE. Finest dark crimson with black blotch.

MRS. PERRY. Orange-apricot; very beautiful.

PERRY'S WHITE. Lovely satiny white with crimson-maroon blotch. Strong plants, 25c each; 3 for 50c.

Aladdin Chrysanthemum New! Everblooming. July to frost. Exquisite coppery bronze, with an overlay of orange-apricot. Strong plants, 30c each; 3 for 75c.

Pink Cushion Chrysanthemum A marvel of beauty. Entire clump covered with bloom all fall. Beautiful shade of pink. Similar to Azaleamum. Strong plants, 30c each; 3 for 75c.

Mercury Chrysanthemum (Korean Hybrid). A glorious new creation of iron-clad hardiness. From early September to Thanksgiving, the 2-ft. bushy plant is full of flaming bronzy red flowers which change to burnished copper. Has 3-inch flowers; long lasting as a cut flower. Very easy to grow. Strong plants, 30c each; 3 for 75c.

Scarlet Rose Mallow

(A New Hibiscus). Far superior to ordinary Mallow. Very prolific bloomer, having as many as 50 or more flowers open at the same time on a well-matured plant, and the total number of blooms in one season runs into hundreds; has a much longer blooming season than ordinary Mallow. Flowers are large, very brilliant red with tones of salmon or orange. Its glossy, deeply cut, green foliage turns beautiful color, with red predominating in the early fall. The stems are red and very attractive in the fall. Strong, field-grown plants, 40c each; 3 for \$1.00; 6 for \$1.85.

EVERGREENS

Big Size and Baby Size

Our Big Size Evergreens are large enough for immediate effect. Their roots are carefully balled in damp moss or peat, to cut down on weight, and then wrapped in burlap. This insures safe transplanting. Each will weigh from 10 to 15 pounds, and can be shipped by parcel post or express.

Austrian Pine

Austrian Pine

Long, slender, deep green needles. One of the best evergreens for city planting, coal gas and smoke having no effect on its growth. Equally good for seashore and inland. Baby size, 8 to 12 in., 35c each; 2 for 60c. Note: Large size Pines at an unheard of low price. Think of it, a 5 to 7 ft., 10-year-old tree for \$2.50 each; 3 for \$6.50. Your choice of Austrian or Scotch Pine.

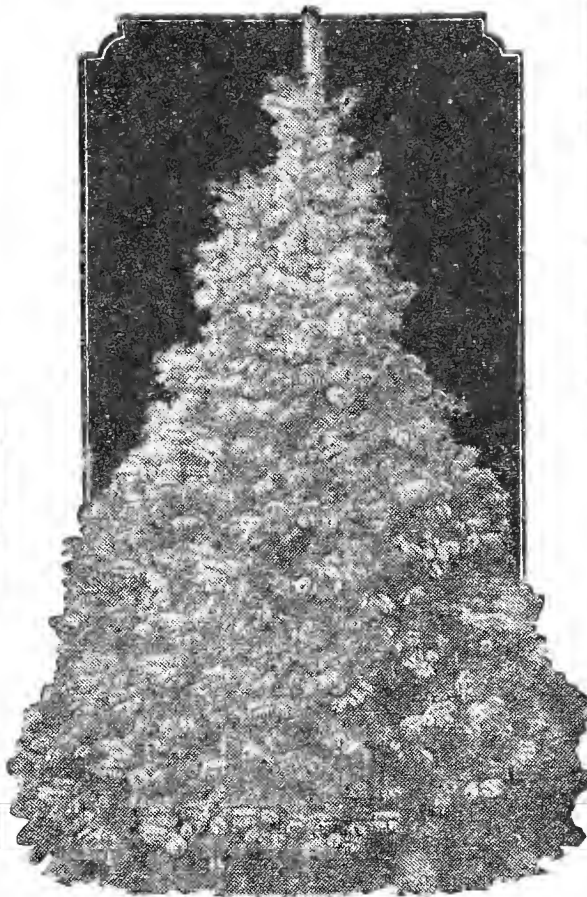

Balled in Moss and burlapped, 18-24 in., XX, only 75c each; 3 for \$2.00.

Norway Spruce

Fine for windbreaks and hedges; equally good for groups or specimens. Tall, rapid grower. Most popular for Christmas trees.

Selected specimens, 4 to 5 ft. tall, balled in moss, only 95c each; 3 for \$2.50. Baby size, 10 to 12 in., 25c each; 2 for 45c.

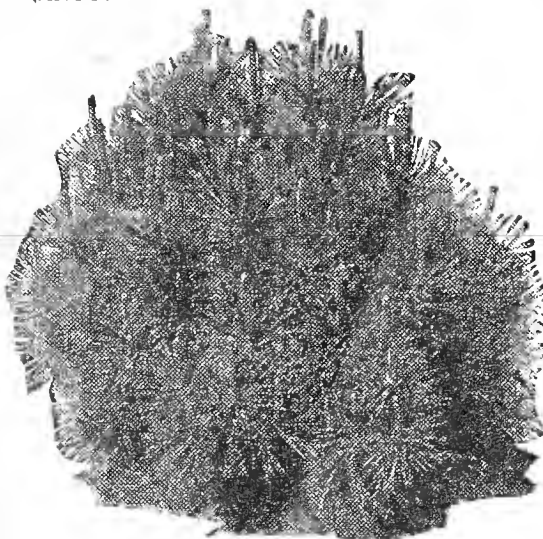

Colorado Blue Spruce

Irish Juniper

Erect and slender, formal and columnar in form. Very compact, deep green foliage. When matured, this tree reaches a height of 6 to 7 feet, but it is never over 1 1/2 feet in diameter. Popular for cemetery plantings as well as for landscaping home grounds. Balled in moss and burlapped, 18 to 24 in. trees, XX, \$1.15 each; 3 for \$3.00. Baby size, 8 to 12 in., 35c each; 2 for 60c.

Mugho Pine

Mugho Pine

Genuine true dwarf type. Growth is dense and plants are thickly covered with heavy, dark green needles. Never grows over 4 to 5 feet tall, but spreads out 6 or more feet in diameter when full grown. Balled in moss and burlapped, 15x18 inch trees, XXX, \$1.75 each; 3 for \$4.50. Baby size, 9 to 12 in., 35c each; 2 for 60c.

Colorado Blue Spruce

Most popular and showy of all Spruces. Glistening silver foliage. Very hardy, good grower, withstands severe winters and excessive moisture, and is very easily transplanted. When dormant the tree acquires a somewhat greenish cast, but as soon as the new growth makes its appearance, clothing it in a deeper cast of blue, the full beauty of this glorious tree can be appreciated to the utmost. Balled in moss and burlapped, 18 to 24 in., XXX, selected specimens, only \$2.50 each; 3 for \$6.50. 2 to 3 ft., XXX, \$3.50 each; 3 for \$9.00. Baby size, 8 to 12 in., 35c each; 2 for 60c.

Pyramidal Arbor-Vitae

Densely columnar type, compact and erect. Foliage is deep green. Height when matured, 12 to 15 feet. Most popular pyramidal tree on the market. Balled in moss and burlapped, 24- to 30-in. trees, XX, \$1.40 each; 3 for \$3.50. Baby size, 8 to 10 in., 35c each; 2 for 60c.

BARGAIN NO. 36

4 Baby Evergreens for \$1.00.

10 Baby Evergreens for \$2.00.

Your Choice of Varieties Listed.

Globe Arbor-Vitae

Splendid globe shape. Maintains itself well under all conditions, and keeps the globe habit without trimming. Seldom higher than 3 feet. Dense, deep sea-green foliage. Balled in moss and burlapped, 12x15 in. specimens, XX, \$1.15 each; 3 for \$2.75. Baby size, 12-in. diameter, 35c each; 2 for 60c.

Pfitzer's Juniper

Extremely popular. Thrives anywhere. One of the few evergreens that will withstand considerable shade. Color is deep green, with a grayish cast. Should be in every evergreen planting. Balled in moss and burlapped, 15 to 18 in., XX, only \$1.50 each; 3 for \$4.00. Baby size, 6 to 10 in., 35c each; 2 for 60c.

CLIMBING VINES

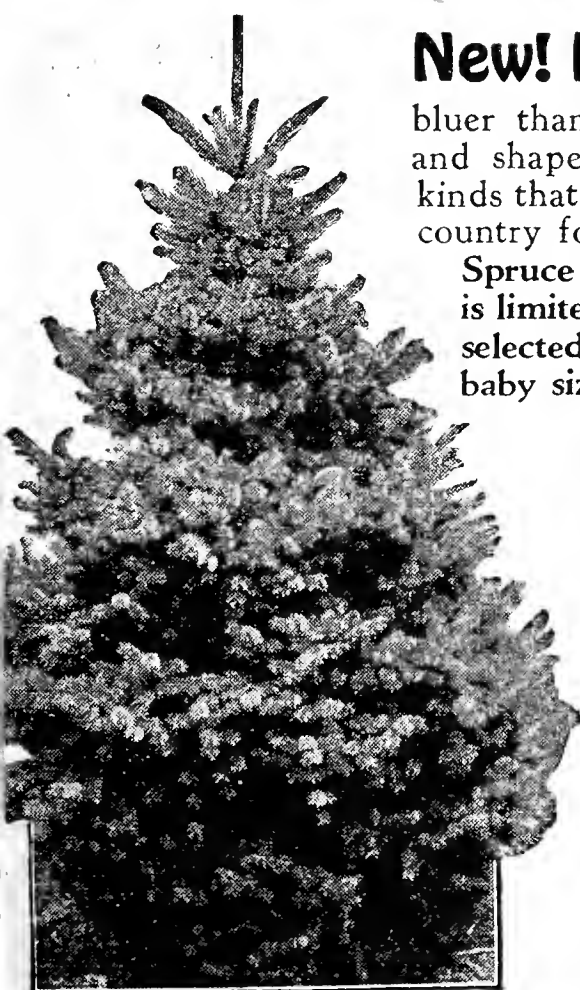

Clematis Jackmani

American Bittersweet

Boston Ivy

Concolor Fir

CHINESE PURPLE WISTERIA. Elegant and very rapid growing. Has long, pendulous clusters of pale blue flowers in May and June, and in autumn. 2 year, No. 1 choice specimens, from blooming wood, 40c each; 3 for \$1.10.

NEW! CLIMBING HYDRANGEA RARE! A mass of white or greenish white, very fragrant flowers, similar to Bush Hydrangeas. Blooms in June or July. Large, shiny, dark green leaves. 2-year vines, 50c each; 3 for \$1.35.

AMERICAN BITTERSWEET. Handsome, glossy foliage, and large clusters of beautiful, orange-crimson berries, remaining all winter. Charming for winter house decorations. 2-year, No. 1 vines, 30c each; 3 for 75c.

MATRIMONY VINE. Fine climber. Purple flowers, followed by scarlet berries. 2-year vines, 25c each; 3 for 60c.

CLEMATIS JACKMANI. Immense flowers of an intense violet-purple color continuously throughout the summer. Strong, 2-year vines, only 80c each; 3 for \$2.25.

CLEMATIS PANICULATA. Produces in late summer dense sheets of pure white flowers, extremely sweet-scented. Grows anywhere; free from insects. 2-year, No. 1 vines, 30c each; 3 for 75c.

KUDZU VINE. Hardy. Large foliage and dense shade. Runs 30 to 40 feet in one season. Blooms in August. Rosy purple, pea-shaped, in small racemes. 2-year, No. 1 vines, 20c each; 3 for 50c.

HONEYSUCKLE, HALL'S JAPAN. Strong, vigorous vine, with pure white flowers changing to yellow. Extremely fragrant, and blooms all summer. 2-year, No. 1 vines, 20c each; 3 for 50c.

HONEYSUCKLE, SCARLET TRUMPET. Similar to Hall's Japan, but with trumpet-shaped flowers of bright scarlet. 2-year, No. 1 vines, 25c each. 3 for 60c.

BOSTON IVY. One of the finest hardy climbers for covering walls and trunks of trees, as it clings firmly to any surface. Deep green in summer, bright red in autumn. 2-year, No. 1 vines, 35c each; 3 for 95c.

SILVER LACE VINE. Unusually charming. Climbs gracefully anywhere. Grows very rapidly, averaging 25 feet in a season. A well-grown specimen is a cloud of lacy, misty white shot with tints of cream and pale rose of exquisite effect. Blooms late summer and fall. Strong, 2-year vines, 50c. each; 3 for \$1.25.

New! Moerheim's Blue Spruce

The Finest Blue Spruce. Much bluer than either Koster's or Colorado Blue Spruce. Grows straight and shapely. Originated in Holland, and so much superior to other kinds that the U. S. Government allowed the stock to come into the country for propagating purposes. You'll surely want this excellent

Spruce in your evergreen planting, so order early, for our stock is limited. Price, balled in moss and burlapped, 18-24 in., XXX, selected specimens, only \$3.25 each; 3 for \$9.00. No baby size in this variety.

Concolor Fir

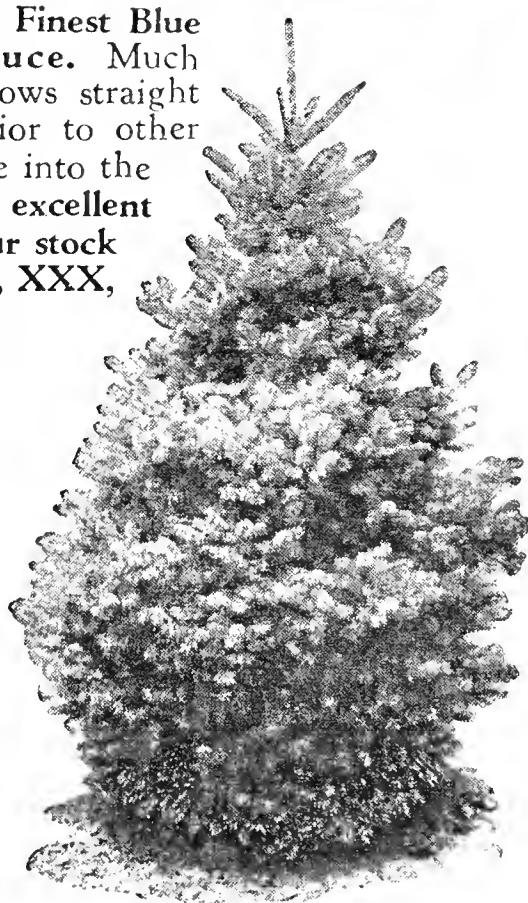

Blue tinged, showiest of all Firs. One of the most attractive evergreens in winter. Retains its lower branches, has no insect enemies, and is the best Fir tree to withstand heat and drought. Its large, flat leaves, thickly disposed on the branches, are very noticeable, giving it a dignified appearance. No evergreen planting is complete without Concolor Fir. Balled in moss and burlapped, 18-24 in. trees, XXX, only \$2.50 each; 3 for \$6.50. Baby size, 6-8 in., 40c each; 2 for 75c.

Cornus Florida

Cut-Leaf Sumac

Prunus Triloba

Catalpa Bungei

WHITTEN-ACKERMAN

All 2- and 3-year-old, strong and vigorous, well-branched and well-rooted. We offer no small, spindly whips.

Ailanthus (Tree of Heaven). Green, palm-like leaves; fast grower. Thrives in city lots exposed to gas and smoke. Extra heavy-rooted 3-4 ft. tree, 30c each; 3 for 80c; or 10 for \$2.25.

Cornus Florida (White Flowering Dogwood). White flowers, before leaves appear. Grayish green foliage, turning red in fall. Tall grower. Strong, 2-year, 2-3 ft. trees, only 50c each; 3 for \$1.35; or 10 for \$4.00.

Cut-Leaf Sumac (Rhus Typhina laciniata). Small growing tree, with deeply cleft leaves, which turn dazzling red in fall. Late June flowering, followed by red fruit until fall. Strong, 2-year, 18-24 in. stock, 30c each; 3 for 80c; or 10 for \$2.25.

Prunus Triloba (Double-Flowered Plum). The Rose Tree of China. This small growing tree is covered with double-pink blooms, early in the spring, before the leaves appear. Seldom attains a height of more than 8 feet. Strong, 2-year, 2-3 ft. trees, 45c each; 3 for \$1.25; or 10 for \$3.75.

Prunus Pissardi (Purple-Leaved Plum). Has almost black bark, with striking pinkish purple leaves in spring that deepen in color as season advances. Has single white flowers. Strong, 2-year, 2-3 ft. trees, 40c each; 3 for \$1.05; or 10 for \$3.00.

Catalpa Bungei (Umbrella Catalpa). Small tree with shapely, round head. Large heart-shaped leaves. Strong, 5-ft. trees, with 2-year heads, only 90c each; 3 for \$2.55; or 10 for \$8.00.

Cornus Florida Rubra (Red Flowering Dogwood). Covered in early spring with masses of large, rose-red blooms. Red berries in fall. Slow growing. Strong, 2-year, 2-3 ft. trees, \$1.25 each; 3 for \$3.50; or 10 for \$10.50.

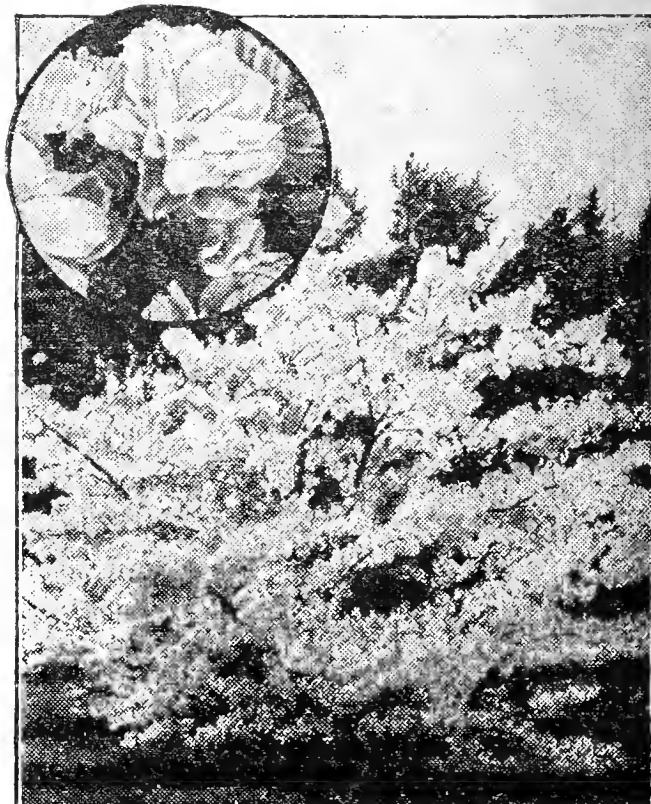

Kwanzan Japanese Flowering Cherry (Sacred Gate). Flowers are very full and double, deep pink or old rose, varying in tone according to weather conditions. Vigorous, 2-year, 3-4 ft. trees, only 90c each; 3 for \$2.55; or \$8.00 for 10.

Yoshino Japanese Flowering Cherry The loveliest of all kinds, is found blooming along the Tidal Basin at Washington. Buds are red, flowers single, blush pink fading to white with reddish center. Fine 2-year, 3-4 ft. trees, 90c each; 3 for \$2.55; \$8.00 for 10.

Japanese Weeping Cherry Large, rose-pink double blooms in large clusters. Grows 10 to 15 ft. in height. Very sweet-scented. Drooping branches. Strong, 2-year, 4-5 ft. trees, \$2.00 each; 3 for \$5.50.

Tree Form Moss Locust

Flowering Peach

Cut-Leaved Weeping Birch

Moss Locust (Tree Form)

The same as shrub Rose-Acacia (see page 45), with exception that this variety is grafted on stems 2 to 3 feet tall. Very hardy. Strong trees, with 3-yr. heads, \$1.00 each, 3 for \$2.50.

Flowering Peach

In May every branch and twig is bright with perfectly formed double flowers, before the leaves appear. Very hardy where temperatures do not go below 10 below zero. 2-yr., 2-3 ft. tree, 60c each; 3 for \$1.50; or 10 for \$4.00.

Cut-Leaved Weeping Birch

A tall, slender tree of vigorous growth, with graceful drooping branches, silvery white bark and delicately cut foliage. Strong, 2-year, 4-5 ft. trees, \$1.10 each; 3 for \$3.00; \$9.00 for 10.

Paul's Double Scarlet Thorn

Very hardy tree with attractive deep cut leaves, in May-June it is covered with double, scarlet-red flowers, followed by showy red berries. Low growing. Strong, 2-yr., 4-5 ft. trees, \$1.10 each; 3 for \$3.00; or 10 for \$9.00.

Eleyi Crab

Red-Leaved Crab. Brilliant purplish red foliage. Has rich red flowers, in thick clusters like apple blossoms, followed by showy clusters of dark red fruit in the fall. Fine, 2-yr., 2-3 ft. trees, 40c each; 3 for \$1.05; or 10 for \$3.00.

Japanese Red-Leaved Maple

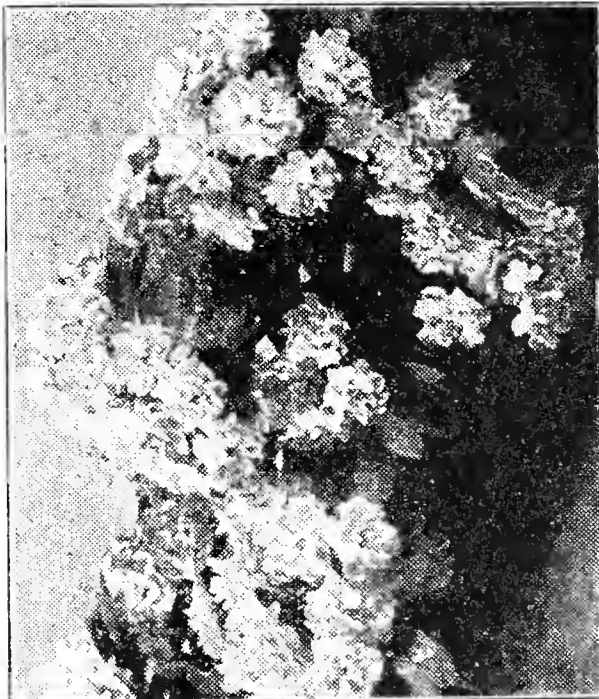

Hardy, dwarf growing tree, seldom maturing over 10 feet. Their indented leaves are vivid blood-red in summer, which dulls to bronzy purple-red or bronze-green towards fall. Fine trees, 2-yr., grafted, 15 to 18 in., balled and burlapped for best results, at only \$1.95 each; 3 for \$5.50.

Judas Tree

(Redbud). Beautiful bright pink blossoms in early spring before leaves appear. Medium size tree with large, irregular head and heart-shaped leaves. Strong, 2-year, 3-4 ft. trees, 40c each; 3 for \$1.05; or 10 for \$3.00.

Bechtel's Double-Flowering Crab

A Rose in Disguise! A wonderful, low, bushy tree which blooms when quite young. Words fail to describe its surpassing beauty when in bloom. At a distance the tree seems covered with dainty roses of delicate pink color. Very fragrant. Especially desirable for lawns and for use in the small yard. Strong, 2-year, 2-3 ft. trees, 50c each; 3 for \$1.35; \$4.00 for 10.

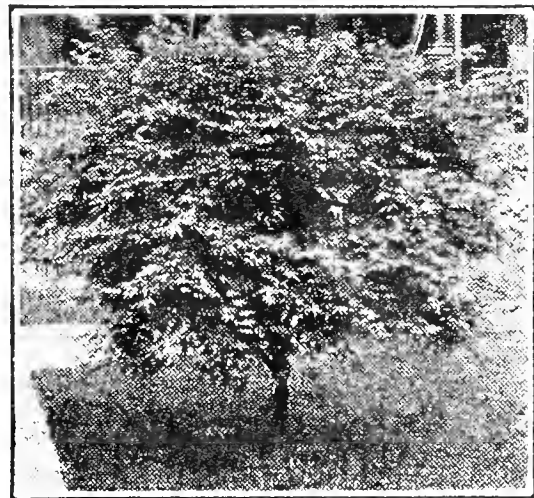

Paul's Double Scarlet Thorn

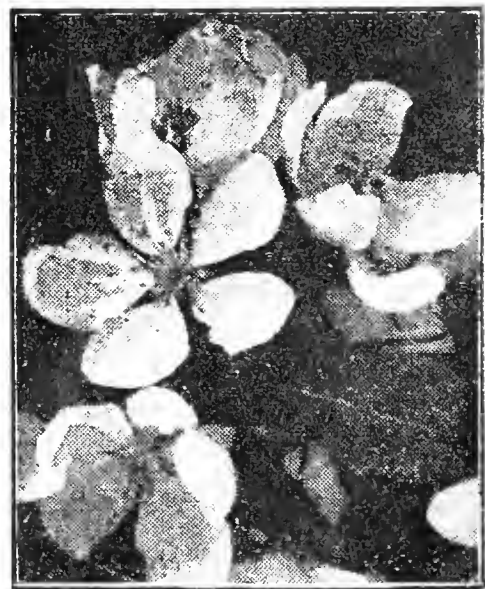

Bechtel's Dbl. Flw. Crab

Judas Tree

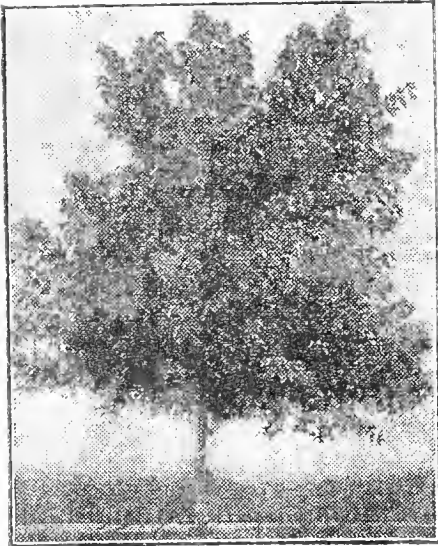

Japanese Red-Leaved Maple

Eleyi Crab

Ornamental Trees *Cont'd*

Silver Maple

Silver Maple (*Acer dasycarpum*). Very hardy, rapid growing native tree, valuable for producing quick shade. Good sized, rather deeply and irregularly indented leaves, which turn yellow and bronze in the fall. Trees well rooted, well branched, straight trunks; all fine, sturdy specimens. Prices: 2-yr., 5-6 ft., 30c each; 3 for 80c; 10 for \$2.50. 2-yr., 6-8 ft., 50c each; 3 for \$1.35; 10 for \$4.00. 3-yr., 8-10 ft., 75c each; 3 for \$2.10; 10 for \$6.50.

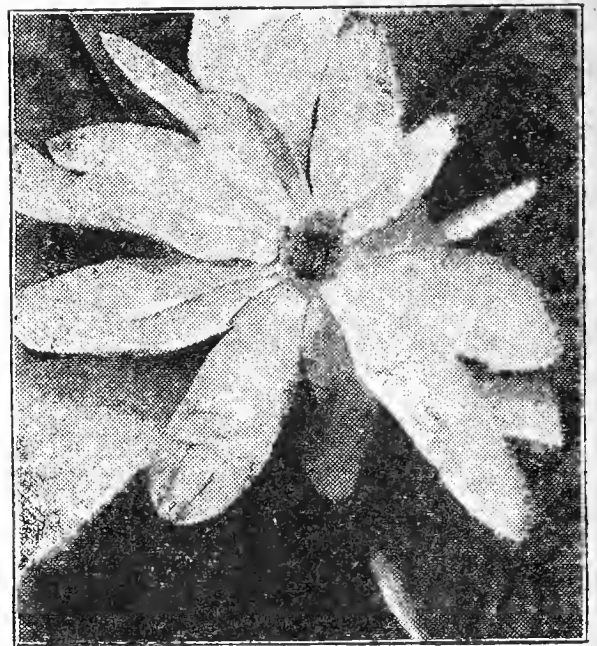

Poplar, Lombardy A tall tapering tree, rapid grower, attaining a height of 60 feet in a short time. Leaves dark green, with silvery surface below. Prices: 2-year, 4-5 ft. trees, 30c each; 3 for 80c; 10 for \$2.35. 2-year, 6-8 ft. trees, 45c each; 3 for \$1.25; 10 for \$3.75. 3-year, 8-10 ft. trees, 75c each; 3 for \$2.00; 10 for \$6.50.

Magnolia Tripetala Attains a height of 30 to 40 feet; has immense leaves, usually 12 to 24 inches long, and from 7 to 10 inches wide. Leaves grow in clusters about the large white flowers and rose colored fruit cones. Fine, 2-3 ft. trees, \$1.00 each; 3 for \$2.50; 10 for \$7.50.

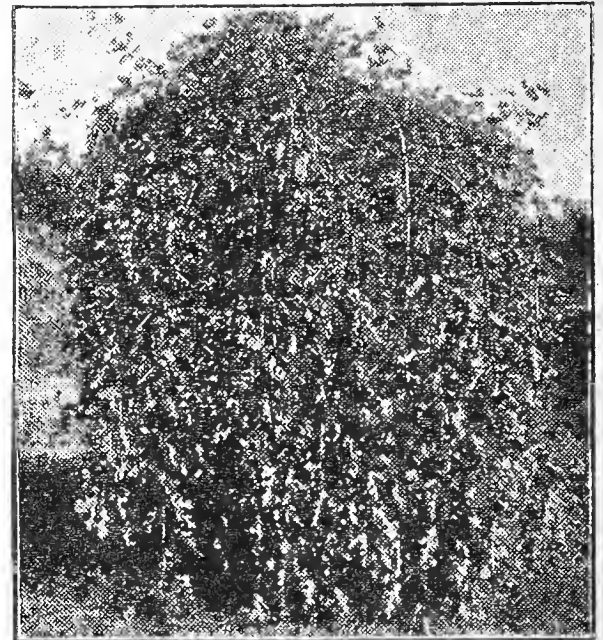

Teas' Weeping Mulberry Tree is hardy, weeping and graceful. Forms a perfect shaped head, with long, slender branches which droop to the ground. Useful in cemetery plantings, and well adapted for small ground, specimens. We offer well developed trees, with straight stems, at an unusually attractive price. 2-year, 5-6 ft. trees, \$1.10 each; 3 for \$3.00; or 10 for \$9.00.

Wisconsin Weeping Willow A graceful tree of large size. Its fresh, bright green tint, and long, wavy branches make it very attractive. This is the most generally planted variety, and makes immense broad-topped specimens. Long, fine leaves on slender branches. Grows rapidly. Strong, 2-year, 4-5 ft. trees, 70c each; 3 for \$1.95; 10 for \$6.00.

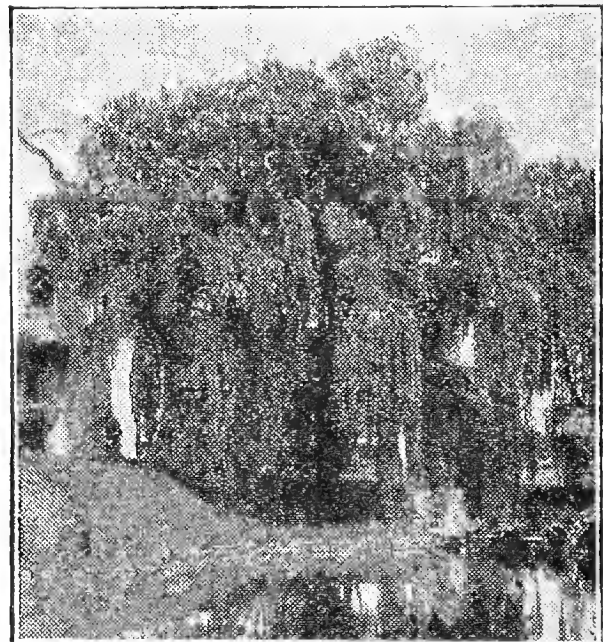

European Mountain Ash (*Sorbus aucuparia*). A hardy, medium size, smooth barked tree; head dense and regular. Covered from July until winter with large clusters of bright red berries. Reaches a height of 25 to 30 feet when matured. A most beautiful and attractive tree. Strong, 2-yr., 5-6 ft. trees, 90c each; 3 for \$2.55; 10 for \$8.00.

Magnolia Tripetala

Teas' Weeping Mulberry

Wisconsin Weeping Willow

Chinese Elm (*Ulmus pumila*). Very rapid grower. Will give ample shade in only 5 or 6 years from planting. Has dense, dark green foliage; is the first shade tree to leaf out in the spring, and the last to shed its leaves in the fall. Resists drought and cold, and succeeds in all parts of the United States. Does well in all soils, except on low, wet ground. Prices: 2-yr., 3-4 ft. trees, 30c each; 3 for 80c; 10 for \$2.35. 2-yr., 6-8 ft. trees, 60c each; 3 for \$1.65; 10 for \$5.00. 3-yr., 8-10 ft., \$1.00 each; 3 for \$2.50; or 10 for \$7.50.

HEDGE PLANTS

Red-Leaved Barberry

Red-Leaved Japanese Barberry

The greatest really worth while, and most outstanding novelty of a lifetime. Excepting color of foliage, it is similar in all respects to the green-leaved Japanese Barberry, so popular for hedgings, shrubbery borders, group plantings, or as single specimens on the lawn. Its foliage, however, as it develops in early spring, assumes a deep, bronzy red color, similar to the richest red-leaved Japanese Maple, which it retains until fall, when it changes to vivid orange, scarlet and red shades, far more brilliant than the ordinary Japanese Barberry. This unrivaled coloring is followed by the same scarlet berries common to the type, which remain on the plant

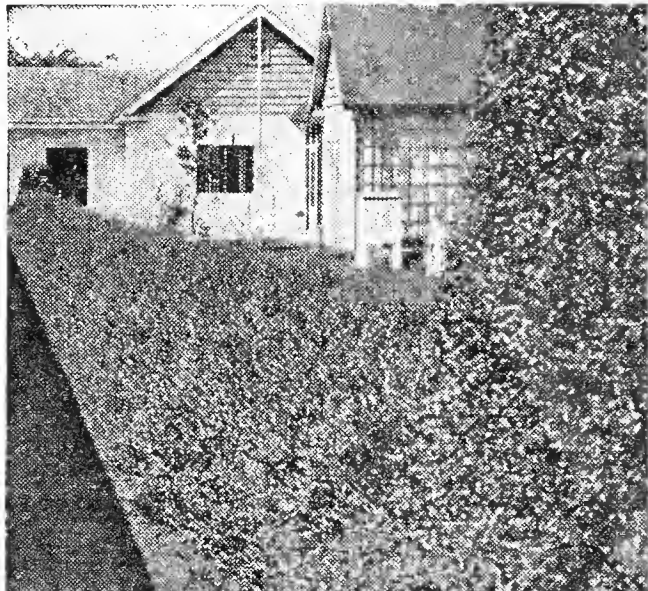

throughout the entire winter.

Hardy Dwarf Boxwood

Elegant dwarf shrub with deep green, glossy, dense foliage, which may be pruned into any shape desired. Propagated here in Michigan, and entirely hardy. Unsurpassed by any other hardy edging in refinement and lustrous beauty. Usually offered at very high rates, but we are now pricing Boxwood within reach of all.

Amoor River North Privet

One of the best hedge plants because of its extreme hardiness. It is of similar form and habit to the well known California type, but much hardier. Of fine, upright growth with lustrous dark green foliage,

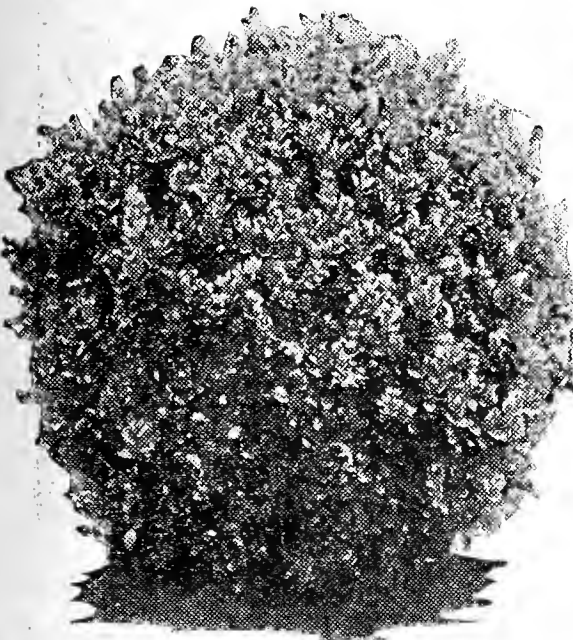

Chinese Elm Hedge

Chinese Elm makes one of the finest of hedges. Especially desirable for states of slight rainfall and where extreme hardiness is required.

The hedge, limbs clear to the ground, is a bright rich green from very early in the spring, as it is much earlier than other hedges and carries its foliage, which colors with frost, way into the fall.

Trim same as Privet or other similar hedges.

Boxwood Trimmed to Ball Shape

nearly evergreen. Grows quickly, making a hedge the first year, and succeeds in practically all soils. Especially valuable for hedges and borders in cold or exposed locations. When planting cut back to 4 inches above ground to make hedge bushy at bottom.

California Privet

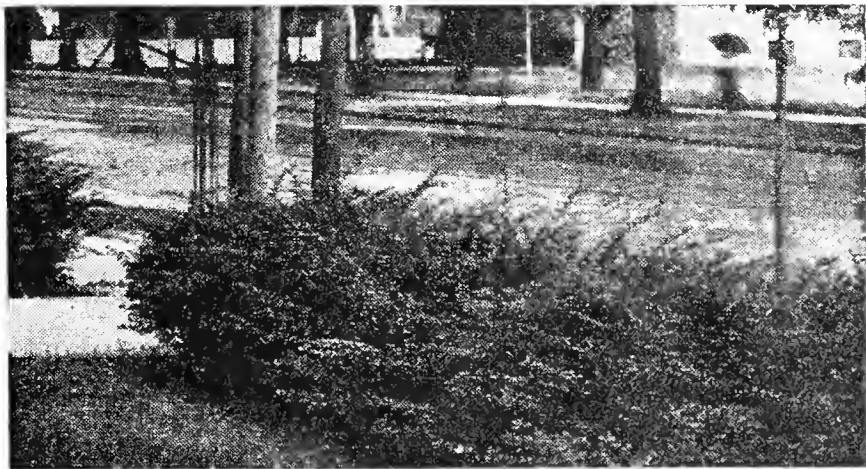

One of the finest all-purpose hedges. A pretty shrub with smooth, shining leaves of unusual beauty. Thrives in almost any soil. Equally pretty for shrubs and in group plantings. Shears splendidly to any shape or form. Sometimes subject to winter injury in the coldest climates.

Japanese Barberry

(Berberis Thunbergi). Immune to rust. Dwarf growing, uniformly bushy and rounded in form, numerous leaves covering thorny twigs. As a filler, edging for other shrubbery, as foundation screen in front of porches, as a hardy, low hedge, it is unsurpassed. Foliage bright, rich green, turning to a blaze of crimson and gold in autumn. Small, creamy white flowers followed by oval red berries which gleam along every branch in late fall, and far into winter.

Russian Mulberry

Makes a dense hedge from the ground up, unlike most other hedging varieties. Excellent for tall hedges, but can be pruned to any height desired. Attractive foliage. Very hardy. Best hedge for the Northwest. (See illustration on back cover).

Field Grown Shrubs

ALL STRONG 2 TO 3 YEAR OLD WELL ROOTED

ALTHEA (Rose of Sharon). Beautiful tree-like shrub, blooming late in August and September with a profusion of large and brightly colored flowers. Grows 10 to 12 feet high. Attractive as a specimen or for hedges. Your choice of White, Purple, Red or Pink. All Double Flowering.

SPECIAL. Mixed colors Althea, 2-year, strong bushes, 15c each; 6 for 85c; 12 for \$1.65, or \$12.00 for 100.

BUDDLEIA MAGNIFICA. Tall, lavender spikes of flowers July to October. Grows 3 to 4 feet tall. Semi-perennial.

BUDDLEIA, BRIDAL BOUQUET. Very hardy. Has both hardy tops and roots. It is a three-point beauty, having beautiful foliage, flowers and form. Beautiful lavender flowers appear in profuse clusters, with leaves appearing alternately, all along the slender, graceful drooping stems. Remember, it does not die down during the winter like other Buddleias.

DEUTZIA, PRIDE OF ROCHESTER. Large, white flowers tinged with rose. Profuse bloomer. Very hardy. Grows 6 to 8 feet tall, useful for specimens or background.

PURPLE LILAC. It is hard to outclass this old-fashioned purple Lilac. Early, prolific bloomer, very fragrant. Very fast grower.

FORSYTHIA INTERMEDIA. Earliest blooming. Lights up the garden with masses of yellow flowers, often before the snow is gone. Tall grower.

FORSYTHIA FORTUNEI. Erect growing. Tall-est and most slender of the Forsythia, and especially desirable for tall background. Lovely golden yellow flowers very early in spring.

FORSYTHIA SPECTABILIS. Tall growing. Excellent for background. Covered in early spring with glowing yellow flowers, very broad and heavy.

MOCK ORANGE (Philadelphus Coronarius). Tall, hardy and vigorous. Blooms in May, in graceful sprays of large, white flowers which are delightfully fragrant. Grows 8 to 10 feet tall.

WEIGELA ROSEA. Beautiful pink, trumpet-shaped flowers May to July. Grows 5 to 6 feet tall. A good shrub; good flowers, good foliage, easy to grow.

WEIGELA CANDIDA. Similar to above but with lovely white flowers.

HONEYSUCKLE, TARTARIAN PINK. Bright pink flowers, followed by red berries in the fall. Bushy, upright. Grows 8 to 10 feet high.

ILE DE FRANCE—New! Purple Buddleia. Rich purple color. Tall flower spikes often a foot tall. This variety greatly surpasses all other Buddleias for brilliance of color, grace of flower-spikes, and uniform habit of growth. Bloom from August to late fall. 2-yr., strong bushes, 40c each; 3 for \$1.00.

Red Snowberry

White Snowberry

Golden Elder

Tamarix Africana

SNOWBERRY, RED (*Symphoricarpos vulgaris*). Often called Coral-Berry or Indian Currant. Similar to White Snowberry but with red berries.

SNOWBERRY, WHITE (*Symphoricarpos racemosus*). A desirable shrub with small, pink flowers, followed by large, white, waxlike berries, which hang on the plant through most of the winter. Is very showy and succeeds everywhere. Does well in shade. Grows 3 to 4 feet tall.

TAMARIX AFRICANA Tall shrubs, 8 to 10 feet high, with fine feathery foliage and small, bright pink flowers, in slender racemes in April and May. Splendid for planting in damp or other places.

GOLDEN ELDER (*Sambucus nigra aurea*). A variety with golden-yellow foliage and large, flat clusters of white flowers. Contrasts beautifully when planted with green-leaved shrubs. Grows 6 to 8 feet high, but should be pruned back severely each spring to secure denser and bright foliage.

HYPERICUM-PROLIFICUM (Gold Flower). Shrubby St. John's Wort. Vigorous, hardy shrub, with compact branches and dark green leaves. Flowers are bright yellow, in terminal clusters, in late summer.

SNOWBALL Well known favorite. Lovely white flowers, which appear in numerous, compact balls. Valuable for specimen plants and also for grouping and massing.

JAPAN QUINCE (Burning Bush). Very early in the spring this fine, attractive shrub is completely covered with dazzling scarlet flowers followed by small, fragrant, quince-shaped fruits. Foliage is dark, glossy green. Very desirable for single specimens, also hedges.

WHITE KERRIA Grows 5 to 6 feet high in rounded form. Has beautiful light green, corrugated foliage. Large, single, white flowers in May are followed by black berries which remain throughout the winter. Grows well in partial shade.

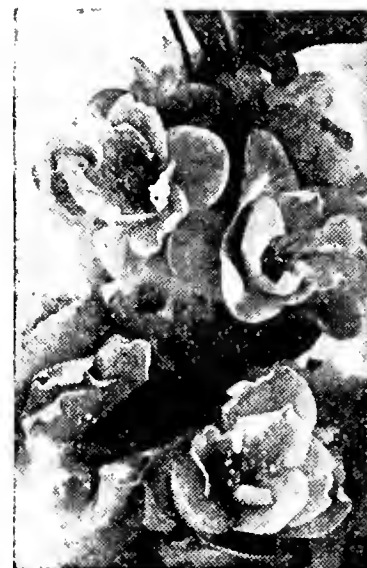

SPIREA VAN HOUTTEI The flowers are pure white, and borne in dense clusters along the whole length of the branches. Excellent as a hedge plant or for grouping with other shrubs. Well branched, 2-year, 18-24 in. bushes, 14c each; 6 for 65c; 12 for \$1.15; or 50 for \$4.25. Heavy, 2-3 ft. bushes, at 20c each; 6 for \$1.00; 12 for \$1.85; or 50 for \$5.50. Extra large, 3-year, 3-4 ft. bushes, 25c each; 6 for \$1.25; 12 for \$2.15; or \$8.00 for 50.

SPIREA CALLOSA ROSEA. A dwarf Spirea, producing large, flat clusters of reddish pink flowers nearly all summer. An especially desirable Spirea on account of its long blooming habit.

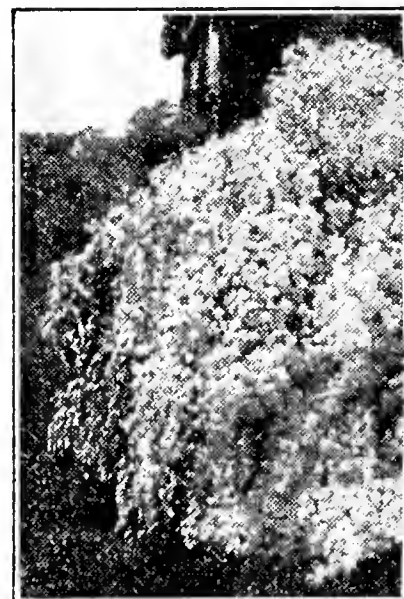

SPIREA AUREA (Golden Spirea). A strong, upright grower, attaining a height of 8 to 10 feet, although the branches are loaded with a mass of feathery white flowers in June that makes the branches droop somewhat. The young foliage is bright yellow, changing to golden bronze in autumn.

Similar in growth and attractive foliage to Pink Tartarian Honeysuckle, but with light crimson flowers in early summer. A very choice shrub.

Hydrangea A. G.

Field Grown Shrubs

ALL STRONG 2 TO 3 YEAR OLD WELL ROOTED

Any Shrub on this Page

Flowering Almond Pink. Early spring-flowering shrub, usually in full bloom before leaves appear. Growth dwarf and bushy, compact, with slender branches. Fine plants to use in grouping or for lawn. Flowers are very showy, and produced in great abundance.

High Bush Cranberry (*Viburnum opulus*). Magnificent shrub, of upright, spreading form, with smooth, light gray branches and broad,

oval, 3-lobed, bright green leaves. Produces small, white flowers which are borne in broad, flat clusters surrounded by a ring of large, sterile flowers. These are followed by very showy scarlet berries, which cling to the bush all winter. Grows 8 to 10 feet tall.

Dogwood (Redtwig). One of the best native shrubs; free flowering; very handsome when in bloom, and with its white berries on red stems in the fall. Grows compactly, 6 to 10 feet in height.

30¢
each

3 for 85¢

Japanese Snowball (*Viburnum plicatum*). One of the very best of the Snowballs, with purple tinted leaves. Erect and compact growing, reaching a height of 6 to 8 feet. Bears a mass of white flower clusters in June.

Weigela Eva Rathke Very charming with its deep, carmine-red, bell-like flowers in June and again later. Low growing, only reaching a height of 3 to 4 feet, and spreading in character.

Japan Snowball

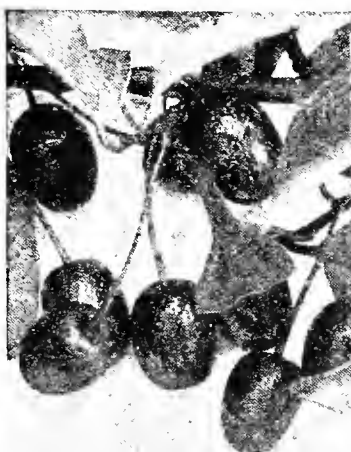

Weigela Floribunda A beautiful, comparatively new shrub, with large, showy red flowers appearing in profuse clusters and almost hiding the glossy green leaves. Commences blooming early in spring, and continues all summer. This attractive shrub should be in every border planting.

Weigela Floribunda

Siberian Pea Shrub

Russian Olive

Weigela, Eva Rathke
grant, followed by ornamental yellowish brown fruits with silver scales.

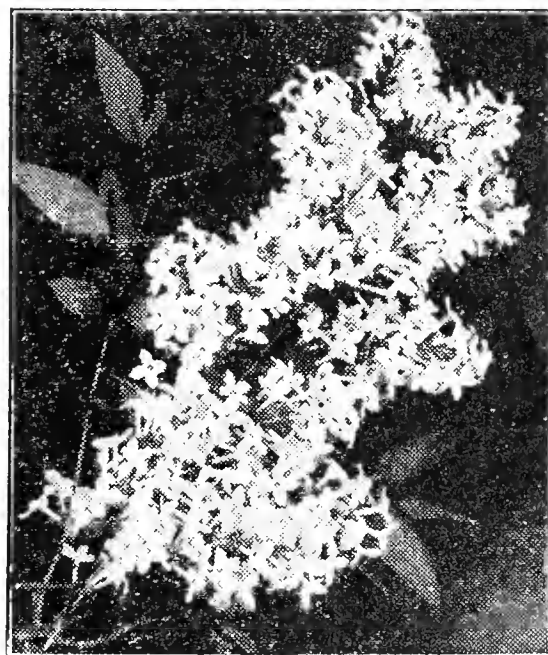

Russian Olive

Rugged, tree-like shrub, growing 10 to 12 feet high. Foliage is a beautiful, silvery gray, contrasting sharply with other shrubs. Flowers are deep golden and very fragrant.

Siberian Pea Shrub Tall shrub, 10 to 12 feet high, with bright green, compound leaves and many small clusters of yellow flowers in May and June. Useful for group or background planting. Hardest and best hedge shrub for the Northwest.

Rose-Acacia

Pussy Willow

Rose-Acacia

(Moss Locust). Elegant shrub, with light green pinnate leaves, and long, graceful clusters of pea-shaped, rose colored flowers in June and often later. An attractive addition to any planting.

Lilac, Persian Purple

A decided improvement over the common Lilac. A shrub with slender, arching branches, attaining a height of 5 to 10 feet. The foliage is small, the flowers bright purple. Blooms in May and June. A much more profuse bloomer than the common, and does not sprout so much from the roots. We consider the Persian much preferable. Extra fine, heavy bushes.

Tree Form Hydrangea P. G.

Beautiful, well developed trees of the true P. G. type that are ready to jump right in and grow. Good roots and plenty of branches. We don't need to tell you where to plant them—they're beautiful anywhere. Very large clusters of white flowers, changing to pink. A bargain at the price we ask. Heavy, 4-5 ft. trees, 75c each; 3 for \$2.00; or \$3.85 for 6.

Smoke Tree (Purple Fringe; Rhus Cotinus). UNIQUE,

spreading, treelike shrub with large leaves. Overhung in midsummer by cloudlike masses of mistlike flowers having the appearance of smoke. Foliage changes to a brilliant red and yellow in fall. Good as a single specimen on the lawn, or to mass with tall shrubs. Fine, 2-year, 18-24 in. specimens, 45c each; 6 for

\$2.40; or \$4.20 per doz.

Korean Spirea (Trichocarpa). A handsome new

shrub acclaimed the best of all Spireas. Grows 4 to 6 feet tall, and forms a big dome-shaped bush covered in spring with large, rounded clusters of snowy flowers marked with darker eyes. Very hardy. More robust and blooms two weeks later than Spirea Van Houttei, and is far more desirable. Strong, 2-year, 18-24 in. shrubs, 35c each; 3 for \$1.00; \$3.50 per doz.

Pink Snowball - New! Perfumed!

(Viburnum Carlesi). Produces delicate, spice-scented flowers in May and June. The buds are an attractive pink, opening into clusters of pure white. The large flowers preserve their form and purity of color an unusually long time. Bush is low growing and of rounded form. Strong, 2-year, 18-24 in. bushes, balled and burlapped, 75c each; or 3 for \$2.00.

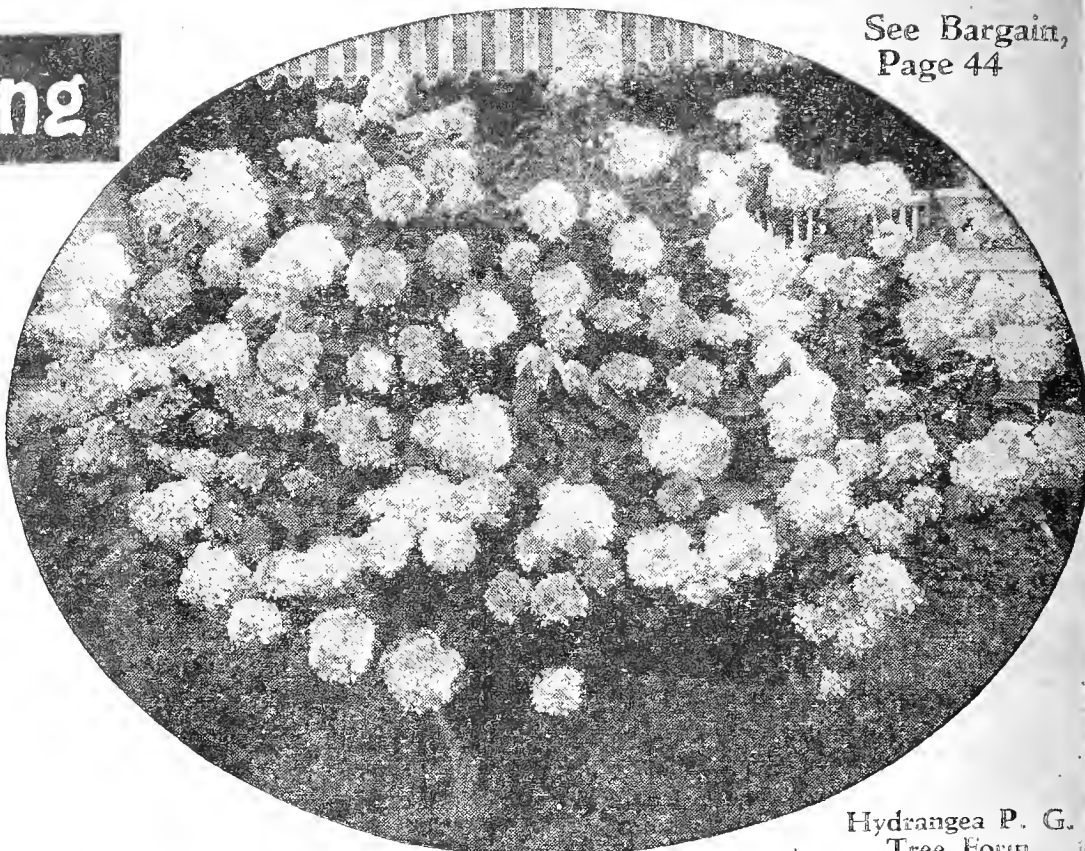

Philadelphus Virginalis

Wonderful new Mock orange. The most beautiful white-flowering shrub that has been introduced for many years. Has very large, semi-double blooms, pure white, sweetly scented, appearing in clusters of six or seven. Closely resembles a bride's bouquet of orange blossoms; ranks among the best for cutting. Vigorous, tall grower, used with striking effect as a hedge; also makes fine individual specimens. Heavy, 2-year, 2-3 ft. bushes, 40c each; 3 for \$1.10; or \$3.75 per doz.

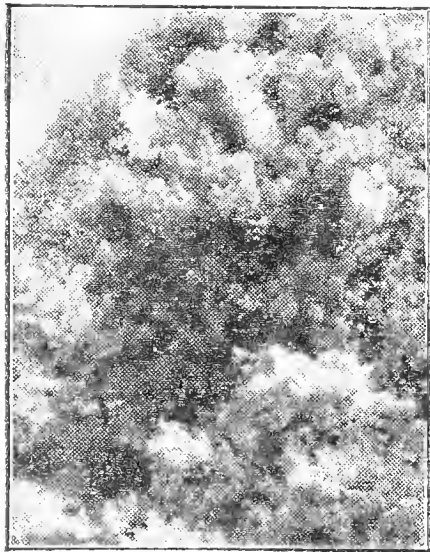

Beauty Bush (Kolkwitzia amabilis). Exquisite!

New shrub from China. Covered early in May with the utmost profusion of small, bell-shaped, clear pink flowers with brownish spots and veins. The tiny rose-colored buds are fascinatingly hooded with fuzzy jackets which remain to decorate the seed pods. Graceful the year 'round, and perfectly hardy.

Strong, 2-yr., 15-18 in. bushes, 40c each; 3 for \$1.10; or \$3.75 per doz.

REAL ARISTOCRATS

Daphne Cneorum

Charming "Garland Flower"

Very dwarf shrub, with spreading branches covered with blue-green leaves. Almost evergreen. Each branch stem is tipped with a dense cluster of rose-pink, deliciously fragrant flowers, in April and May, and at intervals during the summer. Hardy but should be given a sunny location in northern states. Strong, 8-10 in. bushes, balled and burlapped, at only 85c each; or 3 for \$2.25.

Blue Althea

New! Blue. A rather scarce color in flowering shrubs. Has charming, large, single flowers, of a deep blue shade, with a crimson eye. Blooms freely from early summer to late fall. Strong, 2-yr., 2-3 ft. bushes, 40c each; 3 for \$1.05.

Gorgeous Azalea Mollis

Strikingly beautiful. A flaming mass of orange, yellow or red bloom during May. The large, 2½-inch flowers appear in bunches at the ends of the shoots. Hardy. Grows about 2 feet high, and does well in both sunny and partially shaded locations. Strong, 12-15 in. bushes, balled and burlapped, only \$1.25 each; 3 for \$3.25.

Blue Althea

Blue Hydrangea

Loveliest Novelty Ever Introduced.

Immense blooms of most charming blue color imaginable. Flowers in great profusion. Blooms pink flowers on the one-year stems, followed by blue on the two-year wood. In other words, it is necessary to have the two-year-old wood to have the Blue Hydrangea. Cover in winter to protect from frost. Fine, 8-12 inches bushes, 75c each; 3 for \$2.00. Strong, 18-24 in. bushes, only \$1.25 each; 3 for \$3.20.

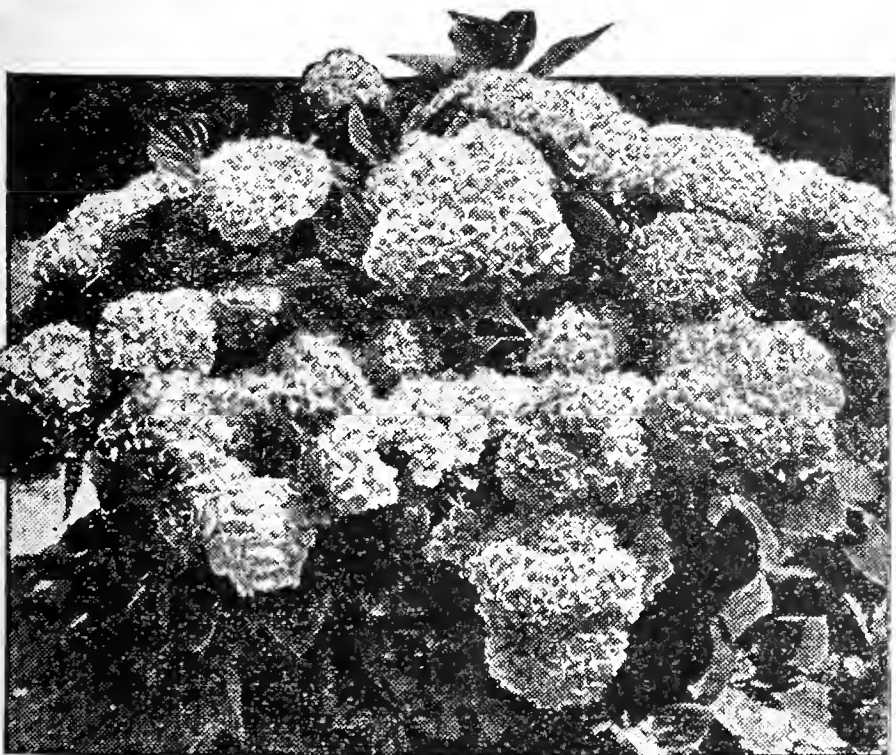

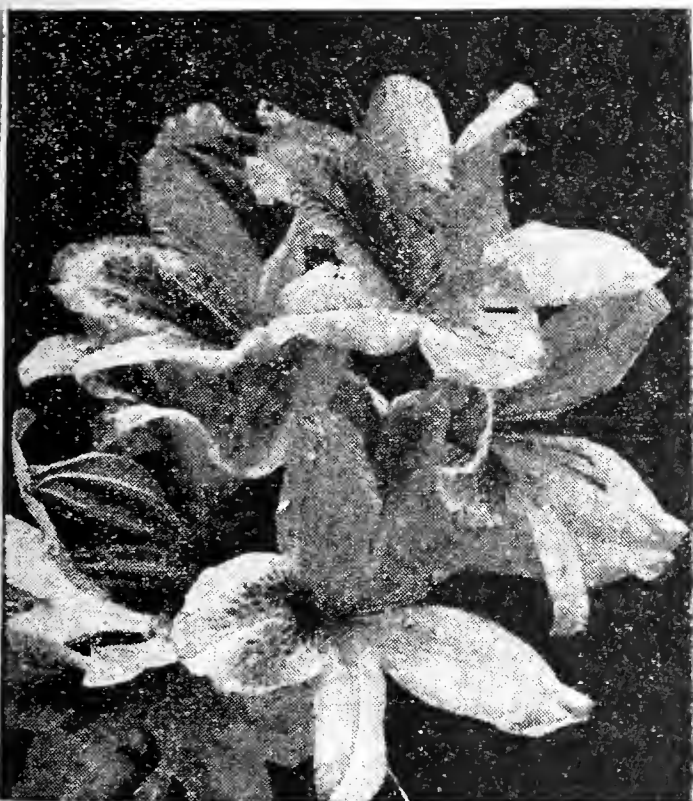

New—Chaste Tree—Rare

(Vitex macrophylla — Large Leaved)

Here's the shrub gardeners everywhere are looking for. Lovely lavender-blue flowers—a color rather rare in hardy shrubs. Blooms from July till frost. Succeeds anywhere; grows 6 feet tall. Heavy, 3-year-old specimens, 2-3 ft. high, 95c each; 3 for \$2.50.

BROADLEAF EVERGREEN SHRUBS and associating shrubs, such as Azalea, Daphne and Spurge, grow best in an acid soil. This condition can be induced by application of Aluminum Sulphate, one-half to one pound, or Sulphate of Ammonia, one to three pounds, sprinkled evenly over a square yard of surface and spaded in. Don't allow them to become over-dry.

INSTRUCTIONS FOR ORDERING

LOCATION. Bridgman, Berrien County, Michigan. The World's Largest Fruit Plant Center.

ORDER BLANK. Be sure to use Order Blank and Return Envelope provided. It prevents errors and insures prompt attention. If you do not have an Order Blank, you may order by letter.

ORDER EARLY. By ordering early you will find us with a full line of stock, and your order will be shipped when you want it, with no chance of delay. Early cash buyers receive a Liberal Gift Planting. Be one of them. (See page 2 for details.)

TERMS. 10 per cent discount on all orders accompanied by cash in full, except Special Bargain Offers or Special Quotations, which are net. C. O. D. Express or Parcel Post shipment if you prefer. (See page 3 for full details).

CLAIMS. All claims covering condition of arrival, shortage or errors, must be made within 5 days after arrival. If stock arrives in bad condition, be sure to furnish signed statement from express agent or postmaster, showing extent of loss or damage. All claims will be taken care of under the terms of our Guarantee printed on page 19. Claims not made in accordance with the terms and conditions of this paragraph cannot be considered.

EXPRESS AND PARCEL POST SHIPMENTS. On express shipments, be sure there is an express office at destination you give. When ordering by Parcel Post be sure to follow our instructions below at right.

If the size or weight of the bundle is too great to comply with Parcel Post requirements, or contains nursery stock difficult to handle by parcel post, we reserve the right to change the routing to express; but in all such cases, any money advanced for the payment of postage will be immediately refunded to customer. Do not ask us to send 5 to 6 ft. or 6 to 7 ft. fruit trees by parcel post, as in order to meet parcel post requirements these trees must be cut back so far that they are very likely to be injured. If you insist on parcel post delivery of these large sizes, we cannot be held responsible for damage to trees.

Express shipments of nursery stock now travel at 2nd class rates, making charges on all packages and bundles about 25% cheaper than formerly.

HOW TO REMIT FOR YOUR ORDER: 1.—By postal money order. This can be purchased at your postoffice, or if you live on a rural delivery route, carrier will attend to sending it for you and bring you the receipt. 2.—By registered mail. In this way you enclose the money itself with the order, taking the Government's receipt, which is your protection. 3.—By express money order. Can be bought at any express office. 4.—By personal or cashier's check. Make it payable to The Whitten-Ackerman Nurseries. Money Orders Preferred.

Do not send cash unless you register your letter. Cash or stamps when sent by ordinary mail are likely to be lost, in which case we are not responsible. We do not pay duty to foreign countries. Please Do Not Send Postage Stamps.

BARGAIN COLLECTIONS—Cannot be Altered, Divided or Changed in Any Manner; Neither Can They be Shipped C. O. D. for Purchase Price, as They are for Cash With Order Only, and are Priced Net, Subject to no discount or Free Plant Offer.

SUBSTITUTION. In ordering be sure to state whether or not we shall substitute some other variety in case the kind ordered is exhausted. If not forbidden, we reserve the right to substitute some similar variety of equal or greater value, but will always label substitutes true to name.

FALL SHIPMENTS. Our stock is fully matured by October 1st, and to southern customers or others wishing to plant in the fall, we can make shipment during October and November.

ACKNOWLEDGMENTS. Orders acknowledged same day received, and shipped in season or as per instructions you give.

Parcel Post Rates

Use for orders over \$3.00, and for shipments into states where we do not advance postage. See note at right.

First locate the group of states in which you live, and it will then be easy for you to determine from schedule below the proper amount to allow for postage on your order.

Guarantee: We guarantee all of our nursery stock to be just as represented in our catalog; fully up to grade, of good quality, free from disease, and absolutely true to name; also to reach the customer alive, and in perfect growing condition. Furthermore, we will, at our option, either replace free of charge, or refund purchase price on any stock that arrives in bad condition; providing claim is made within five days from arrival of shipment, accompanied by a signed statement from the Express Agent or Postmaster at destination, showing extent of loss or damage. If any stock proves untrue to name it will, at our option, either be replaced free of charge, or purchase price will be refunded; but in no case will we be responsible for a sum greater than the original purchase price paid. Beyond this our liability ceases. It is understood and agreed between the customer and ourselves that the purchaser's order, and our acknowledgment of its receipt, shall constitute a mutual acceptance of the above terms and conditions.

The NEW PATENTED ROSES

Protected by
U. S. Patents

Permanent Wave.

Nigrette.

Permanent Wave A fine new Polyantha Hybrid; winner of Bagatelle Gold Medal in 1933—the highest award for a Rose. Always in bloom, the flowers come in great clusters, rosy pink with cerise edges, and the petals are beautifully waved. Grows 2 feet tall; fine for bedding or a hedge. Strong, 2-year, field-grown bushes, \$1.50 each; 6 for \$7.50, postpaid in U. S.

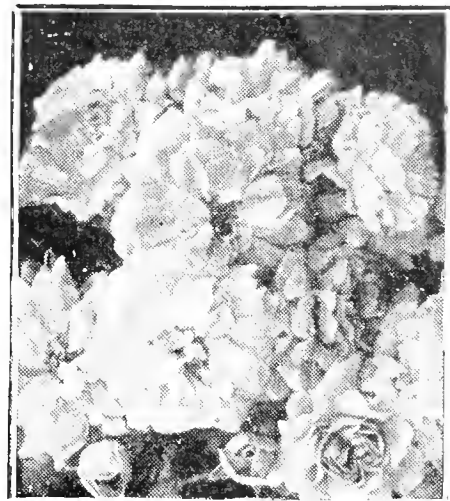

Princess Van Orange New. Sensational climber. The branches are literally covered with masses of orange-scarlet flowers in Polyantha like trusses. Strong grower with rich green foliage. Not an everbloomer, but flowers over a long period. Strong, 2-year, field-grown bushes, \$1.25 each; 6 for \$6.25, postpaid in U. S.

Better Times The brilliant cerise flowers are large, double, fragrant and freely produced on long stems; foliage is leathery, dark green. We consider this the finest Rose today. Strong, 2-year, field-grown bushes, \$1.50 each; \$7.50 for 6, postpaid in U. S.

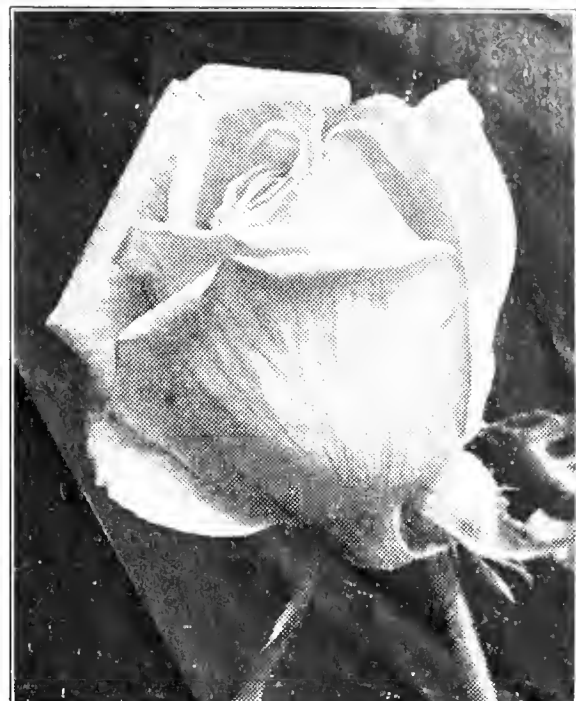

Nigrette Plant Patent No. 87 (The Black Rose of Sangerhausen). The flowers are medium size, deep maroon with blackish velvet sheen and quite fragrant. It is the darkest of Roses, appearing almost black in cool seasons. Continuously in bloom. Strong, 2-year, field-grown bushes, \$2.00 each; 6 for \$10.00, postpaid in U. S.

Better Times.

Princess Van Orange.

Countess Vandal.

Countess Vandal The most popular Rose in America as well as in Europe. A Hybrid Tea Rose with long, pointed buds and large, double blooms, richly fragrant. Lovely shadings in color—coppery bronze suffused with rich gold. Strong grower. Strong, 2-year, field-grown bushes, \$1.00 each; 6 for \$5.00, postpaid in U. S.

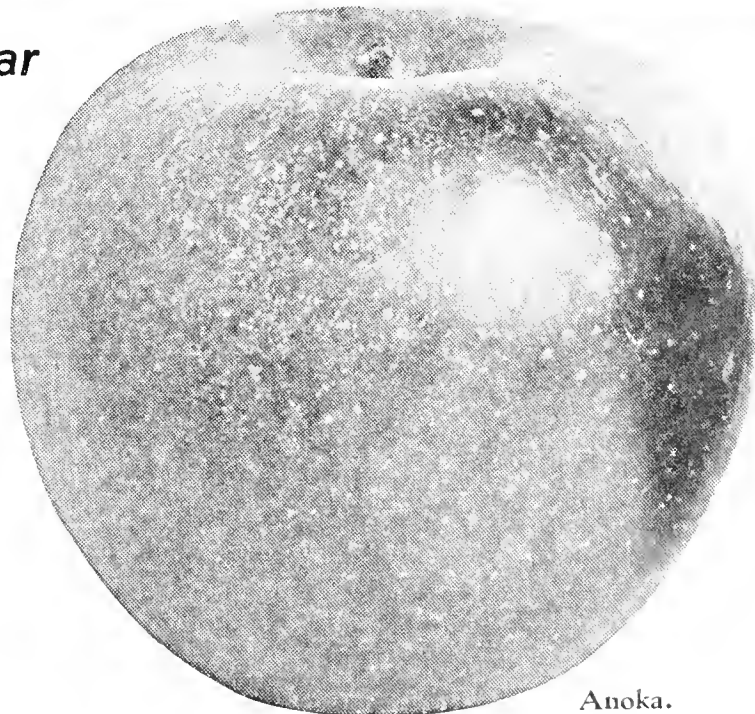

ANOKA

The Old Folks Apple

Bears in One Year
—No waiting
for fruit

The second year, big, full sized crop; earliest and heaviest bearing Apple. Hardy in all climates; never winter-kills. Can be grown anywhere in the United States. Ripens in August but can be used a month earlier. Apples are good sized, well formed, beautifully colored. Has proven to be one of the very best early summer Apples for all purposes.

Every home should have Anoka. One or two trees in your yard will furnish you a bountiful supply of fruit without long years of waiting.
